PITTSBURGH, November 14, 1902.

MR. W. C. GEARING,

Clerk of Common Council:

DEAR SIR:—Please call a special meeting of Common Council for Monday, November 17, 1902, at 7:30 o'clock P. M., for the purpose of taking up business from the Committee on Corporations, and such other business as may properly come before Councils.

Yours respectfully,

C. S. CRAWFORD,
President.

Which was read and received.

Present—Messrs.

Armstrong	Hogue	Reltz
Baldauf	Hughes	Rodgers
Barker	Jack	Sahner
Barr	Lamb	Schad
Beckert	Lauler	Schuck
Beehner	Leslie	Semmelrock
Bole	Lewis, David	Shearer

Crawford, C. S., President.

Absent—Messrs.

Schwarzwaelder Wymard Zeuger
Shaw

On motion of Mr. Lamb the reading of the minutes of the previous meeting was dispensed with.

Mr. McNeil presented

From the Committee on Corporations with an affirmative recommendation

C. C. Bill No. 638. An Ordinance entitled "An Ordinance granting unto the Pennsylvania Railroad Company, its successors, lessees and assigns, in the construction, maintenance and use of a branch running from its main line near Fifth avenue to the Western Pennsylvania Railroad, the right to cross Hamilton avenue, Kelly street, Frankstown avenue and Lincoln avenue by overhead bridges, to pass underneath Larimer avenue, and to build a bridge to carry Larimer avenue over said branch."

Which was read
Also

C. C. Bill No. 639. An Ordinance entitled "An Ordinance to authorize and direct the proper officers of the City of Pittsburgh, in the name and on behalf of said city, to enter into and execute an agreement with the Pennsylvania Railroad Company defining and fixing the manner, terms and conditions upon which certain of the Highland Park and adjoining property of said city may be used and occupied by said railroad company in the construction, maintenance and use of a branch of its railroad running from its main line to the Western Pennsylvania Railroad and connecting with the Allegheny Valley Railroad, providing therein for an exchange of properties between said city and said railroad company."

Which was read.

Mr. Woods moved

A suspension of the rule to allow the second and third readings and final passage of the bills.

Upon which motion Mr. Armstrong demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

Ayes—Messrs.

Barker	Hughes	Schad
Beckert	Jack	Shearer
Beehner	Lamb	Soffel
Bole	Lauler	Sterrett
Bonini	Lewis, David	Stevenson
Crawford, D F	Martin	Walls
Delaney	Nichols	Woods
Fitzpatrick	O'Brien, Thos.	

Crawford, C. S., President.

Noes—Messrs.

Armstrong	Hogue	Rodgers
Baldauf	Leslie	Sahner
Barr	Lewis, John	Schuck
Brand	Moore	Semmelrock
Brown	McNally	Sheehan
Cavett	McNeil	Wasson
Cross	O'Brien, M E	West
Edwards	Reltz	

Mr. Wasson before announcing his vote said:

Mr. President, in recording my vote upon the suspension of the rules in order that these ordinances may be placed upon second and third readings and final passage, and in order that my action be perfectly understood, I wish to state that personally I am in favor of granting the franchises under the provisions as set forth in the ordinances, believing that the improvement is a public necessity, but the ordinances do not become public property until to-night, and I believe the public should have some time in which to consider the matter, therefore I am opposed to taking final action at this time.

And the ayes were 24, noes 23.

So the motion did not prevail.

Mr. Wasson moved

A suspension of the rule to allow the second reading of the bill.

Mr. Leslie arose to a point of order; that, as there was a motion made for a suspension of the rule and voted down, it was not in order for a second motion for a suspension of the rule.

The Chair decided the point of order not well taken; that the first motion to suspend the rule carried with it the reading of the bills a second and third times and final passage, whereas the second motion carried the bills only to second reading, and that it was entirely a new motion.

Mr. Armstrong demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Baldauf	Jack	Sahner
Beckert	Lamb	Schad
Beeliner	Lauler	Schuck
Bole	Lewis, David	Shearer
Bonini	Martin	Soffel
Brown	McNeill	Sterrett
Crawford, D F	Nichols	Stevenson
Delaney	O'Brien, M E	Walls
Fitzpatrick	O'Brien, Thos	Wasson
Hughes	Reitz	Woods

Crawford, C. S., President.

NOES—Messrs.

Armstrong	Edwards	McNally
Barker	Hogue	Rodgers
Barr	Leslie	Semmelrock
Brand	Lewis, John	Sheehan
Cavett	Moore	West
Cross		

Before the announcement of the vote Mr. Barker asked and obtained leave to change his vote from no to aye.

And the ayes were 32, noes 15.

So the motion did not prevail.

Mr. Stevenson moved

That Council as a committee meet at the corner of Hamilton and Fifth avenues on Wednesday at 2 o'clock P. M. for the purpose of going over the proposed route of the proposed Brilliant branch of the Pennsylvania Railroad.

Mr. Armstrong moved to amend

And that the railroad company be requested to have engineers there and furnish each member with a blue print of the proposed railroad.

Mr. Leslie moved to amend

And that the Clerk furnish each member with a copy of the bills.

Mr. Stevenson stated he was willing to accept the amendments.

And the motion with the amendments was adopted.

Also

C. C. Bill No. 640. An Ordinance entitled "An Ordinance granting certain rights, privileges and franchises to the Pittsburgh, Carnegie and Western Railroad Company, its lessees, successors and assigns."

Which was read.

Mr. Reitz moved

A suspension of the rule to allow the second reading of the bill.

Upon which motion Mr. Leslie demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Baldauf	Jack	Sahner
Barker	Lamb	Schad
Beckert	Lauler	Schuck
Beeliner	Lewis, David	Shearer
Bole	Martin	Soffel
Brown	McNeill	Sterrett
Crawford, D F	Nichols	Stevenson
Delaney	O'Brien, M E	Walls
Fitzpatrick	O'Brien, Thos	Wasson
Hughes	Reitz	Woods

Crawford, C. S., President.

NOES—Messrs.

Armstrong	Edwards	McNally
Barr	Hogue	Rodgers
Bonini	Leslie	Semmelrock
Brand	Lewis, John	Sheehan
Cavett	Moore	West
Cross		

AYES—31.

NOES—16.

So the motion did not prevail.

Mr. Leslie moved

That the representatives of the Pittsburgh, Carnegie and Western Railroad Company be notified to appear at the next meeting of Council and bring all plans of the proposed railroad within the city limits for the purpose of giving Councils some information and an explanation of the route.

Mr. Reitz moved to amend

And that Council as a Committee meet at the corner of Smithfield and Carson streets on Friday the 21st day of November, 1902, at 2 o'clock p. m. for the purpose of going over the route of the railroad.

Mr. Stevenson moved to amend

And that the clerk furnish each member with a copy of the bill.

Which motion with the amendments was adopted.

Mr. Schad presented

No. 761.

To the Honorable, the Select and Common Councils of the City of Pittsburgh:

GENTLEMEN:—

Your petitioner respectfully sheweth:

That, on or before the 28th day of February, 1896, it purchased from M. L. Gardner, a vacant lot averaging 44x105 feet, on Center avenue, corner of Watt street, Thirteenth ward, Pittsburgh, and at once began preparations to erect a

church edifice, and which was completed and occupied in due time, and has been in actual use for strictly church purposes ever since.

That all taxes before said date were fully paid and discharged.

That, although, by the laws and Constitution of this State, the petitioners' said property is exempt from taxation, nevertheless, at No. 201 December Term, D. T. Docket, 1897, the City of Pittsburgh caused a lien to be filed for the sum of \$22.22 for the year 1896, against the said property (as more fully shown in the annexed Exhibit "A"), and has lately, at No. 43 December Term, 1902, caused a Sci. Fa. thereon to be issued to revive the same, etc.

Your petitioner therefore showing the same to be an error, illegal and unjust, respectfully prays that an exoneration from said claim and taxation may be granted, and that the said claims may be satisfied, settled and discontinued.

And we will ever pray, etc.

THE RECTOR CHURCH WARDENS AND
VESTRYMEN OF ST. PAUL'S CHURCH,
LACEYVILLE.

City of Pittsburgh. } ss.:
County of Allegheny.

Personally appeared G. C. Howard, who, being duly sworn according to law, doth depose and say that the facts set forth in the foregoing petition are true and correct.

G. C. HOWARD,
Senior Warden.

Sworn and subscribed before me this
12th day of November, 1902.

W. C. GEARING,
Assistant City Clerk.
Exhibit "A."

The City of Pittsburgh

UNFINISHED BUSINESS OF SELECT COUNCIL.

Mr. Leslie called up

Resolutions S. C. Nos. 293, 296, 298, 299 and 300.

Which in Common Council November 10, 1902, were referred to the Department of Public Works, that the proper officers be notified to appear before Council at its next meeting to give an explanation. The resolutions being for the payment of costs of lowering water lines, and Mr. Shepherd, Superintendent of the Bureau of Water, being present.

Mr. Leslie moved

That he be heard in the matter, and Mr. Shepherd explained the cause for the bills, that in the grading, paving and curbing of streets it is often necessary to lower the water lines for the reason that the lines are old lines, and they are not laid in conformity with the grades of the streets at the present time, that he has no record of how the water lines are that were laid prior to 1885, but since that time they have a complete record.

The Chair presented

No. 768.

PITTSBURGH, November 17, 1902.

To the President and Members of Common Council:

GENTLEMEN:—

In referring to the accompanying five resolutions for issuing warrants in favor of Booth & Flinn, Limited, and J. E. Walsh, for various amounts for lowering water pipe lines on different streets. I herewith return the resolutions as to the circumstances which incurred the indebtedness shown by the different accounts.

In connection with resolution S. C. 293, authorizing the issuing of a warrant in favor of J. E. Walsh for the sum of \$117.31 for lowering of water pipe on Forbes street, I have to say, that this work was done in connection with the laying of 12" main along Dithridge street, at a point of connection with the existing 12" main laid on the north sidewalk of Forbes street. When the excavation had been made at Forbes street and Dithridge street, preparatory to making the connection between the two mains, the gas pipe of the Philadelphia Company was found to be directly in the way of the making of such connection. They were called upon to either raise or lower their main, so that we could join on to the city main. This they declined to do and as our line was entirely useless until such connection could be made and was very much needed, I decided to lower our main on Forbes street so we could pass under the Philadelphia Company's main and make the connection. This work was not included in the contract and the contractor, J. E. Walsh, claimed extra for doing it. The work was done under our direction, and the time kept by our inspector and the charge has been certified to as being a fair and reasonable one.

In regard to resolution S. C. 296, authorizing the issuing of a warrant in favor of Booth & Flinn, Limited, for the sum of \$100.11 for the lowering of a water pipe on McDevitt place, would say that when this line was laid in 1893, the street had not been graded and the grade line established at that time showed that to reach the street grade a depth of from 4½ to 5 feet of excavation was required for the greater part of the distance between McDevitt place and Hamlet street. This would make from 8 to 9 feet of depth for trench for the water pipe, and it was thought advisable at the time to lay the water pipe at an average depth of 4½ feet, and lower it when the street should be graded, as the excavation was in mostly hard shale rock. This lowering work was done by force account, plus 10 per cent. on the amount of labor involved in doing it, and being rock excavation cost about 48c per foot.

In regard to S. C. 298, authorizing the issuing of a warrant in favor of Booth & Flinn, Limited, for the sum of \$246.05 for lowering water pipe line on Carver street, would say that the water pipe on this street was laid in 1885. No grade was established on the street until 1893. The pipe when laid was laid at the usual depth, which is below the frost line, therefore, when the grade was established there was a certain amount of excavation necessary which brought the pipe to a point where it was not deep enough, and therefore necessitated it being lowered. The lowering was done at a fixed price of 35c per foot.

In regard to S. C. 299, authorizing the issuing of a warrant in favor of Booth & Flinn, Limited, for the sum of \$92.75 for lowering water pipe line on Rodman street, would say that the water line on this street was laid in 1885, the street grade line was not established until 1896, the pipe was therefore laid at the usual depth below the frost line, and when the street was graded the pipe line became shallow and had to be lowered, which was done at a fixed price of 35c per foot.

In regard to S. C. 300, authorizing the issuing of a warrant in favor of Booth & Flinn, Limited, for the sum of \$523.44 for the lowering of water pipe on Alameda street, I would say that this water pipe line was laid at the usual depth below the frost line, and when the grade of the street was established the water pipe was exposed, owing to the amount of cutting and had to be lowered. The work was done by force account, plus 10 per cent. on the amount of labor involved in doing it, the excavation being in hard shale rock at an average cost of 50.8c per foot.

Yours respectfully,

J. GUY MCCANDLESS,

Director of Department of Public Works.

Which was read, received and filed.

Mr. D. F. Crawford moved

That further action upon the resolutions be indefinitely postponed.

Which motion did not prevail.

Mr. Leslie moved

A suspension of the rule in order that the bills may be placed on second and third readings and final passage.

Which motion prevailed.

UNFINISHED BUSINESS OF COMMON COUNCIL.

C. C. Bill No. 381. An Ordinance entitled "An Ordinance requiring the erection, equipment and maintenance of standpipes in buildings and regulating the same for the better protection of life, limb and property in cases of fire."

In Common Council October 27, 1902. Read a first time.

In Common Council November 10, 1902. Read a second time. Amended in Section 8 by inserting April 1, 1903, where date was blank.

Which was read as amended.

Mr. Wasson moved

That the bill be amended by adding a new section to be known as Section 9 as follows:

Section 9. That this Ordinance shall not be construed as to apply to any building or structure that has been heretofore and is now equipped with such overhead sprinkler system, as is or has been approved by the board of fire underwriters. And by making Section 9 ("Repealing Section") read Section 10.

Which motion prevailed.

Mr. Reitz moved

To amend the bill in Section 1, page 3, line 23, by striking out the word "steam" and inserting in lieu thereof the word "force," and by adding after the word pump the words "of sufficient capacity."

Which motion prevailed.

And the bill as amended was laid over for reprinting.

The Chair took up from the desk

S. C. No. 432.

CITY RECORDER'S OFFICE.

PITTSBURGH, November 20, 1902.

To the Select and Common Councils of the City of Pittsburgh:

I respectfully return herewith, without my approval, Resolution S. C. No. 426. In which the Attorney General of the Commonwealth is "requested to grant the citizens of the Thirteenth ward of the city the use of the name of the Commonwealth in a bill in equity to be by

them filed to test the legality of the erection of the new Municipal Hospital."

The question which it is proposed to raise by bill in equity is not an open question. It has already been decided by the Supreme Court of the State that those in charge of any hospital have the right to increase their hospital facilities by enlarging their buildings, or erecting new buildings, on a site already occupied and used for hospital purposes. This is what the city is now undertaking to do.

I do not think that the City of Pittsburgh should ask the Attorney General to disregard the decision of the Supreme Court by granting his consent to the use of the name of the Commonwealth in a proceeding to set aside a contract deliberately made by the City of Pittsburgh—especially a contract for such an improvement as the one now contemplated for which there is an imperative demand by the public.

Respectfully submitted,

J. O. BROWN,

City Recorder.

S. C. No. 433.

CITY RECORDER'S OFFICE,

PITTSBURGH, November 20, 1902.

To the Select and Common Councils of the City of Pittsburgh:

I respectfully return herewith, without my approval, Resolution S. C. No. 427, which authorizes and directs the City Solicitor "to withdraw the objections of the City of Pittsburgh, by him filed with the Attorney General against the granting the use of the name of the Commonwealth" in a bill of equity to be filed by citizens of the Thirteenth ward to restrain the city from proceeding with the erection of a Municipal Hospital in said ward, and further authorizes and directs the Director of the Department of Public Safety "to have the work on the new hospital buildings suspended until the legality of the erection of said hospital be determined by the Courts."

The City of Pittsburgh, by its duly constituted authorities, provided a fund for the erection of this hospital and directed the City Recorder and the Director of the Department of Public Safety to advertise for bids and award a contract for the erection of the same. The contract has been awarded, and the contractors are now at work on the ground, endeavoring to carry out the provisions of their contract. The City of Pittsburgh has no right to throw obstructions in their way, by suspending work, or otherwise, and should it undertake to do so it would, of course, subject itself to a suit for damages by the contractors.

The matter is now before the Attorney General on a petition of certain citizens of the Thirteenth ward. If, in the opinion of the Attorney General, the question be a proper one to present to the courts, I have no doubt that he will consent to the use of the name of the Commonwealth in the proposed equity proceeding.

Permit me to say further that I am informed that the very question which the Thirteenth ward citizens propose to raise in their bill in equity has already been decided by the Supreme Court of the State adversely to their contention and that it would be useless to contend in court now, in the face of the decision of the Supreme Court to the contrary, that the City of Pittsburgh cannot enlarge its hospital accommodations on a site which it has owned, occupied and used for more than twenty-five years for the very purposes for which it is proposed to use the buildings now under contract. The necessities of the public demand that the hospital facilities be enlarged, and that the work be done speedily.

I am unable to see how such equity proceeding as is proposed can result in anything but delay, and I am unwilling that the City of Pittsburgh should deliberately make itself a party to such delay.

Respectfully submitted,

J. O. BROWN,
City Recorder.

The Chair presented

No. 790.

To the Honorable, the Select and Common Councils of the City of Pittsburgh:

Whereas, It has come to the notice of the members of the Colloquium that the Councils are now deliberating upon the request of certain railroad corporations for land and track privileges in the heart of the city; and

Whereas, We believe that the granting of such land and track privileges would seriously and permanently prevent the highest development of the City of Pittsburgh as a commercial and social center; and

Whereas, We feel that the city has now attained a size and importance which demand that radical changes in its physical geograph shall no longer be made by haphazard or by piecemeal, but only under some comprehensive scheme of civic development, which shall include within its scope, not only the questions of better railroad facilities and justice to our important river trade, but also the questions of safe and convenient rapid transit, proper accommodations for the retail shopping district, the preservation of our historic landmarks, and the multiplication of open park spaces for the health and enjoyment of the people: therefore be it

Resolved, That we, the members of Colloquium respectfully urge upon your honorable bodies that no action favorable to these requests be taken until some general plan for the improvement and beautifying of Pittsburgh as a commercial and social center shall have been determined upon.

CAROLINE MORRIS GAULT,
MRS CHALMERS MARTIN,
MRS. HUGH RICHARD DAVIS, } Committee.

THE CIVIC CLUB OF ALLEGHENY COUNTY,
516 Market street Pittsburgh, Pa.

Resolutions adopted by the Civic Club of Allegheny County, October 28th, 1902.

To the Honorable, of the Select Council of the City of Pittsburgh:

The Civic Club of Allegheny County respectfully submit the following resolutions

Whereas, The rapid expansion of business in the cities of Pittsburgh and Allegheny, and the resultant increase in population in both cities and the surrounding districts demands more accommodations in the downtown district; and

Whereas, The principle business portion of the City of Pittsburgh is that part known as the "Point" and said "Point" on account of its peculiar situation is especially contracted;

Resolved, That we, the members of the Civic Club of Allegheny County pray your honorable body to prevent further congestion in this portion of our city. And we do specially protest against the passage of the four special railroad ordinances recently presented to your honorable body, respectfully suggesting that the freight stations and terminals with their necessary traffic, could be more suitably placed where they would not discommode the inhabitants of the entire community.

FELICIA ROSS JOHNSON,
Sec. Pro Tem.

LAWRENCEVILLE NEW CENTURY CLUB,
November 7, 1902.

To the Honorable Councils of the City of Pittsburgh:

Plans having been made and presented to Councils embodied in four Special Railroad Ordinances which will involve radical changes in our city and materially affect its future.

Resolved, That we, the members of the L. N. C. Club, do hereby protest against the passage of the aforesaid ordinance. We do protest against the sacrifice of any part of Highland park for railroad purposes and against any injury to the boulevard of the city. Also, we do protest against the heavy burdens which would be laid upon the taxpayers of our city by the contract wherein the city assumes all liability for damage or injury to property resulting from such an innovation.

Also, we do protest against the cession of valuable city property without adequate compensation.

Resolved, That we do petition your honorable bodies to reject the aforesaid ordinances and to take such action as

will protect the interests of the citizens and taxpayers threatened by the same.

Respectfully submitted,

MISS K. NEWMONT,
Cor. Sec.

Whereas, It has come to the notice of the New Era Club of Western Pennsylvania that ordinances are now pending in our City Councils, the passage of which would grant to certain private corporations rights and privileges which would greatly increase the already seriously congested condition of the downtown portion of our city; and

Whereas, We believe the granting of such privileges—especially that giving the Pennsylvania Railroad Company the right to lay its tracks along Duquesne way—would be inimical to the best interests of our city; therefore be it

Resolved, That we respectfully petition our Select and Common Councils not to pass the ordinances referred to.

Resolved, That a copy of this resolution be sent to said Councils.

The foregoing resolutions were passed by the New Era Club of Western Pennsylvania at a regular meeting of said club held on October 22nd, 1902.

MRS. WILLIAM LEATHERMAN,
Corresponding Sec'y.

Copy and the original having been sent to Clerk of Select Councils.

THE BUSINESS WOMEN'S CLUB,
No. 610 ARCH ST.,
ALLEGHENY, PA.

Resolutions adopted by the Business Women's Club of Allegheny, November 7th, 1902.

To the Honorable, the Select Council of the City of Pittsburgh, Pa.:

Whereas, The proposed ordinances presented to Councils by the Pennsylvania railroad asking for the privilege of encircling the lower part of Pittsburgh with elevated tracks would seriously jeopardize the free and necessary intercourse between the two cities and would be therefore detrimental to the best interests of Greater Pittsburgh and its growth and future importance.

We, the Business Women's Club of Allegheny, residents of Allegheny and prospective residents of Greater Pittsburgh, do earnestly protest against the granting of such privileges to said railroad, and we do petition your honorable body to refuse to sanction any encroachment which would interfere with the convenience of the general public.

MARY Y. WHFELEK,
Secretary.

WOMAN'S CLUB,
BEN AVON, PA.

MISS SOPHIA G. KEENAN,
Chairman Ordinance Committee,
DEAR MADAM:—

The Woman's Club of Ben Avon, at their last meeting unanimously indorsed the resolutions adopted by the Twentieth

Century Club of Pittsburgh, October 21st, 1902.

MRS. JAMES F. HUDSON,
Corresponding Secretary.

November 11th, 1902.

WOMAN'S CLUB OF WILKINSBURG.

WILKINSBURG, PA., Nov. 13, 1902.

To the Twentieth Century Club of Allegheny Co.:

The Woman's Club of Wilkesburg at its meeting November 11th, heartily indorsed the resolutions adopted by the Twentieth Century Club.

To be presented to the honorable, the Select and Common Councils of the City of Pittsburgh.

We believe this is all that you desired and hope the action is not too late to be of benefit to the object sought.

Very respectfully,

MISS MARY M. HENNING,

Corresponding Secretary.

THE TOURISTS.

November 4th.

TWENTIETH CENTURY CLUB.

"The resolutions adopted by the Twentieth Century Club" were read before "The Tourists" yesterday. The motion that they should be indorsed by the club was made, seconded and carried. Enclosed please find resolutions.

FLORENCE MCK. EWART,
Secretary.

To the Honorable, the Common Council City of Pittsburgh:

At the last regular meeting of the "Woman's Club of Pittsburgh" it was unanimously decided to indorse the resolutions presented to your honorable body by the Twentieth Century Club concerning the Pennsylvania railroad and Washash ordinances.

C. C. BLUMBERG,
Corresponding Secretary.

PITTSBURGH, November 21th.

Which was read received and filed.

The preamble to the bill was taken up and read as follows:

Whereas, The Pennsylvania Railroad Company is about to construct a branch from its main line to the Western Pennsylvania railroad, of the general character and in the general directions set out in the blue print, marked "Plan A," hereto attached and made part hereof, the route whereof will be substantially as follows:

Beginning at a point in the main line of the Pennsylvania railroad, where it crosses Fifth avenue; thence by a curve to the northeastward crossing over Hamilton avenue and Kelly street to a point in Frankstown avenue about sixty (60) feet west of Linden avenue; also beginning in the main line of the Pennsylvania railroad at the point where the same crosses over Dallas avenue; thence curving to the northwestward and crossing over Hamilton avenue and Kelly street and connecting with the curve first above described; thence by a tangent across Frankstown avenue to a point about thirteen hundred (1,300) feet north

of the same, where the line will curve to the westward to a point near Tennis street; thence by a tangent in a northerly direction nearly parallel with Beechwood avenue to a point about three hundred (300) feet south of Larimer avenue; thence curving to the eastward passing under Larimer avenue to a point about three hundred (300) feet north of the same; thence by a tangent nearly parallel with Beechwood avenue to a point about eleven hundred (1,100) feet south of the Allegheny Valley railroad; thence curving to the west and extending northwardly to and across the Allegheny river; also beginning at the said point about eleven hundred (1,100) feet south of the Allegheny Valley railroad and curving eastwardly to a connection with the said Allegheny Valley railroad about two thousand (2,000) feet east of Brilliant Pumping Station; together with a "Y" connection between said two lines last herebefore described near their junction in the vicinity of the Brilliant Pumping Station, all as shown on said blue print marked "Plan A."

And whereas, The construction of said branch will necessitate the use and occupation by said railroad company of certain of the park and other property of said city, which use and occupation are to be defined and fixed by an agreement to be entered into between said city and said railroad company, in accordance with the law in such cases made and provided; and will also necessitate the vacation by proper ordinances to be enacted by said city of the following streets and highways to the following extent:

(1) Vacation of Linden avenue from Hamilton avenue to the right of way of the Pennsylvania Railroad Company.

(2) Vacation of Formosa alley from Linden avenue for a distance of one hundred and forty-six (146) feet westwardly therefrom.

(3) Vacation of Linden avenue from a point one hundred and forty (140) feet north from Frankstown avenue to the northern end of Linden avenue, a distance of seven hundred and fifty (750) feet northwardly therefrom.

(4) Vacation of Angle alley from the north line of Lincoln avenue northwestwardly to the northern line of Lot No. 103 in George Finley's addition plan in the Twenty-first ward, approved December 11, 1893.

(5) Vacation between Angle alley and a point eighty (80) feet east thereof of an unnamed alley which runs from Tennis street to Angle alley, about one hundred and forty (140) feet north of Lincoln avenue.

(6) Vacation of Kirker alley from Tennis street to Angle alley.

(7) Vacation of Tennis street from a point two hundred and thirty (230) feet north from Lincoln avenue for a distance of about four hundred and fifty (450) feet to the northern terminus of the street.

(8) Vacation of Dagg alley from Tennis street to Lyric street.

(9) Vacation of Lyric street from Montezuma street northwardly to the eastern line of property of the East End Gas Company.

(10) Vacation of Odessa alley from a point four hundred and sixty (460) feet north from Montezuma street for a distance of about three hundred and ten (310) feet to the eastern line of property of the East End Gas Company.

(11) Vacation of Rowan avenue from Park avenue to the eastern line of property of Alexander King estate.

And whereas, The construction of said branch will also necessitate some depression of the present grade on the ground of Hamilton avenue, and the City of Pittsburgh, in order to secure a better grade on Hamilton avenue, intends to depress the said present grade thereof as follows:

Beginning at the westerly curb line of Dallas avenue at the present elevation of two hundred and nine one-hundredths (200.09) feet (City Datum), ascending by a two (2) per cent. grade to the easterly curb line of Linden avenue at an elevation of two hundred and ten and sixty-nine one-hundredths (210.69) feet (City Datum); thence level across Linden avenue to the westerly curb line; thence descending by one and one-hundredths (1.01) per cent. grade to the easterly curb line of Fifth avenue at its present elevation of two hundred and four and eight one-hundredths (204.08) feet (City Datum).

Mr. Woods moved

That the preamble to the bill as read be approved.

Which motion prevailed.

Section 1 taken up and read as follows:

"Section 1. Be it ordained and enacted by the City of Pittsburgh, in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That on the terms and conditions hereinafter set forth, the right be and is hereby granted unto the said, the Pennsylvania Railroad Company, its successors, lessees and assigns, in the construction, maintenance and use of the said branch above recited, to construct, maintain and use over Hamilton avenue, Kelly street, Frankstown avenue and Lincoln avenue, iron or steel bridges, supported by masonry abutments, located within the property lines of said railroad company as follows:

"(1) Two (2) bridges over Hamilton avenue at a clearance of not less than thirteen feet over the proposed and above recited new grade of said Hamilton avenue.

"(2) A bridge over Kelly street at a clearance of not less than thirteen (13) feet over the present grade of said Kelly street.

"(3) A bridge over Frankstown avenue at a clearance of not less than thirteen (13) feet over the present grade of said Frankstown avenue.

"(4) A bridge over Lincoln avenue at a clearance of not less than fourteen (14) feet over the grade of Lincoln avenue, as now being constructed by the City of Pittsburgh.

"Also to construct, maintain and use said branch underneath Larimer avenue, as per attached plan, and for such purpose to build an iron or steel bridge to

carry Larimer avenue at the present grade thereof over said branch, said last named bridge to be located east of the easterly end of the present Larimer avenue bridge."

Mr. Woods moved

That Section 1 as read be approved.

Which motion prevailed.

Section 2 read as follows:

"Section 2. The rights hereinbefore granted are granted upon and subject to the following terms and conditions:

"(1) That in all cases where the City of Pittsburgh shall desire hereafter to open or extend any street, streets or highways across the right of way or tracks of said branch railroad, a bridge or passage way shall be constructed (in accordance with plans and specifications approved by the Department of Public Works) either below or above the grade of said branch railroad, and the said railroad company shall pay one-half of the expense of constructing and maintaining the same within the lines of the said railroad company's right of way or property.

"(2). Said railroad company shall pay the cost of the labor and materials necessary for depressing Hamilton avenue, as hereinbefore recited, and for repaving said Hamilton avenue on said new grade between said recited points of depression.

"(3) Said railroad company shall, at its own expense, maintain said bridges over Hamilton avenue, Kelly street, Frankstown avenue and Lincoln avenue, and said bridge to be built by said railroad company to carry Larimer avenue over said branch, and shall also maintain any bridges which may hereafter be constructed as aforesaid below the grade of said branch railroad within its right of way."

Mr. Woods moved

That Section 2 as read be approved.

Which motion prevailed.

Section 3 read as follows:

"Section 3. The bridges mentioned in this ordinance shall be closely floored in such manner as to prevent the falling through the same of water or any substance or filth into the streets below."

Mr. Brand moved

That Section 3 as read be approved.

Which motion prevailed.

Section 4 read as follows

"Section 4. That bituminous coal shall not be used for fuel in locomotives of said road, but that coke or other non-smoke-producing fuel shall be used, and Councils hereby reserve the right to alter or modify this section so as to require the use of smoke consumers on said locomotives should the same in their judgment be to the advantage of the city.

"Provided, That for any violation of this section, said company, on conviction, shall forfeit and pay the sum of fifty (\$50.00) per day for each day that any locomotive is so improperly used. Said fine or forfeiture to be sued for before any alderman of the city, and be collectible as other fines and forfeitures are now

by law collectible, and it is hereby made the duty of the Ordinance Officer to cause the necessary information to be made whenever his attention shall be properly called to any violation of this section."

Mr. Wasson moved

To amend Section 4 by substituting the following:

"Section 4. That in the maintenance of said branch railroad and the operation of locomotives over the same, the said railroad company shall use such fuel or adopt such appliances for burning the same as will obviate smoke."

Upon which motion **Mr. Leslie** demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

The Chair presented

No. 793.

To the Common and Select Councils of the City of Pittsburgh, and their respective Committees on Corporations:

We, the undersigned owners of property on, and others having occasion to use, Carson street, do enter protest against the passage of Common Council Ordinance No. 640, entitled, "An Ordinance granting certain rights, privileges and franchises to the Pittsburgh, Car-

negle & Western Railroad, its lessees, successors and assigns," for the following reasons:

First: Carson street, from a point opposite Ferry street, where said railroad will intersect the same in the Thirty-third ward, to a point opposite the property formerly of Robinson-Rea, in the Thirtieth ward, is very narrow, being only thirty (30) feet in width between the curb lines, and is now greatly traveled by persons, horses, wagons and street cars, and is the only thoroughfare, or outlet, for the people residing and having business in the valley on the south side of the Monongahela river, and the district know as the Hill Top, and is much congested therefrom. There is much heavy hauling over the street, and cars run thereon every few minutes. The construction of an elevated railroad on that street between these points will prove detrimental to the public interests and a serious inconvenience to persons having occasion to travel or drive over it. There will not be room for wagons to pass street cars. The hubs of wagons passing between the street railway track and the curb extend over the curb at the present time.

Second: The property between these points is very valuable and the construction of an elevated railroad thereon will almost entirely destroy its value for business and residences, and will greatly injure property lying in the vicinity of said street.

Third: There are other locations which the Pittsburgh, Carnegie & Western Railroad Company can adopt which will cause less public inconvenience and injuries, and we think the Councils of the City of Pittsburgh ought to refuse their consent to the occupancy of a street so valuable as Carson street; particularly in view of the fact that this elevated railroad will be a permanent structure, and consent having been once given, cannot be recalled.

Petition signed by 657 persons.

PITTSBURGH, PA., November 22, 1902.

MR. CHARLES. CRAWFORD,

President City Council, City:

DEAR SIR:—

The undersigned owners of property on Carson street earnestly protest against the passage of an ordinance giving certain rights to the Pittsburgh, Carnegie & Western Railroad Co., in front of our properties. It all is located directly on the street affected, and the construction of a railroad in front of our property will do a great damage. Carson street is one of the busiest in our city and at present is congested with traffic. Already one railroad is located in the rear of our property, being elevated to the third stories, closing out nearly all the light from that source, and if a railroad is constructed as proposed, it will shut out the light and prevent access to the fronts of our buildings.

We are advised that there are other ways by which the above railroad can enter the city and do little if any dam-

age to property and not affect the only outlet to the South Side.

Very truly yours,

JAMES M. BAILEY,
A. P. MILLER,
JACOB WISE,
J. R. PITTOCK,
H. E. WAINWRIGHT *et al*,
JOS. A. HALEY.

Which were read, received and filed.

Mr. Stevenson moved

To take up the bill *seriatim*.

Which motion prevailed.

Mr. Hogue moved

That Council adjourn.

Upon which motion Mr. Semmelrock demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

So the motion did not prevail.

Mr. Woods moved

That the title of the bill as read be approved.

Which motion prevailed.

Section 1 read as follows:

"Section 1. Be it ordained and enacted by the City of Pittsburgh, in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same. That the consent of the City of Pittsburgh is hereby given to the Pittsburgh, Carnegie & Western Railroad Company, its lessees, successors and assigns, to build, construct, maintain and operate a double track railroad, with such stations, terminals, switches, turn-outs, sidings and connections as may from time to time be necessary for the convenient transaction of business over and upon the following routes:

1st. From a point at the corner of Liberty avenue and Ferry street to a point on the city line in the Thirty-fifth ward, Pittsburgh, which from Liberty avenue to the tunnel portion shall be elevated.

2d. From a point on the north side of Second avenue about 80 feet west of Ferry street to a point of low water in the Allegheny river about 75 feet east of Fourth street, which structure shall be elevated.

3d. From a point on the main line south of Carson street, in the Thirty-third ward, Pittsburgh, to a point 100 feet east of South Twenty-fifth street, in the Twenty-fifth ward, Pittsburgh, connecting with the Monongahela Connecting Railroad, with the right to cross all streets on the line of said road within the city limits, hereby expressly authorizing said railroad company, its successors and assigns, to construct, maintain and operate over an elevated structure its railroad over and along West Carson and Carson streets, from the point of intersection of West Carson street with the center line of its main line in the Thirty-third ward to a point on Carson street opposite the property formerly of the Robinson-Rea Company, in the Thirtieth ward, Pittsburgh; subject, however, to the conditions, restrictions and limitations hereinafter set forth."

Mr. Stevenson moved

To amend the bill in Section 1, line 10, after the words, "following routes," by adding the following:

"The construction to be of the general character and in the general direction shown in plan and elevation on blue-print marked Exhibit 'A,' which is hereby made a part of this ordinance, viz.:"

Which motion prevailed.

Mr. Wasson moved

To amend in Section 1 by striking out Route No. 3, as follows:

"3d. From a point on the main line south of Carson street, in the Thirty-third ward, Pittsburgh, to a point 100 feet east of South Twenty-fifth street, in the Twenty-fifth ward, Pittsburgh, connecting with the Monongahela Connecting Railroad, with the right to cross all streets on the line of said road within the city limits, hereby expressly authorizing said railroad company, its successors and assigns, to construct and maintain and operate over an elevated structure its railroad over and along West Carson and Carson streets, from a point of intersection of West Carson street with the center line of its main line in the Thirty-third ward to a point on Carson street opposite the property formerly of the Robinson-Rea Company, in the Thirtieth ward, Pittsburgh; subject, however, to the conditions, restrictions and limitations hereinafter set forth."

Which motion prevailed.

Mr. Stevenson moved

That Section 1 as read and amended be approved.

Which motion prevailed.

Section 2 read as follows

"Section 2. The said company shall not in running trains or locomotives within the limits of the city adopt or permit a greater speed than four miles an hour where grade crossings exist."

Mr. Brand moved

That Section 2 as read be approved.

Which motion prevailed.

Section 3 read as follows:

"Section 3. Said company shall at all times hereafter be subject to such rules,

regulations and ordinances as may be passed and prescribed by the City of Pittsburgh as may be found necessary for the protection to persons and property of the citizens."

Mr. Wasson moved

That Section 3 as read be approved.

Which motion prevailed.

Section 4 read as follows:

"Section 4. The said company shall construct such passage ways and water courses as the Department of Public Works requires in the construction of said road."

Mr. Stevenson moved

That Section 4 as read be approved.

Which motion prevailed.

Section 5 read as follows:

"Section 5. That in the construction of their roadway, where the same shall cross any street, the said company, where the roadway is above or below the roadway of said streets, shall construct bridges over and across said streets to a span equal to the full width of said streets, with the privilege of erecting columns to support same on the curb line. That in the construction, where same crosses Water street, First, Second, Third, Fourth, Liberty and Penn avenues and Duquesne way and alleys intervening said avenues and streets, the bridges or arches shall be of the full width of the avenues, streets and alleys.

That wherever the crossings shall be over a street, it shall be by good and substantial stone or steel bridge with a clear height of not less than 14 feet, and be closely floored in such a manner as to prevent the falling of any substances, filth or water into the streets below. Where it becomes necessary to a proper crossing, to change the location or grade of any such streets, lanes, alleys, highways, etc., such changes shall be authorized by ordinance, and the whole cost thereof lawfully awarded shall be paid by the said railroad company. Where the railroad of said railroad company consists of an elevated structure, and is operated as an elevated railroad, the construction shall be of steel, supported by columns set at the curb lines of the streets traversed by said elevated structure, whose construction and height above the street shall be as hereinbefore provided in case of crossings. Provided, That the provisions relating to the crossing of Water street, First, Second, Third, Fourth and Liberty avenues and Duquesne way and intervening alleys shall remain as above provided."

Mr. Wasson moved

To amend the bill in Section 5, page 4, line 10, after the words, "shall be," by inserting the words, "located within the property lines of said railroad company and."

Which motion prevailed.

Mr. Leslie moved

To amend the bill in Section 5, page 4, line 5, by inserting after the word "streets" the words "and sidewalks."

Which motion prevailed.

Mr. Wasson moved

To amend Section 5, page 5, line 22, by adding after the word "columns" the words, "entirely upon the property of said railroad company," and by striking out the words "at the curb lines of the streets traversed by said elevated structure."

Which motion prevailed.

Mr. Leslie moved

To amend Section 5 by striking out lines 25, 26, 27, 28, which read as follows: "Provided, That the provisions relating to the crossing of Water street, First, Second, Third, Fourth and Liberty avenues, and Duquesne way and intervening alleys, shall remain as above provided."

Which motion prevailed.

Mr. Stevenson moved

That Section 5 as amended be approved.

Which motion prevailed.

Section 6 read as follows:

"Section 6. That before any construction work shall be done the said company shall submit to the Director of Public Works the plans and profile of the line, and the lines of all work contemplated to be done by them, and if the said Director shall be of the opinion that the plans and profile are in accordance with the requirements of this ordinance, he shall approve the same, or if he shall be of the opinion that they do not meet such requirements, he shall be empowered to make such modifications as he may deem necessary, and if said company shall not agree to perform the work as said Director shall approve, then the said company may appeal to the Committee of Public Works, whose decision shall be final and conclusive."

Mr. Stevenson moved

To amend by substituting the following:

"Section 6. The construction of the railroad and its appliances shall be under the supervision and inspection of the Director of the Department of Public Works, whose duty it shall be to control the construction thereof, so that it shall conform to the location and plan thereof, as approved by Councils, as provided in Section 1 hereof."

Mr. Leslie moved

To amend by substituting the following:

"Section 6. That the plans and profile of the line, and the lines of all work contemplated to be done by the Pittsburgh, Carnegie and Western Railroad Company shall be attached and made part of this ordinance. Said plans shall show every detail of the work, including the height of bridges, all elevated tracks, size of iron to be used, dimensions of columns and supports, their location, including all masonry. A copy of said plans shall be furnished the Department of Public Works, which Department shall have full charge of said work on behalf of the city, and disputes arising between said railroad company and the Director of Public Works in reference to doing the work shall be submitted to Councils, whose decision shall be final and conclusive."

After some discussion upon the bill

Mr. Leslie withdrew his motion and moved to amend **Mr. Stevenson's** motion by adding the following: "That all questions in dispute arising between said railroad company and the Director of Public Works in reference to doing the work shall be submitted to Councils, whose decision shall be final and conclusive."

The question on the amendment as amended being put.

The motion prevailed.

Section 7 read as follows:

"Section 7. That bituminous coal shall not be used for fuel in locomotives of said road, but that coke or other non-smoke-producing fuel shall be used, and Councils hereby reserve the right to alter or modify this section so as to require the use of smoke consumers on said locomotives should the same in their judgment be to the advantage of the city."

"Provided, That for any violation of this section, said company, on conviction, shall forfeit and pay the sum of fifty (\$50.00) dollars per day for each day that any locomotive is so improperly used. Said fine or forfeiture to be sued for before any alderman of the city, and be collectible as other fines and forfeitures are now by law collectible, and it is hereby made the duty of the ordinance officer to cause the necessary information to be made whenever his attention shall be properly called to any violation of this section."

Mr. Brand moved

That Section 7 as read be approved.

Which motion prevailed.

Section 8 read as follows:

"Section 8. That any property of the city taken and used by said company shall be paid for in like manner as similar property of private persons."

Mr. Leslie moved

That Section 8 as read be approved.

Which motion prevailed.

Section 9 read as follows:

"Section 9. For a violation of any of the provisions of this ordinance, the said company, or its employees responsible therefor, will be subject to a penalty of \$50 for each and every offense, and in case of a continuing offense, to a penalty of \$50 for each day the same may continue, to be recovered according to law."

Mr. Thomas O'Brien moved

That Section 9 as read be approved.

Which motion prevailed.

Mr. Stevenson moved

To amend the ordinance by re-numbering Sections 10 and 11, so that they shall be Sections 11 and 12, respectively, and inserting in the ordinance a new section, which shall be Section 10, which shall read as follows:

"Section 10. The city shall be indemnified, saved and kept harmless from all costs and damages arising from any matter or thing caused by the construction and operation of the railroad of said railroad company."

Mr. Leslie moved

To amend Section 10 by adding the following thereto:

"And said company further conditions to indemnify and save harmless the said City of Pittsburgh of and from any and all loss, cost, suits, damages and expenses in any manner arising from or connected with the use and occupation of any such streets, highways, lanes or alleys in said city by the railroad of the said railroad company."

Which motion did not prevail.

And the question recurring upon the motion of Mr. Stevenson it was decided in the affirmative.

Mr. Reitz moved

To amend the bill by adding a new section to be known as "Section 11" as follows

"Section 11. In consideration of the rights, privileges and franchises granted to said railroad company by the ordinance, the said railroad company shall pay to the City of Pittsburgh such reasonable compensation or tax therefor, or for the exercise thereof, as shall or may be hereafter duly fixed by a general ordinance applying to all railroad companies."

Which motion prevailed.

Section 10. The original section read as follows:

"Section 10. That said company shall within ninety (90) days after the passage and approval by the Recorder of this ordinance, file with the City Controller a duly certified copy of a resolution passed by the Board of Directors of said company, accepting and agreeing to this ordinance, in all its provisions and stipulations, and in case of failure so to do, this ordinance shall be void and of no effect."

Mr. Stevenson moved

That the section be amended to read "Section 12."

Which motion prevailed.

Mr. Leslie moved

To amend by adding a new section to be known as Section 13 as follows:

"Section 13. That said Pittsburgh, Carnegie and Western Railroad Company shall begin construction of railroad within 60 days from date of passage of this ordinance, and complete the same within two years."

Mr. McNeill moved

To amend by making it six years. Which motion did not prevail.

And the question recurring upon the motion of Mr. Leslie it was decided in the negative.

Mr. McNeill moved

To reconsider the vote by which Section 6 was approved.

Which motion prevailed.

And the question being on the motion to approve Section 6.

It was decided in the negative.

Mr. Lamb moved

To amend Section 6 by striking out "Councils" and inserting in lieu thereof "Committee on Public Works."

Which motion prevailed.

Mr. Stevenson moved

That Section 6 as amended be approved.

Which motion prevailed.

Mr. Stevenson moved

That Section 11, the repealing section be made to read "Section 13."

Which motion prevailed.

Mr. Stevenson moved

That the bill as read a second time and amended be agreed to.

Which motion prevailed.

The Chair presented

No. 794.

PITTSBURGH, November 24, 1902.

To the President and Members of Common Council of the City of Pittsburgh, Pa.:

GENTLEMEN:—

I do hereby tender this my resignation as a member of Common Councils from the Twenty-second ward to take effect as of this date.

Very respectfully yours,

WILLIAM S. WOODS.

Which was read.

Mr. Leslie moved

That the resignation of Mr. Woods be accepted.

Which motion prevailed.

Mr. Stevenson moved

That the Director of Department of Public Works be notified to give Council at its next meeting a written reason why he did not comply with Common Council Resolution No. 769 (which was as follows):

C. C. No. 769.

Whereas, It is publicly charged that Highland Reservoir No. 2, an important and expensive public improvement now nearing completion, is defective in construction, porous and unworthy; therefore, be it

Resolved, First, That the Director of the Department of Public Works, charged with the duty of representing the city and passing upon the character of the improvement, be and is hereby directed by Common Council to fill the reservoir with water to such height as he may deem safe, and to let the same stand without pumping into it a sufficient length of time to thoroughly test its resisting power, and to give Councils an opportunity to view and inspect it during that period.

Second, The said Director is further directed to keep a record of the height of the water daily, and report the same at the next meeting of Common Council.

Which motion prevailed.

Mr. McNeill asked and obtained permission to present

No. 795. Petition for the erection of two arc lamps on Atwell street, between Lincoln avenue and Charley alley.

Which was referred to the Department of Public Works.

Mr. Barker presented

No. 796. An Ordinance re-establishing the grade of Kearcher street from Greenfield avenue to a P. C. distance of 383.54 feet south from the south building line of Stanley street.

Which was referred to the Committee on Surveys.

And on Motion

The Chair took up

C. C. Bill No. 638. An Ordinance entitled "An Ordinance granting unto the Pennsylvania Railroad Company, its successors, lessees and assigns, in the construction, maintenance and use of a branch running from its main line near Fifth avenue to the Western Pennsylvania Railroad, the right to cross Hamilton avenue, Kelly street,

Frankstown avenue and Lincoln avenue by overhead bridges, to pass underneath Larimer avenue, and to build a bridge to carry Larimer avenue over said branch."

In Common Council November 17, 1902. Read a first time.

In Common Council November 24, 1902. Read a second time and agreed to.

Which was read.

Mr. Bole moved

That Council resolve itself into a committee of the whole for the purpose of further consideration of the bill.

Which motion prevailed upon a division of the vote; the ayes were 26; noes 13.

The Chair appointing Mr. Sahner as chairman.

The committee of the whole having arose.

Mr. Sahner reported the action of the committee to Council.

That the committee amended the bill by striking out Section 4.

"Section 4. That bituminous coal shall not be used for fuel in locomotives of said road, but that coke or other non-smoke producing fuel shall be used, and Councils hereby reserve the right to alter or modify this section so as to require the use of smoke consumers on said locomotives should the same in their judgment be to the advantage of the city.

"Provided, That for any violation of this section, said company, on conviction, shall forfeit and pay the sum of fifty (\$50.00) dollars per day for each day that any locomotive is so improperly used. Said fine or forfeiture to be sued for before any alderman of the city, and be collectible as other fines and forfeitures are now by law collectible, and it is hereby made the duty of the Ordinance Officer to cause the necessary information to be made whenever his attention shall be properly called to any violation of this section."

And by inserting a new section to be known as Section 8 as follows

"Section 8. In consideration of the rights, privileges and franchises granted to said railroad company by this ordinance, the said railroad company shall pay to the City of Pittsburgh such reasonable compensation or tax therefor, or for the exercise thereof, as shall or may be duly fixed by a general ordinance applying to all railroad companies."

And moved that Council concur in the amendments as made in the committee of the whole.

Which motion prevailed.

Mr. McNeill presented
No. 797.

To the Select and Common Councils of the City of Pittsburgh:

We, the undersigned owners of property abutting on Fifth avenue, between Penn avenue and Frankstown avenue, Twenty-first ward, Pittsburgh, do respectfully represent

That the City of Pittsburgh, by ordinances duly enacted, has made said Fifth avenue a part of the Boulevard system and fixed the width of that portion of the Beechwood boulevard, (otherwise known as Fifth avenue extension,) between Penn and Frankstown avenues, at eighty feet. That said City of Pittsburgh several years ago attempted to open said boulevard to the width of eighty feet but was restrained from so doing by the Pennsylvania Railroad making application for an injunction to restrain the city from opening said boulevard. That said boulevard would be a great benefit to the city, and we, your petitioners, insist upon the enforcement of this ordinance. This is a supplemental petition to the petition filed in Common Council November 24, 1902.

Mr. Soffel moved

That Council resolve itself into a Committee of the Whole for the purpose of further consideration of the bill.

Which motion prevailed.

The Chair appointing Mr. Sahnner as Chairman.

The committee of the whole having arose.

Mr. Sahnner reported the action of the committee.

The committee amended the bill by striking out Section 7.

"Section 7. That bituminous coal shall not be used for fuel in locomotives of said road, but that coke or other non-smoke producing fuel shall be used, and Councils hereby reserve the right to alter or modify this section so as to require the use of smoke consumers on said locomotives should the same in their judgment be to the advantage of the city.

"Provided, That for any violation of this section, said company, on conviction, shall forfeit and pay the sum of fifty (\$50.00) dollars per day for each day that any locomotive is so improperly used. And moved that Council concur in the amendments as made in the committee of the whole.

Which motion prevailed.

The bill having been read as amended.

Mr. Leslie arose to a point of order.

That the bill having been amended by striking out a section, the sections following had to be renumbered and would cause the bill to be laid over for reprinting.

The Chair decided the point of order well taken.

Mr. Stevenson called up

C. C. No. 769. Resolution directing the Director of Department of Public Works to fill Reservoir No. 2 to such a height as he may deem safe, and to let the same stand without pumping into it a sufficient length

of time to thoroughly test its resisting power, and to keep a daily report of the height of the water and report the same at next meeting of Common Council.

And asked if the Director had made a report.

The Chair said he had and presented
No. 798.

PITTSBURGH, December 1, 1902.
To the President and Members of Common Council of the City of Pittsburgh:
GENTLEMEN:—

In compliance with resolution of Common Council No. 769 passed by your honorable body November 17, 1902, instructing me to have Highland Reservoir No. 2 filled with water to such a height as it may be deemed safe, I have the honor of submitting to you the following observations, herein after given, taken each day from November 1, 1902, to December 1, 1902. At this date we have twenty-three (23) feet eleven (11) inches of water, and it is our intention to fill the basin to its fullest capacity, namely, thirty (30) feet, which will be done without interrupting or interfering with our daily supply for the city.

When the reservoir has been filled to its capacity I will so inform you that you may have the opportunity to view and inspect the same.

Very respectfully,

J. GUY MCCANDLESS,
Director Department of Public Works.

PITTSBURGH, December 1, 1902.

To the Select and Common Councils of the City of Pittsburgh:

GENTLEMEN:

I have the honor to transmit to you the report of the committee who for many months have been investigating the congested condition of street railway travel of the City of Pittsburgh.

Their report, together with the correspondence, is submitted for your earnest consideration. I am sure there is no matter of greater immediate importance to the people of the City of Pittsburgh, unless it be the question of water supply and distribution.

Respectfully submitted,

J. O. BROWN,

City Recorder.

PITTSBURGH, PA., October 10, 1902.

J. O. Brown, Esq., City Recorder, Pittsburgh, Pa.:

Dear Sir:

Referring to your letter of March 8th, 1902, as Chairman of the committee appointed by you, I enclose herewith report and suggestions for your consideration.

As you are aware, the committee has no funds at its disposal for making even a proper estimate of the cost of these improvements, but from your letter I apprehend that you very properly consider this a matter to be taken up hereafter by the City Council and officers.

Submitting, therefore, this report, I remain,

Yours very truly,

REUBEN MILLER,
Chairman.

PITTSBURGH, PA., March 8, 1902.

Reuben Miller, Esq., Pittsburgh, Pa.:

Dear Sir:

I have appointed you a member of a committee to co-operate and consult with the Philadelphia Company and the Pittsburgh Railways Company, in compliance with a written request from the Philadelphia Company and the Pittsburgh Railways Company, dated February 24th, 1902, for the purpose of solving the problem of relieving the congested condition of travel upon the street railways of this city, either through the medium of the present railway system, or through some other system, or underground passenger railroads to the East End.

The points that I desire you to fully consider are set out in my answer to said Philadelphia Company and the Pittsburgh Railways Company, dated March 6th, 1902, a copy of which is hereby enclosed you, in order that you may fully understand the city's position on this all-important public matter.

Trusting that you will accept this appointment, I remain,

Very truly yours,

J. O. BROWN,
City Recorder.

PITTSBURGH, PA., March 8, 1902.

Hon. James H. Reed, President Philadelphia Company, and Hon. James D. Callery, President Pittsburgh Railways Company, Pittsburgh, Pa.:

GENTLEMEN:

I desire to acknowledge receipt of your communication, dated February 24th, 1902, stating:

First. That your companies have secured control of all elevated railway charters, all underground railway charters, and all surface street railway charters granted during the past year.

Second. That you desire the co-operation of the City Government in the study and solution of the congested condition of the street railways, and for securing ample accommodations for the rapidly increasing public traffic on street railways in the City of Pittsburgh.

Third. That you ask, in conformity with the platform of the Republican City Convention, that I, as City Recorder, appoint a committee to co-operate with your companies to solve the problem of relieving the congested conditions of travel upon the street railways of this city, either through the medium of the present railway system, or through some other system, or underground passenger railroads to the East End.

The purchasing and securing of these numerous charters and franchises gives your companies an absolute monopoly and control of all street traffic in Allegheny county for generations to come; and, therefore, the granting of additional franchises, from the city's standpoint, is a different proposition to the public than granting franchises to a company that would be in competition with the Philadelphia Company and the Pittsburgh Railways Company.

I am very desirous of co-operating with your people in giving the City of Pittsburgh the best street car service that it is possible to be obtained; and, therefore, accept your request to appoint a committee to co-operate with your companies in solving the problem of relieving the congested condition of travel, officially informing you that the city will, first, insist upon a guarantee of a reasonable return to the city for future street franchise ordinances granted; second, that if any part of the proposed additional service shall be elevated roads, that the ordinance must contain a protective clause for reasonable damages to all property injured by reason of said elevated railroad. This, in my judgment as City Recorder, is just and fair, especially to the small property holder who would be unable to defend himself in long-drawn-out and protracted damage suits. This question should be settled and agreed upon by your companies and a committee so appointed; third, your committee to take up and consider, and recommend larger and more extended terminal facilities in the territory below Grant street, so that cars in large numbers can rapidly make their loops and circuits without obstructing vehicles and public travel. The consideration of your companies and said committee should be purely for the good of the city, and the city will meet you half way upon the propositions above cited, and do every-

thing in its power to add to the public comfort and accommodation of our great and growing city.

Your proposition to furnish the necessary engineering force to submit blue prints and plans to the committee and the officers of your company is gladly accepted, and I trust that your company and the said committee may bring about a harmonious development of the street railway system of the City of Pittsburgh, protecting alike the city's financial interest, the property holder's rights and accommodating the traveling public.

Very respectfully yours,

J. O. BROWN,
City Recorder.

REPORT OF COMMISSION ON RAPID TRANSIT FOR THE CITY OF PITTSBURGH.

Pursuant to the foregoing, your Commission on Rapid Transit for the City of Pittsburgh, met, organized, and in the absence of any appropriation for expenses for engineers, etc., accepted the very kind offer of the Pittsburgh Railways Company to furnish engineering advice, plans and all available data.

The subject under consideration has been divided into two parts:

First: Immediate relief of congestion.

Second: Permanent relief, looking forward to a rapid suburban growth.

The Railways Company apparently realizes that, having practically a full control of the local street car traffic in two large cities, and their suburbs, must and will do all in its power for the rapid and comfortable transmission of passengers in every direction, and to this end it is proposed as follows:

To make Liberty street a dividing or base line, locating loops so that no cars, either north or south of this line, shall cross said Liberty street; excepting the belt lines, such as the Bloomfield and Fifth-Shady-and-Penn routes. The question, therefore, of changes which can be made within a reasonable limit of time, so as to relieve present congestion, is the only one upon which your committee will, at this time, make a report; leaving for further consideration the suggestions for permanent relief; and for the further reason that subject under part second is one which will require careful and extended investigation and study.

It might be well to say in passing, that this permanent relief will undoubtedly contemplate the early vacation of Liberty street by the Pennsylvania railroad; the construction of an elevated traction line on Liberty street, over its whole length out to Thirty-fourth street; the widening and occupation by surface tracks of Diamond and Virgin alleys, from Liberty street to Grant street, and Strawberry alley from Liberty street to Fountain and Tunnel street, and the widening of Cecil alley from Liberty street to Penn avenue, and High street from Grant street to Forbes street, and possibly the construction of a new fast express line from Second, Third and Fourth avenues, by bridge over the Panhandle Railroad tracks and yard, subway under Locust

street, elevated over Soho district, and further in a general direction eastward, via Forward avenue, to the south of Schenley Park, to or near Wilkinsburg.

For present relief, in respect to loops, your committee recommends as follows:

Cars coming in over Sixth street bridge shall make loop on Sixth street, Liberty street, Fifth street, Duquesne way, and return over Sixth street bridge.

Cars coming in over Point bridge shall make loop on Penn avenue, Fifth street, Liberty street, Fourth street, and return on Penn avenue.

Cars coming in over Ninth street bridge shall make loop on Duquesne way, Seventh street, Liberty street, Ninth street, and return over Ninth street bridge.

Cars, exclusive of belt lines, coming in on Penn avenue shall make loop on Penn avenue, Cecil alley, Liberty street, Eleventh street, and return on Penn avenue.

Cars coming in on Liberty street shall make loop on Liberty street, New Grant street, Seventh avenue, Grant street, Water street, Wood street, Liberty street, and return on Liberty street.

Cars coming in on Wylie avenue shall make loops on Wylie avenue, Tunnel street, Fountain street, Seventh avenue, Liberty street, Fifth avenue, and return on Wylie avenue; and on Wylie avenue, High street, Sixth avenue, Wood street, Fourth avenue, Grant street, Fifth avenue, and return on Wylie avenue.

Cars, exclusive of belt lines, coming in on Fifth avenue shall make loops on Fifth avenue, Tunnel street, Fountain street, Seventh avenue, Liberty street, and return on Fifth avenue; and on Fifth avenue, Tunnel street, Fountain street, Seventh avenue, Liberty street, Wood street, Fourth avenue, Grant street, Diamond street, Old avenue, and return on Fifth avenue; and on Fifth avenue, High street, Sixth avenue, Wood street, Second avenue, Grant street, Diamond street, Old avenue, and return on Fifth avenue; and on Fifth avenue, Tunnel street, Webster avenue, Grant street, Diamond street, Old avenue, and return on Fifth avenue; and on Fifth avenue, Wood street, Sixth avenue, High street, and return on Fifth avenue.

Cars, exclusive of belt lines, coming in on Forbes street shall make loops on Forbes street, High street, Sixth avenue, Wood street, Fourth avenue, Grant street, Diamond street, and return on Forbes street; and on Forbes street, High street, Sixth avenue, Liberty street, Ferry street, Second avenue, and on an overhead crossing of Panhandle tracks and yard from Second avenue and Grant street to Shingiss and Forbes streets, and return on Forbes street; and on Forbes street, High street, Fifth avenue, Liberty street, Ferry street, Second avenue, and on above overhead crossing to Forbes street, and return on Forbes street; and on Forbes street, High street, Webster avenue, Grant street, Fourth avenue, Ross street, Diamond street, and return on Forbes street.

Cars coming in over Smithfield street bridge shall make loop on Smithfield street, Seventh avenue, New Grant

street, Liberty street, Smithfield street and return over Smithfield street bridge.

Cars coming in on Second avenue shall make loop on Second avenue over overhead crossing of Panhandle tracks from opposite Shingiss street to Grant street, and Grant street, Third avenue, Liberty avenue, Fourth avenue, Grant street and return over above overhead crossing on Second avenue.

Cars on belt lines to run on Penn avenue, Cecil alley and Fifth avenue, to its intersection by High street, then either out Fifth avenue or down High street and out Forbes street, and in reverse direction.

As a general suggestion, some cars of each of the eastern routes should loop on and east of Grant street, and thus relieve the congested streets further down town.

All of which, with the necessary cross-overs, turnouts and emergency connections will better distribute and balance the number of cars, on each block, than at present, and thus relieve the downtown congestion.

With the widening of above mentioned thoroughfares and further rearrangement of loops and redistribution of cars, additional improvements in the downtown condition of traffic can be made.

To avoid the terrible congestion now existing at the Forks-of-the-Road, at Thirty-fourth street on Penn avenue and Butler street, and in order to give some measure of comfortable passage to the employees of mills, factories and shops in the Penn avenue and Butler street districts, your committee suggests a new belt line, beginning at Twenty-eighth street and Penn avenue, out Penn avenue and Butler street; thence over Stanton avenue, Chislett street, Black street, Negley avenue, Center avenue, Liberty street and Twenty-eighth street to a point of beginning, running cars both ways and carrying extra cars between the hours of five and nine in the morning, and four and eight in the evening.

A cross-town route from Sharpsburg and Aspinwall districts, with connection to upper Lawrenceville district at Butler street entrance to Highland park, running to the South Side over South Twenty-second street bridge is also suggested, which, by the construction of a connecting line from Butler street at Haight's Run bridge; thence along Baker street, Jancey street and Stanton avenue to Negley avenue, there connecting to existing tracks, can be established.

These general changes and additions, with such detail alterations in plan as may be found necessary, and with transfers to and from every division, will, we believe, relieve some of the present congestion and can be put in operation at an early date. More time will be required for the development of a permanent rapid transit system, suited to the requirements of a fast growing city, of limited area and of such topography and distribution of population as obtains in Greater Pittsburgh.

Your committee respectfully submits this report for your consideration and further instruction.

Hon. Reuben Miller, Chairman Committee on
Rapid Transit for the City of Pittsburgh:

Dear Sir:

I beg leave to officially acknowledge the receipt of your exhaustive and comprehensive report upon the congested condition of the street railway system of the City of Pittsburgh, and to thank you for the much time and labor which you have evidently given this subject.

I desire, however, to submit to you some additional suggestions, which, to my mind, will also aid in relieving the congestion of street car traffic upon our streets and highways, and also aid in establishing increased and superior facilities for the carrying of passengers between the business portion of the city to our great East End region. Of course, these suggestions, in common with all others, are merely suggestions, and have no force of authority until duly and legally ratified and approved by the City Recorder and the legislative branch of the city government.

It is obvious to every one that the present street car facilities are, even now, totally inadequate to the demands made upon them, and also that every thoroughfare in the lower part of our city has long since been brought into use, in order that street car lines might be equal to the emergency. Our city and the surrounding territory is, and has been, growing and developing in a truly remarkable sense, and the promises for the future are such that it is easy to prophesy that this phenomenal rate of development will so continue for years to come; that no man can estimate the size and population of this city ten or twenty years hence; and, therefore, whatever is done now should not only be that, which is necessary to meet the present emergency, but should also be that, which will solve the problem of transportation and proper railway facilities for many years in the future.

It is likewise manifest that the great bulk and the vast majority of the population lies east of and beyond Craig street in this city, and that there are sufficient unoccupied thoroughfares in all the territory lying east of and beyond Craig street to allow railway companies to properly and satisfactorily operate and

distribute sufficient cars to take care of the patronage. The problem seems to be this: By what routes can railway companies most satisfactorily and quickly reach Craig street district from the downtown districts? I would add, in addition to the suggestions that you have already made, the following:

First. That a branch road be built, either upon an elevated structure or upon the surface, or both, running from the elevated railroad you suggest on Liberty street, from a point at or in the neighborhood of the intersection of Liberty street and Thirty-fourth street, to a point upon Neville or Craig streets. This would furnish facilities to enable railway companies to run express cars and lines of cars from the heart of the city, not only to Liberty and Thirty-fourth streets, and to be there distributed, but also directly through to Neville or Craig streets, making here another point of distribution, and thus reach an entirely different and a much more largely populated section of our city.

Second. That you recommend that an elevated railway be constructed along and over the following route, to-wit: Beginning at the corner of Liberty and Ferry streets; thence along Ferry street to Water street; thence along Water street to Grant street; thence along Grant street to Second avenue, and thence along Second avenue to the Glenwood bridge, in Glenwood, which will furnish facilities to enable railway companies to run express cars and lines of cars from the heart of the city to still another densely populated portion of our city, the Hazelwood district.

Third. That a branch road be built, either upon an elevated structure or upon the surface, or both, running from the elevated railroad on Second avenue, above suggested, from a point at or in the neighborhood of the intersections of Second avenue and Bates street and through the Oakland district, in general in the direction of Bates street and hillside along Boundary street through to Neville or Craig streets, there connecting with the first suggestion above, the branch from Liberty street to Neville or Craig streets.

This will furnish further facilities to enable railway companies to run express cars from the heart of the city to still another densely populated portion of our city, the Oakland district; and also give opportunity for express service between the populous manufacturing sections of the two river valleys, the two suggested branches forming a cross-town express line.

Also, as City Recorder, I would earnestly urge upon your honorable committee the consideration of these suggestions; and, should the same be accepted and approved by you, or modified, they could be submitted to Councils for their consideration and action along with your original report.

Very respectfully yours,

(Signed) J. O. BROWN,

City Recorder.

November 22, 1902.

PITTSBURGH, March 6, 1902.

Hon. James H. Reed, President Philadelphia Company, and Hon. James D. Callery, President Pittsburgh Railways Company, Pittsburgh, Pa.

I desire to acknowledge the receipt of your communication, dated February 24, 1902, stating:

First. That your companies have secured control of all elevated railway charters, all underground railway charters, and all surface street railway charters granted during the past year.

Second. That you desire the co-operation of the city government in the study and solution of the congested condition of the street railways, and for securing ample accommodations for the rapidly increasing public traffic on street railways in the City of Pittsburgh.

Third. That you ask, in conformity with the platform of the Republican City Convention that, as City Recorder, I appoint a committee to co-operate with your companies to solve the problem of relieving the congested condition of travel upon the street railways of this city, either through the medium of the present railway system, or through some other system, or underground passenger railroads to the East End.

The purchasing and securing of these numerous charters and franchises gives your companies an absolute monopoly and control of all street railway traffic in Allegheny county for generations to come; and, therefore, the granting of additional franchises from the city's standpoint is a different proposition to the public than granting franchises to a company that would be in competition with the Philadelphia Company and the Pittsburgh Railways Company.

I am very desirous of co-operating with your people in giving the City of Pittsburgh the best street car service that it is possible to be obtained, and, therefore, accept your request to appoint a committee to co-operate with your companies in solving the problem of relieving the congested condition of travel, officially informing you that the city will first, insist upon a guarantee of a reasonable return to the city for future street franchise ordinances granted; second, that if any part of the proposed additional service shall be elevated roads, that the ordinance must contain a protective clause for reasonable damages to all property injured by reason of said elevated railroad. This, in my judgment as City Recorder, is just and fair, especially to the small property holder who would be unable to defend himself in long-drawn-out and protracted damage suits. This question should be settled and agreed upon by your companies and the committee so appointed; third, your committee to take up and consider, and recommend larger and more extended terminal facilities in the territory below Grant street, so that cars in large numbers can rapidly make their loops and circuits without obstructing vehicle and public travel. The consideration of your companies and said committee should be purely for the good of the city, and the city will meet you half way upon the propositions above cited, and do every-

thing in its power to add to the public comfort and accommodation of our great and growing city.

Your proposition to furnish the necessary engineering force to submit blue prints and plans to the committee and the officers of your companies is gladly accepted, and I trust that your companies and the said committee may bring about an harmonious development of the street railway system of the City of Pittsburgh, protecting alike the city's financial interests, the property holder's rights and accommodating the traveling public.

Very respectfully yours,

J. O. BROWN,
City Recorder.

Hon. Joseph O. Brown, Recorder of the City of Pittsburgh:

Dear Sir:

The Philadelphia Company, having acquired the traction lines operating in the City of Pittsburgh, desires to give the people the best street car service, and its railway officials are making every effort in this direction. With this in view, they have arranged for additional power and car equipment and have planned changes in the routes of the cars in the downtown district, and if the company obtains the necessary permission from the city to lay additional tracks, for which ordinances are pending, it will be able to avoid many of the delays now caused by interference of the cars on the different lines, thus increasing the capacity of the lines by the more expeditious movement of the traffic. This it is hoped can be done before the heavy summer travel begins. The city and its suburbs have grown so rapidly during the last five years that it is difficult to care for the travel, especially since the people who have been coming into the city during several hours of the day desire to go home practically at the same time in the evening. There is every reason to believe that the City of Pittsburgh and the neighboring boroughs and the cities of Allegheny and McKeesport have only begun to grow, and that the increase in population will be very large in the next few years. Confident of this, the Philadelphia Company has made its plans to keep its fuel and light departments up to the increasing requirements. It desires to do the same in its street railway department. Apparently the greater part of the business of this city is to be centered in the district below Grant street and this increases the difficulty of handling the traffic. As the skyscraper replaces the old type of building in this part of the city, it increases the business population housed and which must be transported to and from the residence sections. The company is ready and willing to make the necessary expenditures to care for the increasing traffic, but it desires to do so in accordance with some well considered and harmonious plan. With this in view, it desires the co-operation of the city government in the study and solution of this problem of the future. For the purpose of securing harmonious development of the street railways, the Philadelphia Company has secured control of the several elevated and underground railway charters granted during

the past year. We desire to say, however, that we do not believe that elevated railways should be built in the East End and other outlying portions of the city. Such railways will not be needed for many years, if at all, and would not solve the problem of the immediate future.

The problem of satisfactorily caring for the constantly increasing street car traffic is perhaps the most important and difficult problem before this company and the citizens of this locality, and is one which requires the best thought and labor of the best men in this community. All are interested, the company and the people alike. We would, therefore, respectfully request that you appoint a commission to consider this matter with our company. The company will pay all reasonable expenses incurred by the commission and will furnish the necessary engineering force. We hope that out of the numerous charters secured by the Philadelphia Company, some routes may be found that can be utilized for this purpose, but whether this be so or not, that plans can be worked out by the commission and our company which will commend themselves to the good sense of the community as mutually beneficial both to the public and this company.

Yours respectfully,

J. H. REED,

President, Philadelphia Company.

President, Pittsburgh Railways Company.

CITY RECORDER'S OFFICE.

PITTSBURGH, November 29, 1902.

To the Select and Common Councils of the City of Pittsburgh:

GENTLEMEN:—

In compliance with your resolution to furnish, during the month of November, estimates for the fiscal year 1903, I beg leave to say that it was impossible for the Directors and the Bureau Superintendents to give accurate figures from the fact that the fiscal year has two (2) months to run and the accounts are not closed, and there are many matters pending the disposition of Councils, such as the revision of salaries, water supply and distribution, street repaving, specials, etc. Therefore, at this time, the very best that could be done was to submit to you the estimates of last year, stating that they are subject to such alterations and changes as may be necessary in the future, and that they are submitted as only approximate estimates.

Yours respectfully,

J. O. BROWN,

City Recorder.

Which was read.

Mr. Hogue moved

That the Communication be received and filed.

Which motion prevailed.

Mr. Stevenson called up

C. C. Bill No. 359. An Ordinance entitled "An ordinance directing the City Recorder and the Director of the Department of Public Safety to advertise for sealed proposals for the collection, removal and disposal of garbage, dead animals and animal offal from dwellings, hotels, stock-yards, slaughter-houses, markets, streets, alleys, lands, lanes, squares and public places of the City for a period of four years from, July 1st, 1903."

Which in Common Council July 21, 1902, was read a second time and agreed to.

Which was read.

Mr. Stevenson moved

That Council resolve itself into a committee of the whole for the purpose of amendment.

Which motion prevailed.

The Chair appointing Mr. Sahner as chairman.

The committee of the whole having arose.

Mr. Sahner reported the action of the committee of the whole.

That the committee amended the bill by adding a new section to be known as Section 35.

"Section 35. The Joint Standing Finance Committee shall be and is hereby authorized and directed to make provision in the Appropriation Ordinance for the fiscal year commencing February 1st, 1903, for the payment of the cost of such contract not exceeding the sum of ninety thousand (\$90,000) dollars per year.

And moved that the amendment as made by the committee of the whole be concurred in.

Which motion prevailed.

The Chair took up

C. C. No. 421. Resolution authorizing the issuing of a warrant in favor of Kerr & Fox for the sum of \$82.62 for extra work on Nos. 30 and 31 Engine Houses, account of the Bureau of Fire, and charge to Appropriation No. 21.

In Common Council November 10, 1902. Referred to the Department of Public Safety for information.

Mr. Leslie, Director Department of Public Safety, being present made statement relative to same and presented

No. 803.

November 14, 1902.

A. H. LESLIE, ESQ.,

Director Department Public Safety,

Pittsburgh, Pa.

DEAR SIR:—

Replying to your inquiry as to explanation regarding extras charged on bill of Kerr & Fox for Nos. 30 and 31 engine houses, Bureau of Fire, would say that my certificate filed on the job covers the following:

For cutting and replacing two wheel guards in order to secure a more perfect fastening to the building than provided for in the specifications, \$12.32.

For changing skylight and putting vents in the same for the purpose of ventilation for the horses in the stable, not included in the specifications, \$39.50. This work was done on the old building.

For cast iron plates and bolts found necessary as filler plates to correct some discrepancy in the grade level between the old and the

new buildings, not covered by the original specifications, \$6.00.

The remaining item of \$24.20 you will note was by the order of Mr. Taggart who can no doubt explain it more satisfactorily than I. I might also add that even after deducting this bill of \$82.02 for extras, the buildings were finished for about \$132.00 less than contract price inasmuch as other changes made in the original plans netted a saving of \$215.00 to the city, thus reducing the contract price to that extent.

Very truly yours,
WM. YOUNG BRADY,
Architect.

Which was read, received and filed.

And the rule having been suspended the resolution was read a second and third times and upon final passage the ayes and noes were taken, and being taken were:

No. 813.

PITTSBURGH, PA., December 4, 1902.

To the Honorable, the Members of Common Council, City of Pittsburgh, Pa.:

GENTLEMEN:

At a meeting of the Chamber of Commerce in the City of Pittsburgh, held this fourth day of December, the Ordinance C. C. No. 638, granting to the Pennsylvania Railroad Company certain privileges for the building of a branch from Fifth avenue to the Western Pennsylvania Railroad, was discussed, and by resolution provided with the following amendment: That a section be inserted, viz., that in maintenance of said branch railroad and the operation of locomotives over the same the said railroad company shall use such fuel, or adopt such appliances for burning the same, as will obviate smoke.

With this amendment, or something equivalent, the resolution will read: "Resolved, That the Chamber of Commerce indorse the proposed Ordinance, No. 638, a copy of which is hereto attached, giving the Pennsylvania Railroad Company the right to construct a branch from its main line near Fifth avenue to connect with the Allegheny Valley Railroad east of Brilliant Station, and crossing the Allegheny river to connect with the West Penn Railroad." And ask that this Ordinance be passed at an early date.

Also a resolution that the Chairman of the committee be instructed to lay this before the Common Council at their session of this date.

Yours very truly,

A. P. BURCHFIELD,

Chairman Committee of Transportation and Railroads, Chamber of Commerce.

Which was read.

Mr. Wasson moved

That the communication be attached to the bill when sent to Select Council.

Mr. Leslie arose to a point of order. That the communication could not be attached to the bill, as the Ordinance was an act of Councils.

The Chair decided the point of order well taken.

Mr. Wasson moved

C. C. No. 402.

Whereas, The City of Pittsburgh has issued bonds to the amount of \$2,500,000.00, and authorized the expenditure of this amount for the building and equipping of a filtration plant; and

Whereas, The Director of Public Works has approximately estimated that the entire cost of the filtration plant, not including covers, will be \$3,635,600.00; and

Whereas, It has been approximately estimated that the cost of covering the filter beds will be about \$600,000.00, and

Whereas, There is such a wide discrepancy between the amount of money authorized by the people to be spent for the building of the filtration plant and the estimated cost stated by the Director of Public Works; and

Whereas, It is necessary, before any further expenditure of money, that the total cost of the contemplated plant be ascertained according to the plans and specifications now being prepared by the Director of Public Works; and

Whereas, The Director of the Department of Public Works has stated that the plans and specifications for the work will be completed within three weeks, now be it

Resolved, That the Committee on Filtration shall be and is hereby authorized and empowered, on completion of the plans and specifications, to have estimates prepared showing the entire cost of the installation of the proposed sand filtration plant, and for that purpose shall be and is hereby authorized and empowered to engage the service of a person, or persons, fully qualified, to act in conjunction with the superintendent of the Bureau of Water Supply, or some other competent engineer designated by the Director of Public Works, to make an estimate or estimates of the entire cost of said plant. The expense attending the preparation of the estimate to be paid from Appropriation No. 42, Contingent Fund. On completion of the estimate and delivery of the same to the chairman of the Committee on Filtration, the City Controller is hereby authorized and directed to issue his certificate on the City Recorder for a warrant in payment of said expense.

PITTSBURGH, December 6, 1902.

Council met pursuant to the following call:

PITTSBURGH, December 5, 1902.

MR. W. C. GEARING,
Clerk of Common Council.

DEAR SIR:—Please call a special meeting of Common Council for Saturday December 6, 1902, at 8 o'clock, P. M. for the purpose of taking up unfinished business of Common Council and such other business that may come before the meeting.

Yours respectfully,

C. S. CRAWFORD,
President.

Which was read and received.

Present—Messrs.

Mr. Beckert moved.

That the reading of the minutes of the previous meeting be dispensed with.

Mr. Leslie arose to a point of order, stating: "This meeting is irregular and unlawful. It

was not called in conformity with the rules of Councils, which require a three-day notice to members. I refer to Section 2 of Rule 1, which I will read:

"Section 2. Special meetings of Councils shall be called at the order of the President, or of any Standing Committee of Councils, or of one-third of all the members, provided that such order shall be in writing; shall specify the purpose for which the call is made; shall be signed by the parties ordering the call, and be entered by the clerks, upon their respective minute books, and the clerks shall give not less than three days' written notice of such special meeting, except the special meetings as are authorized to be called by the City Recorder, under Act of 1901."

The Chair said:

"It is true that three days' written notice was not given for the meeting in strict compliance with the rules. The meeting was called for the reason that the business to be considered is of great importance to the people of Pittsburgh. The members present received notice in ample time, or they would not have been here. Those present have accepted the call, and waived the three days' notice, and all right to object. The members absent are the only ones who have grounds for any objection, and if they see fit, they have a right to object. As there are forty-one members present, accepting the call, the meeting is in order."

Mr. Leslie:

"I appeal from the decision of the Chair.

Whereupon the President called Mr. Wasson to the chair.

Mr. Leslie arose and said:

"This meeting was not called in accordance with the rules as adopted by Councils. I will read a portion of Section 2 of Rule 1: 'Special meetings of Councils shall be called at the order of the President, or of any standing committee, etc., provided that such order shall be in writing; shall specify the purpose for which the call is made, and signed by the parties ordering the call, and be entered by the clerks upon their respective minute books.' And here let me call your attention to this sentence: 'And the clerks shall give not less than three days' written notice of such special meeting.' Now, this has not been done. There are members who are not here. We do not know if they received notice owing to the shortness of time between the call and meeting. The business before Council is such that it is too dangerous a proceeding to pass at this meeting, which I consider irregular and unlawful. The minority of this

Council ought to be protected, and therefore I protest to protect their rights. I submit the matter as one of caution, as it will affect further business of Council at a future time. The majority does not need rules, as they have enough votes to make and break rules at their pleasure. I therefore appeal to the members to protect the minority and not allow the rules to be violated simply to gratify some interested parties who have some legislation pending before this body."

President Crawford said:

"This is a matter of great importance. The public press has commented upon the manner in which this Council is dilly-dallying with these two railroad bills."

Mr. Leslie at this time arose to a point of order.

The Chair:

"State your point of order, Mr. Leslie."

Mr. Leslie

"The remarks are not germane to the subject."

President Crawford:

"I submit they are. I did not interrupt Mr. Leslie during his remarks."

The Chair:

"I decide the remarks are germane to the subject."

President Crawford continued:

"It was the general desire to have the Wabash and the Pennsylvania Railroad ordinances pass through Council together. As to the call for this meeting, I thought the matter of so much importance to the people, I decided to call this meeting. The Wabash people told me they were satisfied to go ahead, and that they were willing to take the risk. The only persons by whom objections can be made are those members of Council who are absent, and they can file their objection if they wish. The members accepting the call waive all right to object by their presence at this meeting."

And on the question, "Shall the decision of the Chair be sustained?"

Mr. Leslie demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Baldauf	Hughes	Shearer
Barker	Lamb	Soffel
Beckert	Lauler	Sterrett
Beckner	Lewis, David	Stevenson
Bole	Martin	Walls
Brown	Reltz	Wasson
Crawford, D F	Sanner	Wymard
Delaney	Schad	Zeuger
Fitzpatrick	Schuck	

NOES—Messrs.

Armstrong	Cross	McNally
Bonini	Hogue	Semmelrock
Brand	Leslie	Sheehan
Cavett	Lewis, John	West

AYES—26.

NOES—12.

And the decision of the Chair was sustained.

The motion of Mr. Beckert to dispense with the reading of the minutes of the previous meeting was decided in the affirmative.

The Chair took up

C. C. Bill No. 640. An Ordinance entitled "An Ordinance granting certain rights, privileges and franchises to the Pittsburgh, Carnegie and Western Railroad Company, its lessees, successors and assigns."

In Common Council November 17, 1902. Read a first time.

In Common Council November 24, 1902. Read a second time.

In Common Council December 1, 1902. Read a third time.

In Common Council December 4, 1902. Read and amended in the Committee of the Whole. Which was read as amended.

Mr. Stevenson moved

That Council resolve itself into a Committee of the Whole for further consideration and amendment of the bill.

Several members arose and requested Mr. Stevenson to state the reason.

The Chair:

"At a former meeting the member from the Nineteenth ward (Mr. Bole) made a similar motion, and at the request of the members he stated the purpose. I think it proper that Mr. Stevenson state his reason."

Mr. Stevenson:

"I make this motion for the purpose of amendment. I desire to strike out of Section 1 the amendment as made at last meeting, which was, 'Provided, however, that the lowest part of the structure of said Pittsburgh, Carnegie & Western Railroad at Duquesne way shall not be lower than 758 feet, tide elevation.'

"I do not believe the members understood the amendment, and as the engineer and attorney for the railroad are present, it will give them an opportunity to explain the matter, and if this amendment is made, it will not stop the passage of the bill this evening."

And the question being called for, Mr. Leslie demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Baldauf	Schuck	Walls
Crawford, D F	Shaw	Wasson
Hughes	Soffel	Wymard
Lewis David	Stevenson	
Sanner		

Crawford, C. S., President.

NOES—Messrs.

Armstrong	Delaney	Reltz
Barker	Fitzpatrick	Rodgers
Beckert	Hogue	Schad
Beckner	Lamb	Semmelrock
Bole	Lauler	Shearer
Bonini	Leslie	Sheehan
Brand	Lewis, John	Sterrett
Brown	Martin	West
Cavett	McNally	Zeuger
Cross	O'Brien, Thos	

AYES—13.

NOES—29.

So the motion did not prevail.

And the bill as read a third time and amended was agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

AYES—MAYORS.

Armstrong	Hogue	Schad
Baldaut	Hughes	Shuck
Barker	Lamb	Shaw
Beckert	Lauter	Shearer
Beehner	Leslie	Sheehan
Bole	Lewis, David	Soffel

Crawford, D F	Reltz	West
Crows	Rodgers	Wymard
Deaney	Sahner	Zeuger
Fitzpatrick		

Crawford, C. S., President.

Mr. Armstrong, before announcing his vote, said:

"Mr. President, I desire to enter my protest against the action of this meeting for the manner in which the rules have been thrown aside, believing any action taken by this Council at this meeting to be unlawful, but being in favor of the Pittsburgh, Carnegie & Western Railroad ordinance, I desire my vote to be recorded as voting "aye."

Mr. Brand, before announcing his vote, said:

"I rise to enter my protest against the ruling of the Chair, and the action of this Council in overriding Section 2, Rule 1 of the rules of this

Council in the illegal manner of the passage of the Pittsburgh, Carnegie & Western Railroad ordinance and any further objections that may be raised I shall lend my aid, and also shall notify Select Council and the City Recorder. While protesting against the manner in which this bill is being put through Council, I am still in favor of the bill, therefore vote "aye."

Mr. Leslie, before announcing his vote said:

"Mr. President, I protest against the holding of this meeting, the ruling of the Chair on Section 2, Rule 1, relative to the calling of special meetings, and the action of the majority of this Council in its sustaining the ruling of the Chair, and reserve the right, should the validity of this meeting be questioned, to enter into the contest. I vote "aye."

And the ayes were 41, noes None.

And a majority of the votes of Common Council being in the affirmative, the bill passed finally.

And the Clerk was directed to message the same to Select Council for concurrence.

Mr. Brown moved

That Council do now adjourn.

Which motion prevailed.

To the Select and Common Councils of Pittsburgh:

THE PETITION OF THE SISTERS OF THE
GOOD SHEPHERD RESPECT-
FULLY REPRESENT

That in 1878 they were chartered as a Charitable Institution by the Court of Common Pleas No. 1 of Allegheny county.

That they are the owners of a tract of land situate on Lowrie and Oberhill streets, Allegheny City, upon which is erected a large refuge home for girls.

That the demands upon this institution has outgrown the limits of the home, and to meet this need of larger quarters they purchased, in 1900, a plot of ground of eleven (11) acres situate on Lincoln avenue, Pittsburgh, where they are erecting a branch establishment.

That their institution gives free shelter to girls who have strayed from the controlling influences of home, and its purpose is to reclaim the wayward and the outcast.

That it is wholly a charitable institution, and nothing is exacted for the maintenance of its inmates, but depends on the charity of the public.

That it is non-sectarian, and its doors open wide to every corner of every creed.

That it is often used as a penal institution by the County of Allegheny, and cities of Pittsburgh and Allegheny, without any recompense.

That the City of Allegheny exempts all their property used for charitable purposes situate in its boundaries.

That the City of Pittsburgh has assessed and taxed their property situate on Lincoln avenue, Twenty-first ward, Pittsburgh, for 1901, in the sum of \$399.59, and for 1902, in the sum of \$382.20.

By reason of the premises aforesaid your petitioners respectfully pray that your honorable body will strike off and rebate the said taxes assessed aforesaid, and order and direct that the same henceforth be exempt from taxation, so long as used for charitable purposes.

And they will ever pray, &c.,

THE SISTERS OF THE GOOD SHEPHERD.

By Mother Mary Immaculate Conception Heckman,

Allegheny County, ss.:

JOSEPH C. HECKMAN, being duly sworn, says that the facts set forth in the foregoing petition are true and correct to the best of his knowledge and belief.

Sworn and subscribed before me this 5th day of December, 1902.

Jos. C. HECKMAN.

EMELINE RUTTER,

[SEAL] Notary Public.

My commission expires next session of Senate.

Which was referred to the Committee on Finance.

Mr. Barker presented (at the request of the Department of Public Works)

No. 852.

PITTSBURGH, PA., December 8, 1902.

The Members of Common Council:

At this time I wish to enter my protest against the meeting held on Saturday, December 6, 1902, which I claim was illegal and in violation of law, especially Rule No. 1, Section 2, which govern this body.

I ask that this, my objection, be entered upon the minutes of this meeting.

Respectfully submitted,

A. MARTIN BARR.

Which was read, received and filed.

Mr. Moore presented

No. 853.

PITTSBURGH, PA., December 8, 1902.

To the Members of Common Council:

Being the legal representative in Common Council, representing the Seventh ward of this city, I maintain and now assert that the meeting held on Saturday, December 6, 1902, was illegal and against the rules and law governing this body, especially rule No. 1, Section 2, which refers to the manner of calling meetings.

Being unable to be present at said meeting, I now offer this, my protest, and ask that the same be made part of the minutes of this meeting.

Respectfully submitted,

JOHN B. MOORE,
Seventh ward.

Which was read, received and filed.

The Chair presented

No. 854.

CITY RECORDER'S OFFICE.

J. O. Brown, City Recorder.

Pittsburgh, Pa., December 8th, 1902.

To the Select and Common Council of the City of Pittsburgh:

Gentlemen: I have the honor of transmitting herewith the estimates of the various departments of the city government and a schedule showing the needs of the bureaus independent of the departments. I have made two separate schedules, so that you may readily see the items that are fixed and determined by law to be raised in each fiscal year and those that are within the province of your bodies and subject to such modifications and changes as your judgment may determine:

Schedule I.

Interest and tax on city loans	\$ 900,000 00
Salaries	132,000 00
Sinking Funds	766,834 00
Education	930,000 00
Judgment Claims and Interest	32,500 00
Assessments against the city.	999,462 00
Carnegie Free Library	131,000 00
	\$3,891,796 00

Schedule II.

Public Safety	\$1,949,795 88
Public Works	3,128,378 44
Specials:	
Streets, retaining walls and bridges as per resolutions of Councils	733,400 00
Street repaving	929,814 00
Penna. R. R. Co., as per contract	204,370 24
Charities and Correction	172,700 00
Department of Assessors	25,000 00
Contingent Fund	40,000 00
Finance Fund	20,000 00
Printing	55,000 00
Elections	2,400 00
G. A. R. Memorial Day	1,500 00
Fourteenth, Eighteenth and Battery B. National Guard of Pennsylvania	9,000 00
	\$7,271,358 56

You will notice that the departments have in most instances asked for large increases. The approximate estimates will show the cause of this increase, and in all instances the reasons assigned by

the directors, excepting in the case of the Department of Public Works, which is self-explanatory.

I would call your attention to the fact that very much of the wants of the department is made up of wages and salaries, and you can readily ascertain this by a separation of those items from the total amount asked for. Schedule No. 1 contains items fixed entirely by law excepting in the case of the Carnegie Free Library. This is a growing institution, and its demands are no doubt legitimate and proper, and in my judgment will never decrease, but rather increase.

Respectfully submitted,
J. O. BROWN,
City Recorder.

DEPARTMENT OF PUBLIC SAFETY.

A. H. Leslie, Director.

Pittsburgh, Pa., December 6th, 1902.
Hon. J. O. Brown, City Recorder, Pittsburgh, Pa.:

Dear Sir: I herewith submit to you an itemized statement of the estimated amounts deemed necessary for the running expenses of the Department of Public Safety for the fiscal year beginning February 1st, 1903. The total estimated expense of the department will be \$1,949,795 88, making an increase of \$412,955 88 over the present year. This increase is made up as follows:

General Office—Remains the same.
Bureau of Fire—Increase amounts to \$27,582.50.

This is made up as follows:
The ordinance providing for the appointment of matrons for the engine houses and hook and ladder truck houses at \$40 per month each.....\$16,320 00

Fire extinguishers and charges.. 300 00

Some other items have been increased and decreased to a limited extent, but as a whole it is practically the same as last year.

Bureau of Police and Detectives—Increase, \$6,410 50.

Salaries have been increased \$2,033, as follows:

Photographer in charge of Bertillon system, \$1,230; painter and carpenter by reason of increase in wages, \$803.....\$ 2,033 00

The amount appropriated for horses has been increased to provide for the increased mounted service in the East End 3,500 00
Sawdust account increased.... 250 00
Painting patrol booths has been increased by reason of the increased number of boxes.... 500 00

Horse feed account increased by reason of the increased patrol mounted service in East End 1,200 00

Some slight decreases in estimates from last appropriation occur, but the net increase is as above.

BUREAU OF ELECTRICITY.

Estimated amount for operating expenses has been increased to the extent of \$4,113 24, as follows:

New patrol boxes and booths..	\$ 870 00
New fire alarm boxes.....	1,500 00
Insulated copper wire for same.	500 00

Buggy and wagon repairs.....	50 00
Testing instruments	150 00
Printing manuals	50 00

Total increases.....\$ 5,320 00

The Aerial Cable and Battery Maintenance account have each been reduced \$500, and other small decreases make the net increase the sum of \$4,113 24 as above.

An additional \$75,000 for special underground work as provided under the ordinance of May, 1895, wherein it is provided that all overhead wires on the main thoroughfares shall be placed underground on or before May, 1903, appears in the estimate for this bureau.

BUREAU OF HEALTH.

Increase amounts to \$299,949 72, as follows:

Salaries:

Resident physician and nurses account at Municipal Hospital	\$ 5,000 00
An additional member Plumbers' Examining Board as provided in an Act of Assembly.	100 00
Increase in plumber's wages..	920 08
	\$ 6,020 08

The operating expenses have been increased as follows:

Quarantine guards, supplies for quarantined houses, disinfectants and disinfecting officers for infectious diseases	\$200,000 00
Vaccinating corps on account of smallpox	40,000 00
Estimated deficiency for fiscal year 1902-03 due to smallpox epidemic	35,000 00
Temporary additions and improvements necessary to buildings on Municipal Hospital grounds.....	15,000 00
Total	\$290,000 00

Other accounts have been increased as follows:

Postage stamps and overdue postage	\$ 150 00
Vaccine Virus.....	6,300 00
Miscellaneous expense.....	44 46
Municipal Hospital expense ..	5,500 00
Horse feed.....	825 00

Making grand total.....\$308,839 72
Less garbage account reduced by ordinance, \$3,890; and night soiler's estimate, \$5,000 —in last year's appropriation. 8,890 00

Making total increase as above.\$299,949 72

There are now pending in Councils ordinances as follows:

For the erection of an engine house in First ward.....	\$35,000 00
For the erection of an engine house in Twenty-second ward..	35,000 00
For the erection of an engine house in Twenty-fourth ward..	30,000 00
For the erection of an engine house in Thirty-second ward..	18,000 00
Lot in the Twenty-second ward..	12,500 00
Also an ordinance for underground wire service.....	20,000 00

There are also pending ordinances providing for the increase in the number of men in the Bureau of Police and increasing the salaries of the members of the Bureaus of Police and Fire which, if passed finally before the appropriation ordinance, will very materially increase the expenditures of these two bureaus.

We have given you above the aggregate items of increase and decrease so as to enable you to get an idea of the necessary changes and the reasons therefor.

Very truly yours,

A. H. LESLIE,

Director, Department Public Safety.

DEPARTMENT OF CHARITIES AND
CORRECTION.

George W. Wilson, Director.
December 4, 1902.

Hon. Jos. O. Brown, City Recorder:

Dear Sir: I herewith enclose approximate estimate of amount necessary to operate this Department for ensuing fiscal year. I anticipate having a balance of about \$20,000.00 to the credit of Department at close of fiscal year (January 31st, 1903). There is pressing necessity for additional hospital room and I have added \$30,000.00 for this purpose, which, with anticipated balance (\$20,000.00) will enable me to erect a plain, modern hospital, at City Farm, which will provide for this portion of department work for several years without any additional room being needed. Estimate for actual operating expenses of the Department (\$138,500.00) is \$20,900.00 less than amount appropriated for this year, and estimates are made upon a most careful and economic basis. The receipts for present year should reach \$40,000.00, and this amount credited on amount asked for (\$172,700.00) would leave net amount, to be raised by taxation, for this Department, \$132,700.00, which in tax levy would amount to only about 36-100 of one mill.

Respectfully submitted,

George W. Wilson,

Director Department of Charities and Correction.

Amounts estimated to carry on the business of the Department of Charities and Correction, and make necessary improvements at City Farm, for the fiscal year beginning February 1st, 1903:

Which was read, received and filed.

Also

C. C. No. 660.

Whereas, It appears by the records of Allegheny county and by petition of H. H. Wunderlich et al., on file, that a lien as filed by the City of Pittsburgh in the name of W. P. Smith at No. 475 September Term, 1894, for the construction of the Susquehanna and Albion street et al. sewer against premises on Kelly street, fronting 180 feet on the southerly side of Kelly street, and extending back 135 feet; and

Whereas, At the time of the construction of said sewer the registered owner was James A. B. Melvin and W. P. Smith, and no notice was given of the proceedings had on said lien to the subsequent owners of said premises in June, 1897, at Lev. F. No. 113 June T., 1897. No notice was given of said assessment, and the premises were conveyed to said John Wunderlich by the Sheriff of Allegheny county; and

Whereas, the original assessment for said sewer under the then existing laws was in excess of what would have been proven justly due under the subsequent decisions of the Courts of the Commonwealth; and

Whereas, Doubts have arisen as to the validity of said lien, and the heirs of John Wunderlich offered to pay \$520.45, being the amount of the judgment as entered on the Scire Facias in May 17, 1897, on said lien.

Resolved, That the City Solicitor be authorized and directed to enter satisfaction in full on said lien upon payment of all costs thereon as taxed, and upon payment to the City Treasurer of the sum of \$520.45 by said heirs of John Wunderlich, deceased.

Which was read.

In Common Council November 17, 1902. Rule suspended and read three times.

Which was read.

Mr. G. W. Moore, Superintendent of Bureau of City Property, being present, explained the reason for this bill.

The Chair presented
No. 857.

PITTSBURGH, November 24, 1902.

To Select and Common Councils of the City of
Pittsburgh:

GENTLEMEN:—

Referring to the enclosed, would state that in consequence of the receipt of attached letter from the Pittsburgh Coal Exchange, order was given to recut gauge marks in the wharf, which has been done at a cost of \$22.11.

In regard to refacing of City Hall, when this work was started it looked to be a very small job, but when the men got to work the condition of the stone was found to be so bad that it had to be confined all around; to leave it longer would have necessitated removing the stone facing for at least four feet in the entire alcove at a cost of not less than \$300.00. The present cost of \$45.00 does not appear excessive.

Respectfully,

J. GUY McCANDLESS,

Director Department of Public Works.

PITTSBURGH, PA., February 26, 1902.

J. Guy McCandless, Esq., Director Department
Public Works, Pittsburgh, Pa.

Dear Sir:—

This Exchange would respectfully call your attention to the very bad condition of the water gauge cut on the stone slope down from Market street to the water, or low water. These marks were first cut there by the city and have been a great convenience to persons wishing to know the stage of water, but now they have become so worn that many of them are entirely obliterated, and the stage of water can not be read with any degree of accuracy at all. The difference of a very few inches in the stage of water, as you doubtless well know, is often a matter of great importance to people who are interested in river conditions. Our purpose in calling your attention to this matter is to express the hope that you will kindly have the marks "freshened" up some where needed, and recut where obliterated, at an early date.

Very respectfully,

The Pittsburgh Coal Exchange,

J. FRANK TILLEY,

Assistant Secretary.

Which was read.

And the question being on the adoption of the resolution on third reading, it was decided in the affirmative.

And upon final passage the ayes and noes were taken, and being taken were:

AYES—Messrs.

Armstrong	Hughes	Schad
Baldauf	Lamb	Schuck

Crawford, C. S., President.

AYES—35.

NOES—None.

And two-thirds of the votes of Common Council being in the affirmative, the resolution passed finally.

And the Clerk was directed to message the same to Select Council for concurrence.

BUSINESS FROM SELECT COUNCIL.

C. C. No. 472.

A Resolution authorizing and directing the City Recorder in behalf and in the name of the City of Pittsburgh to sign a petition for the widening of Virgin alley from Liberty avenue to Smithfield street to a width of 44 feet.

WHEREAS, A movement is on foot looking toward the widening of Virgin alley in the Third ward, City of Pittsburgh, from Liberty avenue to Smithfield street, to the width of forty-four (44) feet; and

WHEREAS, The City of Pittsburgh is owner of one hundred and twenty (120) feet of frontage on said Virgin alley between the streets aforesaid; and

WHEREAS, The widening of the above-mentioned portion of Virgin alley will be of great benefit to the property aforesaid owned by the City of Pittsburgh, and in addition thereto will greatly relieve the congestion now existing in that section of the city; now, therefore, be it

Resolved, By the Select and Common Councils of the City of Pittsburgh that the City Recorder be and he is hereby authorized and directed in behalf and in the name of the city to sign a petition to the Select and Common Councils of the City of Pittsburgh, praying for the widening of Virgin alley from Liberty avenue to Smithfield street, from a width of twenty (20) feet as it now exists, to a width of forty-four (44) feet. The said widening to be accomplished by taking the entire twenty-four (24) feet necessary for such widening from the property abutting on the northerly side of said alley within the limits aforesaid.

In Common Council October 18, 1902.
Passed.

In Select Council December 8, 1902. Amended by extending the distance to be widened between Smithfield street and Liberty avenue, and by making the width of the alley forty-four feet instead of fifty feet, as originally set forth.

Mr. Wasson moved

Mr. Stevenson at this time arose and asked if the Director of Department of Public Works had sent a communication to Council relative to Highland Reservoir No. 2.

The Chair stated there was a communication on the desk and presented

No. 858.

PITTSBURGH, Monday, December 8, 1902.

To the President and Members of Common Council of the City of Pittsburgh, Pa.:

GENTLEMEN:—

On December 1, 1902, I transmitted to your honorable body a communication in compliance with resolutions of Common Council, No. 769, which reads as follows:

"WHEREAS, It is publicly charged that Highland Reservoir No. 2, an important and expensive public improvement now nearing completion, is defective in construction, porous and unworthy; therefore, be it

Resolved, First, that the Director of the Department of Public Works, charged with the duty of representing the city and passing upon the character of the improvement, be and is hereby directed by Common Council to fill the reservoir with water to such height as he may deem safe, and to let the same stand without pumping into it a sufficient length of time to thoroughly test its resisting power, and to give Councils an opportunity to view and inspect it during that period.

"Second, The said Director is further directed to keep a record of the height of the water daily, and report the same at the next meeting of Common Council."

I have at hand a communication dated December 2 from Mr. W. C. Gearing, Clerk of Common Council, requesting me to furnish you with the number of gallons of water pumped into High and Reservoir No. 2 on each of the days as stated in my report. As I made no provision for the measurement of the amount of water passing over the weir wall I cannot give you the desired information in regard to the number of gallons of water pumped into Highland Reservoir No. 2 from November 12, 1902, to December 1, 1902. I am,

Very respectfully,

J. GUY MCCANDLESS,

Director Department of Public Works.

Which was read.

Mr. Stevenson moved

That the communication be received and filed.

Which motion prevailed.

Mr. Stevenson moved

That the Director of the Department of Public Works be notified and directed to measure and keep a daily record of the number of gallons of water pumped into Highland Reservoir No. 2 from this date to the next regular meeting of Common Council; also to report a daily gauge of the water, to be taken at noon of each day.

Which motion prevailed.

The Chair took up

C. C. Bill No. 203. An Ordinance entitled "An Ordinance granting to the City Electric Company the right to enter upon the streets, alleys and highways of the City of Pittsburgh for the purpose of erecting, constructing, laying, maintaining, operating and using its wires, cables, conduits and conductors upon, through, along, under and over the said streets, alleys and highways."

The Chair presented
No. 886.

To the President and Members of Common
Council of the City of Pittsburgh:

Gentlemen:

I return herewith copy of "C. C. bill No. 359," being a proposed ordinance entitled, "An ordinance directing the City Recorder and the Director of the Department of Public Safety to advertise for sealed proposals for the collection, removal and disposal of garbage, dead animals, etc.," which was referred by your body to me "for a written opinion as to the legality of the bill and further opinion as to section 27."

It appears from an inspection of the title of the bill that the purpose is to direct the City Recorder and the Director of the Department of Public Safety to advertise for sealed proposals, etc. So far as the title is concerned, it does not appear, in so many words, that these officers are authorized to let the contract; nor is it explicitly provided in the bill that they shall let the contract. If it is the intention to provide not only for proposals, but for the letting of the contract, the fact should be so stated, both in the title and in the body of the bill.

The work to be covered by the proposals and presumably by the contract is to extend for a period of four years from July 1st, 1903, and the cost is not to exceed \$90,000.00 per year. Provision is made in the bill for an appropriation of a sufficient sum of money with which to meet the city's liability under the contract for a period covering, as I read it, the first year, but no longer. Whether or not such a contract as the one proposed can be legally made depends upon the construction to be given the following provision of section 7, Article 8, of the Charter Act of 1901:

"Every contract involving an appropriation of money shall designate the item of appropriation on which it is founded, and shall be numbered by the Controller in the order of its date and charged as numbered against such item, and so certified by him before it shall take effect as a contract, and shall not be payable out of any other fund; and if he shall certify any contract in excess of the appropriation properly applicable thereto, the city shall not be liable for such excess, but the Controller and his sureties shall be liable in damages for an amount not exceeding such excess, which may be recovered in an action on the case for negligence by the contracting party aggrieved."

I have heretofore advised that contracts with the City of Pittsburgh should be limited to the fiscal year for which appropriations are made for the purpose of meeting the obligations incurred by them. If the purpose and effect of this bill is to limit the appropriation to \$90,000.00, and to provide in the Appropriation Ordinances of succeeding years for the balance of the contract price, I am of opinion that a contract based upon the ordinance would be illegal. In other words, if the contract price is to be \$360,000.00,

the sum of \$360,000.00 should be appropriated for that purpose before making the contract. In contracts of this nature, the extent of the power of the city to contract is limited to the amounts appropriated for the particular purpose.

As to the 27th Section of the bill, the legality and advisability of it are questionable. An Act of the General Assembly of the State entitled, "An Act to regulate the hours of labor of mechanics, working men and laborers in the employ of the State or municipal corporations therein or otherwise engage in public work," approved the 26th day of July, A. D. 1897, provides:

"Section 1. Be it enacted, etc., That on and after the passage of this Act eight hours out of the twenty-four of each day shall make and constitute a legal day's work for mechanics, workmen and laborers in the employ of the State, or any municipal corporation therein, or otherwise engaged in public work.

Section 2. This Act shall apply to all mechanics, working men and laborers now or hereafter employed by the State or any municipal corporation therein, through its agents or officers, or in the employ of persons contracting with the State or said corporation for the performance of public work."

This bill limits the time of labor to ten hours of each day and undertakes to impose a penalty upon the contractor should he permit his laborers, workmen and mechanics to work more than ten hours in any day. It does not require of the contractor that he compel the persons in his employ to work ten hours each day, but it gives the city's assent, in perhaps an indirect way, to such requirement upon the part of the contractor. It is a violation of the Act of Assembly, and while the constitutional right of the General Assembly to compel municipal corporations to regulate the hours of labor of mechanics, working men and laborers in the employ of a contractor, whose only connection with the city is that he is doing work for the city, is questionable, I see no reason why the city should deliberately undertake to violate the plain provisions of the Act. I think Section 27 should be eliminated and that, either in this bill or in the contract to be made hereafter, or both, a stipulation should be required that the contract shall be subject to the terms and provisions of this Act of 26th of July, 1897.

Very respectfully,

T. D. CARNAHAN,
City Solicitor.

Pittsburgh, December 9th, 1902.

Which was read.

Mr. Brand moved

That the communication be received and filed.

Mr. Reitz moved

That the Communication and the bill (C. C. No. 359, relating to the removal of garbage,) be referred to the Committee on Finance.

Which motion prevailed.

The Chair presented
No. 887.

PITTSBURGH, December 29, 1902.
To the President and Members of Common
Council of the City of Pittsburgh, Pa.:
Gentlemen:

I received on October 29th, 1902, the
following communication from Mr. W. C.
Gearing, Clerk of Common Council:

I transmit herewith the following reso-
lutions which were in Common Council
October 27th, 1902, read and ordered re-
turned to the Department of Public
Works:

C. C. No. 446.

Resolution authorizing the issuing of a
warrant in favor of Emil Swensson for
the sum of \$250.00 for professional ser-
vices in examining South Tenth street
bridge.

C. C. No. 447.

Resolution authorizing the issuing of a
warrant in favor of E. K. Morse for
the sum of \$250.00 for professional ser-
vices in examining South Tenth street
bridge.

C. C. No. 448.

Resolution authorizing the issuing of a
warrant in favor of W. F. Miller for
the sum of \$250.00 for professional ser-
vices in examining South Tenth street
bridge.

I herewith return to your honorable
body the resolutions, together with copy
of a communication received by me from
Messrs. Swensson, Morse and Miller, that you
may take action upon the same. I am,

Very respectfully,

J. GUY MCCANDLESS,

Director, Department of Public Works.

PITTSBURGH, December 5, 1902.

J. GUY MCCANDLESS, Director Department
of Public Works, City of Pittsburgh, Muni-
cipal Hall, Pittsburgh, Pa.:

Dear Sir:

Referring again to your esteemed favor
of October 31st, 1902, relative our bills
of two hundred and fifty dollars (\$250.00)
each, for professional services, examining

and reporting upon the old South Tenth
street bridge, which bills had been re-
turned from Councils to the Committee
of Public Works, the latter having re-
ferred the matter to you for a confer-
ence with us as to a reduction of the
amount of our bills, the Councils con-
sidering same as excessive; in reply to
above, we wish to call the attention of
the honorable body of Councils to the fol-
lowing:

That the value of expert services in
any of the professions is not based on
time utilized in making examinations and
reports, or expressing an opinion on a
subject of vital moment; but based on
the knowledge, experience and standing
of the experts in their profession, it be-
ing always understood and conceded that
the opinion of a fully qualified expert is
given in shorter time and is of more
value than when given by those who will
require a longer time for examination,
study and calculation of the question be-
fore rendering their opinion.

We consider the charges made very
reasonable when compared with charges
made for similar services and by properly
qualified professional men throughout the
country.

The amount was carefully and fully
considered by us jointly at the time of
making the report, and we do not under
any circumstances feel justified in mak-
ing any reduction in our bills.

We, therefore, trust that the Councils
will reconsider their action and authorize
the issuing of a warrant in our favor for
the amount of our bills.

Yours very truly,

EMIL SWENSSON,
E. K. MORSE,
W. F. MILLER.

Which was read.

Mr. Leslie moved

That action upon the resolutions be
postponed.

Which motion prevailed.

And on motion

Council adjourned.

CITY RECORDER'S OFFICE,
PITTSBURGH, PA.

To the Members of Select and Common Councils of the City of Pittsburgh:

GENTLEMEN:—

I think all good citizens of the City of Pittsburgh will agree that if it be possible to impose and collect taxes from certain corporations which do business in the city and which have hitherto not been paying into the City Treasury more than a mere nominal tax, if any at all, such a tax should be imposed. The difficulty heretofore has been, the want of authority in the city to impose and collect what would seem to be a reasonable amount of revenue from such corporations. The great burden of taxation has always fallen upon real estate. Under the law the city has never been in a position to tax personal property to any substantial and reasonable extent; even the real estate of certain corporations, known

as public corporations, is exempt from local taxation. It is, therefore, quite apparent that the burden upon real estate should be relieved, if possible, and that the corporations which occupy our streets and are indebted to the municipality for the right to exercise their privileges and franchises should, as a matter of justice and equity, contribute their share to such relief. In the case of railroad companies, gas companies, electric light companies, water companies and perhaps other corporations which come within the designation of quasi public corporations; the courts have for many years held that inasmuch as they pay a state tax on their capital stock and their capital stock includes their real estate, they cannot be taxed locally on their real estate under the general law authorizing the taxation of real estate, because it ought not to be presumed that the legislature meant to impose upon them double taxation. It is conceded, however, that the legislature has the right to impose double taxation, or in other words, to impose a state tax on the capital stock and likewise a local tax on the real estate, but the legislature must give clear expression to such intent in some Act of Assembly; the courts will not presume that such is the intent. In the City of Pittsburgh the power exists to tax the real estate of railroad companies for local municipal purposes, but this is because there is an Act of Assembly which expressly authorizes the City of Pittsburgh to do so; such is not the fact as regards other quasi public corporations doing business in the city.

The Charter Act of 1901 (Article 19, Section 3, Paragraph 4) contains this provision:

"Every city of the second class shall have power for general revenue purposes, to levy and collect a license tax, to be fixed by ordinance, upon street railways, hack drivers, auctioneers, and all and every corporation, company or individual doing business in said city, payable annually, and to regulate the collection of the same."

In the same article (paragraph 22) there is this provision:

"And every city of the second class shall have power for general revenue purposes, to levy and collect license taxes or fees, to be fixed by ordinance, upon street railways, hack drivers, garbage collectors, auctioneers, bill posters, public ball or dances, night sellers, railroad switches, pawn brokers, peddlers; vendors of any kind of merchandise whatever using the streets, lanes, highways, wharves, or public squares or grounds, for the purpose of vending the same; all theatrical exhibitions, whether permanent or transient (including circuses), vehicles, bicycles, tricycles, automobiles, dogs, ball games or ball parks, and all other matters and things of a like nature, and to regulate the collection of the same and to provide penalties for default therein."

The mere power to license, although specially given in the charter of a city, is nevertheless a police power, and it cannot be exercised for the purpose of prohibition, but only for purposes of regu-

lation. The exercise of this power must be reasonable, general and impartial; it cannot be exercised for the purpose of increasing the revenues of the municipality.

The charter, however, of 1901 authorizes cities of the second class to levy and collect for general revenue purposes license taxes or fees to be fixed by ordinances. The power to license as a revenue measure is the power of taxation itself and when the amount of such tax is not limited by the charter (as it is not in the charter of 1901), the matter is entirely in the discretion and judgment of the municipal authorities. I apprehend, however, that there may be serious difficulty in ascertaining the extent of the authority conferred by the legislature in the above quoted paragraphs of the charter.

Is there sufficient authority to tax the gross receipts of such public corporations as are referred to above? The charter does not expressly grant it. Is there sufficient authority to tax the real estate of gas companies, electric light companies, water companies, etc? The charter does not expressly grant it. If there is authority to tax the gross receipts, is there not the same authority to tax the real estate? And yet it could hardly be contended that the power to tax the real estate of such public corporations is clearly enough expressed to justify the city in imposing such a tax. It must be conceded that the legislature does not have the power to so tax these corporations, and that it can delegate the power to municipalities to tax gross receipts or real estate or whatever else it may choose to tax; but there should be no mistake as to the fact that it does delegate such power.

I am heartily in favor of imposing any tax which may seem reasonable and just, provided there is a reasonable probability of the city being able to sustain such a tax at law and to collect it; and I think that the class of corporations to which I have referred should contribute their share (which is large) of the revenues necessary from time to time to maintain the city government.

It seems to me that it would be advisable to at least take into serious consideration the question whether it would not be better to impose these license taxes in the same manner that all license taxes have heretofore been imposed. Inasmuch as the city has the right to impose these taxes for general revenue purposes, the question of reasonableness would not enter into the matter should the right be disputed in the courts, because, as I have already stated, it would not be the mere exercise of a police power, but the exercise of the power of taxation, which is within the discretion of the municipal authorities. Of course, no tax should be so excessive as to suggest the possibility of confiscation. Inasmuch as it seems to be a new power conferred upon the city, or at least the power of taxation conferred in an unusual way, it seems to me that the safest way to exercise it would be along the lines heretofore adopted in exacting license fees. This view is supported by

the language of the twenty-second paragraph which apparent places in the same class street railways, hack drivers, auctioneers, bill posters, bicycles, tricycles, automobiles, dogs, etc. It may be that the law would sustain a tax on the gross receipts of street railway companies, but there are no gross receipts to tax in the cases of bicycles, tricycles, automobiles and dogs. It would hardly be the proper thing to tax the gross receipts of a hack driver or possibly of a bill poster, or of the owner of a vehicle passing over the streets of our city.

I make these suggestions because they appear to me to be serious ones; and I think it proper to further suggest that no matter what conclusion you may come to in reference to the manner or method of imposing license taxes for general revenue purposes, you should not so frame the next appropriation ordinances as to leave the maintenance of the city government to depend to any unreasonable extent upon the collection of this license tax.

Having said so much upon the question of taxation and license, I wish to expressly call your attention that under the Constitution and Laws of the Commonwealth of Pennsylvania, any municipality may, without the assent of the electors thereof, at a public election, increase its indebtedness to an amount not exceeding two per centum upon the assessed value of the taxable property therein, provided such increased indebtedness does not exceed seven per centum, upon the assessed value of said taxable property.

The books of the city show that the present indebtedness is largely below the seven per centum aforesaid, and that there can be increased by ordinance of Councils a very large sum of money for municipal purposes, without reaching the seven per centum limit, under the two per cent clause heretofore mentioned.

Next year will be the triennial assessment in the city, and if the City Assessors assess the property values with fairness and equity and justices, there will be an increase in the valuation of the City of Pittsburgh, approximately, of \$100,000,000, so that after the current year the current expenses will be met without any large increase of millage.

The great corporation of the City of Pittsburgh should meet its financial questions like any great business corporation, with judgment and discretion; and, in my opinion, the tax levy for this year should not exceed fifteen mills; and that municipal improvement and progress, such as water supply and extension for the down-town congested district, for the East End water supply, for the filtration plant, for the annual deficiencies, for street improvements, bridge improvements, park improvements, fire extension and improvements, police extension and improvements, should be met by a bond issue, under the two per cent. authority vested in your legislative powers. In this manner the city's improvement and embellishment, street and all kinds of improvements, can be kept abreast of her wonderful growth and prosperity, and without an immediate burdensome millage.

As City Recorder I deem it within the scope of my official duties to make these suggestions to you for your consideration. It is impossible for the city to meet its great leaps and bounds of advancement, progress and importance and at the same time constantly reduce the millage that sacrifices its improvements.

While you have before you this tax-levying ordinance I wish to urge upon you the fairness and absolute necessity of increasing the compensation of the employees of the city of Pittsburgh. Rents and living expenses have been so largely advanced that it is almost impossible for the average city wage-earner to have a fair and adequate living, and this part of this message should demand your serious consideration.

Respectfully submitted,

J. O. BROWN,
City Recorder.

COMMON COUNCIL.

C. S. CRAWFORD.....President
W. C. GEARING.....Clerk

PITTSBURGH, January 19, 1903.

Council met pursuant to the following call:

PITTSBURGH, January 19, 1903.

MR. C. S. CRAWFORD,
President of Common Council.

Dear Sir:

At a meeting held on Thursday, January 15th, 1903, of the special joint committee of Councils, appointed under S. C. Resolution No. 425, "for the purpose of representing the City of Pittsburgh and protecting her interests in relation to the application of the Baltimore & Ohio Railroad Company for permission to construct part of its passenger station beyond the harbor lines of the Monongahela river, and in the proposed raising of the bridges over the Monongahela and Allegheny rivers, now pending before the United States Corps of Engineers," it was resolved that the clerks of Councils call special meetings of Councils for Monday, January 19th, 1903, at the usual time for calling Councils. This call, being authorized by the third paragraph of the resolution, which reads as follows:

"Resolved further, That the committee report to Councils promptly, and if in its judgment it is necessary, it is hereby authorized and empowered to call special meeting of Councils for the purpose of considering the matters pending before the said engineer."

Yours respectfully,

W. C. GEARING,
Clerk of Committee.

On motion of Mr. Lestie the reading of the minutes of the previous meeting was dispensed with.

The Chair stated

That the business before Council was the consideration of the report of the committee appointed on the matter of application of the Baltimore & Ohio Railroad Company for permission to construct part of its passenger station beyond the harbor lines of the Monongahela river and the proposed raising of the bridges over the Monongahela and Allegheny rivers.

BUSINESS FROM SELECT COUNCIL.

No. 521.

Whereas, The United States government has now under consideration a question which involves the raising of the various bridges over the Allegheny river, connecting the City of Pittsburgh with the City of Allegheny and other territory on the north side of said river, having doubtless in view the improvement of the river hereafter for purposes of navigation; and

Whereas, It is apparent that if the Allegheny river were so improved as to enlarge the facilities of navigation, such improvement, if not made at a burdensome expense to this city and its people would inure to their interest and welfare, depending, in degree, upon the extent of such improvement; and

Whereas, It is contended, in behalf of certain interests, that in order to successfully carry into effect the project of improving said river for purposes of navigation, it is necessary that the bridges connecting the City of Pittsburgh with the territory on the north side of the river, be so raised from their present heights, which are from thirty (30) to thirty-five (35) feet (varying according to

the particular bridge) above pool water of six (6) feet, to a height of fifty (50) feet above such stage of water, and in the case of the Union bridge to a greater height; and

Whereas, It would reasonably seem to follow that if one bridge (for instance the Sixth street bridge) is to be raised to such height, the others should be so raised, otherwise the improvement sought would in a great measure be ineffectual; and

Whereas, It is the judgment of the corporate authorities of the City of Pittsburgh that whether the said bridges be raised at the ends or approaches, or arched from the ends or approaches, great inconvenience would thereby result to the public and the immense traffic which now passes over these highways would be very seriously interfered with; and

Whereas, It would be absolutely impracticable to raise the approaches of some of the bridges, and it is even questionable whether any of said bridges could be arched and adapted to public use without a change in the approaches, which would mean more or less damage to the owners of abutting property; therefore,

Resolved, That it is the judgment of the corporate authorities of the City of Pittsburgh, not overlooking the desirability and importance of improving the river, that any interference with the said bridges, or any of them, forming, as they do, vast highways for public travel, trade and commerce, would be inadvisable, at the present time, and the corporate authorities of the City of Pittsburgh do hereby protest to the United States government against any such interference, as injurious to the interests of this city and its people.

Resolved further, That the City Clerk be and he is hereby instructed to deliver to the proper officer, or officers, of the United States government, a duly certified copy of this resolution and protest.

JOSEPH C. WASSON, Chairman

MR. W. C. GEARING,
Clerk of Committee of Councils Considering the Question of Raising Bridges, Pittsburgh, Pa.

Dear Sir:

Your notice that the aforesaid committee will meet in the City Clerk's Office, Wednesday afternoon, January 14, 1903, at 3 o'clock, has been received. This office has no desire to take any part in the proceedings at the meeting of such committee, it being a subordinate office of the War Department and not having authority to speak definitely on any subject that will be considered.

The government of the United States has exclusive jurisdiction of the navigable waterways of this country. The extent and nature of such jurisdiction has been specified in laws enacted by the Congress of the United States. Between low water lines this jurisdiction is complete. On the banks between low water line and ordinary high water line a concurrent jurisdiction exists. The owners of the banks of the stream have complete control of such banks for all purposes that do not interfere with the use of the stream for the purpose of navigation. The United States has the right to decide whether or not any use of the banks interferes with such navigation.

In the matter of raising the bridges, the United States has called for certain clear heights and lengths of span only; has specified no method of approach and no limiting grades on such approach. All such matters are left necessarily to the bridge company and the city since the city owns the wharves and streets. The city, therefore, has complete control of that phase of the subject.

The best solution of the question is desired by the United States and when all preliminary proceedings have been gone through with and the order is given to raise the bridges and the Sixth Street Bridge Company undertakes to solve the problem, I am confident that the three parties at interest—the United States, the City of Pittsburgh and the Bridge Company—can, by working in unison, arrive at a plan that will be satisfactory to all, a plan that will not change the present line of travel across the Sixth street bridge and a plan connected with which there will be no grades greater than 4 per cent.

The following is a copy of the law under which the hearings are held:

"Section 18. (River and Harbor Act, March 3, 1889). *That whenever the Secretary of War shall have good reason to believe that any railroad or other bridge now constructed, or which may hereafter be constructed, over any of the navigable waterways of the United States, is an unreasonable obstruction to the free navigation of such waters on account of insufficient height, width of span, or otherwise, or where there is difficulty in passing the draw opening or the draw span of such bridge by rafts, steamboats, or other water craft, it shall be the duty of the said Secretary, first giving the parties reasonable opportunity to be heard, to give notice to the persons or corporations owning or controlling such bridge so to alter the same as to render navigation through or under it reasonably free, easy and unobstructed; and in giving such notice he shall specify the changes recommended by the Chief of Engineers that are required to be made, and shall prescribe in each case a reasonable time in which to make them. If at the end of such time the alteration has not been made, the Secretary of War shall forthwith notify the United States district attorney for the district in which such bridge is situated, to the end that the criminal proceedings hereinafter mentioned may be taken. If the persons, corporation, or association owning or controlling any railroad or other bridge shall,*

after receiving notice to that effect, as hereinbefore required, from the Secretary of War, and within the time prescribed by him wilfully fail or refuse to remove the same or to comply with the lawful order of the Secretary of War in the premises, such persons, corporation, or association shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine not exceeding five thousand dollars, and every month such persons, corporation or association shall remain in default in respect to the removal or alteration of such bridge shall be deemed a new offense, and subject the persons, corporation, or association so offending to the penalties above prescribed: *Provided*, That in any case arising under the provisions of this section an appeal or writ of error may be taken from the district courts or from the existing circuit courts direct to the Supreme Court either by the United States or by the defendants."

Very respectfully,

WM. L. SIBERT,
Captain, Corps of Engineers.

Which was read.

Mr. Brand moved the adoption of the resolution.

The Chair ruled that the resolution would have to go to a committee and referred the same to the Committee on Finance.

The Chair presented

No. 914.

City Recorder's Office, Pittsburgh, Pa.

To the Presidents and Members of Select and Common Councils of the City of Pittsburgh:

Gentlemen:

I return herewith, without my approval, "Resolution C. C. No. 462," which authorizes the Committee on Filtration "to have estimates prepared showing the entire cost of the installation of the proposed Sand Filtration Plant and to engage the services of a person or persons fully qualified to act in conjunction with the Superintendent of the Bureau of Water Supply, or some other competent engineer designated by the Director of the Department of Public Works, to make an estimate or estimates of the entire cost of said plant."

I am unable to see the purpose or advisability of such a resolution. The Department of Public Works has already furnished to Councils estimates upon this subject; these estimates were carefully prepared and submitted in good faith. That department stands ready now to further assist Councils in any manner and to any extent that Councils may suggest. Plans and specifications have been carefully prepared by the Department of Pub-

lic Works at the expense of time, labor and money, and the department is thoroughly able to furnish any information that may be desired upon the subject.

If the purpose of this resolution is to ultimately defeat the proposed plan of Sand Filtration and substitute therefor a system of mechanical filtration, I am unalterably opposed to it. The Filtration Commission which was appointed some years ago by the authority of the City of Pittsburgh to make a full investigation and report upon the subject of filtration was composed of thoroughly capable men, who submitted an exhaustive report in which they recommended a system of sand filtration in preference to all other systems. The report was received, accepted and adopted by the Councils of the City of Pittsburgh, and the people of the City of Pittsburgh, having a proposed system of sand filtration presented to them, voted for a bond issue of \$2,500,000.00 for the purpose of establishing such a system. Unfortunately, however, the prices of labor and material have advanced so largely since the question was considered and voted upon by the people that the amount authorized by the people is not now sufficient to enable the city to construct such a plant and properly put it in operation. I consider it at least doubtful whether, under all the circumstances, the city could use any of the \$2,500,000.00 for the construction of any system of filtration other than sand filtration. Some of that money has already been used in preparation of the establishment of such a system.

I am unwilling to aid in the adoption of any measure which would seem like a step backward on this subject of sand filtration, and I am inclined to think that the adoption of this resolution by the authorities of the City of Pittsburgh would be a step backward toward mechanical filtration.

Respectfully submitted.

Pittsburgh, January 15, 1903.

Which was read, received and filed.

Also

C. C. No. 462.

Whereas, The City of Pittsburgh has issued bonds to the amount of \$2,500,000.00, and authorized the expenditure of this amount for the building and equipping of a filtration plant; and

Whereas, The Director of Public Works has approximately estimated that the entire cost of the filtration plant, not including covers, will be \$3,635,500.00; and

Whereas, It has been approximately estimated that the cost of covering the filter beds will be about \$600,00.00, and

Whereas, There is such a wide discrepancy between the amount of money authorized by the people to be spent for the building of the filtration plant and the estimated cost stated by the Director of Public Works; and

Whereas, It is necessary, before any further expenditure of money, that the total cost of the contemplated plant be

ascertained according to the plans and specifications now being prepared by the Director of Public Works; and

Whereas, The Director of the Department of Public Works has stated that the plans and specifications for the work will be completed within three weeks, now be it

Resolved, That the Committee on Filtration shall be and is hereby authorized and empowered, on completion of the plans and specifications, to have estimates prepared showing the entire cost of the installation of the proposed sand filtration plant, and for that purpose shall be and is hereby authorized and empowered to engage the service of a person, or persons, fully qualified, to act in conjunction with the superintendent of the Bureau of Water Supply, or some other competent engineer designated by the Director of Public Works to make an estimate or estimates of the entire cost of said plant. The expense attending the preparation of the estimate to be paid from Appropriation No. 42, Contingent Fund. On completion of the estimate and delivery of the same to the chairman of the Committee on Filtration, the City Controller is hereby authorized and directed to issue his certificate on the City Recorder for a warrant in payment of said expense.

No. 917.

PITTSBURGH, January 19, 1903.

To the Select and Common Councils of the City of Pittsburgh.

Gentlemen:

Your special committee appointed to confer with the officials of the Pennsylvania Railroad Company relative to the placing of floors on the several overhead bridges crossing the streets on the South Side by the reconstructed roadway of the Pittsburgh, Virginia & Charleston Railway, in order to protect the traveling public under said bridges, beg leave to report as follows:

At a meeting held by said committee, it was the unanimous desire of the committee that the Pittsburgh, Virginia & Charleston Railway Company construct compact flooring in the several overhead bridges, and your committee would therefore respectfully ask your honorable bodies for the passage of a resolution authorizing and directing the Director of the Department of Public Works to confer with the said Railway Company in reference to having the said compact flooring constructed in said overhead bridges.

No. 919.

PITTSBURGH, PA., January 12, 1903.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen:—

We, the undersigned, petition your honorable bodies to appoint a Committee to investigate the summary discharge of six members of the Bureau of Detectives on November 3d, on charge of inefficiency made by Philip Demmel, Superintendent of the said Bureau, which was without just cause, unwarranted and without a hearing in any form; also to investigate counter-charges of inefficiency and dishonesty preferred

against Philip Demmel at the hearing before Recorder J. O. Brown and A. H. Leslie, Director Department of Public Safety, on November 8th, 1902, and for which the said Recorder has refused to answer or reply after repeated request to do so.

Charge (1) In that the said Philip Demmel did take a diamond stud valued at \$400.00 from one "William Sweeney" in the cell rooms of the Central Police Station, where he (William Sweeney) was confined as a prisoner, having been arrested on charge of suspicion of being a professional thief by other officers, and that he did have the said defendant taken, without the knowledge of the arresting officers before a Police Magistrate and discharged, thereby depriving the arresting officers from sustaining the charges for which the defendant had been arrested.

Charge (2) In that the said Philip Demmel did accept as a bribe \$100.00 from Harry Steran, alias "Franklin" and John Salter, professional thieves, on January 9th, 1902. That these defendants, which is a matter of public record, did steal the watch of J. Guy McCandless, Director Department of Public Works, and a diamond stone from J. K. Jolly and jewelry of other citizens, which portions of the numerous things stolen were returned and which was considered part of the sentence imposed on the defendants by Superintendent Demmel. After being released, as a result of the above bribe, these persons did rob a certain "Mr. Kaufmann" at one of the Pennsylvania Railroad Stations, and before they got away from the jurisdiction of the Allegheny County Courts, and that the said "John Salter," the only one of the defendants captured, was arrested by private detectives of the Railroad Company, and is now serving a term in the Western Penitentiary, and that the other defendant is still a fugitive from justice.

Charge (3) In that the said Philip Demmel had accepted as a bribe \$100.00 from John Clark and John Cleveland, professional thieves, on January 21st, 1902. That the above named defendants were arrested in this city charged with being suspicious persons and they were discharged as a result of the above bribe.

Charge (4) That the said Philip Demmel did, through his inefficiency and dishonesty as Superintendent, bring the Bureau of Detectives to a state where it

was the laughing stock of thieves, gamblers and other criminals, whom the Bureau was formerly able to control when the law was violated.

WILLIAM SHORE,
CHAS. C. McGOVERN,
HARRIE JONES,
Committee.

Which was referred to the Committee on Public Safety.

C. C. No. 611.

PITTSBURGH, PA., July 31, 1902.

To the Select and Common Councils of the City of Pittsburgh.

Gentlemen:—

The petition of the undersigned respectfully represents that he was the owner of certain lot of ground on Negley avenue; that the City under an ordinance constructed a sewer and graded and paved the street; that your petitioner was assessed for said improvement as follows:

Construction of sewer.....	\$ 75.16
Grading, paving, etc.....	1,021.84

That he promptly paid his assessments for the improvement; that subsequently the assessments for these improvements were stricken down by the Supreme Court; that afterwards under the curative act a reassessment was made and the assessments against the property were as follows:

Construction of sewer	\$ 68.85
Grading and paving	988.82

Your petitioner, therefore, respectfully asks that under the Act of Assembly and General Ordinance of Councils, the difference between the amount paid by him and the amounts assessed in the legal assessments may be refunded.

And he will ever pray, etc.,

H. P. SLOTERBECK.

PITTSBURGH, February 3, 1903.

Council met pursuant to the following call:

PITTSBURGH, January 31, 1903.

MR. W. C. GEARING,

Clerk of Common Council.

Dear Sir:—

Please call a special meeting of Common Council for Tuesday evening, February 3rd, 1903, at 7:30 o'clock, for the purpose of taking up unfinished business of Common Council and such other business that may come before the meeting.

Yours respectfully,

C. S. CRAWFORD,
President.

Which was read and received.

Present—Messrs.

On motion of Mr. D. F. Crawford the reading of the minutes of the previous meeting was dispensed with.

Mr. Leslie moved

A suspension of the order of business in order to take up from Select Council

C. C. Bill, No. 640, An ordinance granting certain rights, privileges and franchises to the Pittsburgh, Carnegie and Western Railroad Company.

The Chair ruled the motion out of order, as the bill was not before Common Council, it not having been messaged from Select Council.

The Clerk of Select Council being introduced messaged C. C. Bill, No. 640, An ordinance granting certain rights, privileges and franchises to the Pittsburgh, Carnegie and Western Railroad Company, its lessees, successors and assigns.

Mr. Leslie moved

A suspension of the order of business in order to take up the bill.

Which motion prevailed.

S. C. Bill No. 640. An Ordinance entitled "An Ordinance granting certain rights, privileges and franchises to the Pittsburgh, Carnegie and Western Railroad Company, its lessees, successors and assigns.

In Common Council, December 6th, 1902. Passed.

In Select Council, January 29th, 1903. Amended.

In Select Council, February 2nd, 1903. Passed as amended.

Which was read as amended, the amendments being as follows:

In Section 1, by adding Exhibits B and C and by changing the height of lowest part of structure at Duquesne way from 758 feet tide elevation to 756 feet.

In paragraph designated Route 1st, by inserting after the word "Pittsburgh," the words "substantially as shown on Exhibit A."

In paragraph designated Route 2nd, by adding the following:

"As shown on 'Exhibit A,' which structure shall be elevated and shall be constructed by said railroad in the manner as hereinafter provided for the construction of elevated structures constituting part of its railroad, and be supported by columns set one foot from the curb lines on Liberty avenue and Duquesne way; and also upon the Allegheny river wharf on each side and substantially at the line of any right of way now or hereafter granted to any other railroad company on said wharf, so as to provide for proper crossings of such right of way and any structures erected thereon."

By adding new paragraphs as Routes 3rd and 4th as follows:

"3d. Commencing on the main line near Carson street; thence by a curve into West Carson street to its center line; thence along the center line of West Carson street and Carson street to a point near the line of land formerly of the Robinson-Rea Company, now owned by the Pittsburgh, Carnegie and Western Railroad Company; thence curving into and through said property and other property of said railroad company, crossing the Pittsburgh and Lake Erie Railroad and passing under the bridge of the Pittsburgh, Cincinnati, Chicago and St. Louis Railroad to the north side of the Pittsburgh and Lake Erie Railroad to the bank of the Monongahela river parallel with said Pittsburgh and Lake Erie Railroad to a point of connection with the Monongahela Connecting Railroad and about 100 feet east of South Twenty-fifth street, as shown on 'Exhibit B,' which is made part of this ordinance."

"4th. Beginning on main line in the Thirty-second ward at Station 69::82; thence in an easterly direction along the valley of Saw Mill Run crossing Grace street, Vale street, Reed street and Weinman street to the city line at the center of Washington avenue at a point 49 34-100 feet south of the south line of Boggs avenue, as shown on 'Exhibit C,' which is made a part of this ordinance."

By amending Section 5, which read as follows:

"Section 5. That in the construction of their roadway where the same shall cross any street, the said company, where the roadway is above or below the roadway of said streets, shall construct bridges over and across said streets to a span equal to the full width of said streets and sidewalks. That in the construction where same crosses Water street, First, Second, Third, Fourth, Liberty and Penn avenues and Duquesne way and alleys intervening said avenues and streets, the bridges or arches shall be located within the property lines of said railroad company, and of the full width of the avenues, streets and alleys.

"That wherever the crossings shall be over a street, it shall be by good and substantial stone or steel bridge with a clear height of not less than 14 feet, and be closely floored in such a manner as to prevent the falling of any substances, filth or water into the streets below. Where it becomes necessary to a proper crossing, to change the location or grade of any such streets, lanes, alleys, highways, etc., such changes shall be authorized by ordinance, and the whole cost thereof lawfully awarded shall be paid by the said railroad company. Where the railroad of said railroad company consists of an elevated structure, and is operated as an elevated railroad, the construction shall be of steel, supported by columns set entirely upon the property of said Railroad Company, whose construction and height above the street shall be as hereinbefore provided in case of crossings."

By substituting a new Section as Section 5 as follows:

"Section 5. That in the construction of their roadway where the same shall cross streets, the said company, where the roadway is above or below the roadway of said streets, shall construct bridges over and across said streets to a span equal to the full width of said streets and sidewalks. Provided, however, that said railroad company shall have the right to construct and maintain columns and supports for overhead bridges and crossings one foot from the curb lines of streets crossed by its road (subject to the approval of the Director of the Department of Public Works as to position and construction), where said railroad company owns the property on both sides of the streets at the points of crossings; and provided, further, that said railroad company shall have the right to construct and maintain columns under like conditions at its crossing of Duquesne way. That in the construction of said bridges and crossings where the same cross Water street, First, Second, Third, Fourth, Liberty and Penn avenues and Duquesne way and the alleys intervening said streets and avenues, the supports of the bridges or crossings shall be located within the property lines of said railroad company and the spans of said bridges or crossings shall be of the full width of the avenues, streets and alleys, except as in this section otherwise provided in case of ownership by said company of property on both sides of said streets, avenues and alleys.

"That wherever the crossings shall be over a street, it shall be by good and substantial stone or steel bridge with clear height of not less than 14 feet, and be closely floored in such manner as to prevent the falling of any substances, filth or water into the streets below. Where it becomes necessary to a proper crossing, to change the location or grade of any such streets, lanes, alleys, highways, etc., such changes shall be authorized by ordinance, and the whole cost thereof lawfully awarded shall be paid by the said railroad company. Where the railroad of said railroad company consists of an elevated structure, and is operated as an elevated railroad, the construction shall be of steel, supported by columns set one foot from the curb lines of the streets traversed by said elevated structure, whose construction and height above the street shall be as hereinbefore provided in case of crossings."

By inserting in Section 6 before the words "Committee on Public Works" the words "Joint Standing."

Mr. D. F. Crawford moved

That Common Council concur in the amendments as made by Select Council.

Which motion prevailed by the following vote:

A Y E S—Messrs.

No. 936.

PITTSBURGH, February 2, 1903.

To the President and Members of Common Council:

Gentlemen:—

In compliance with the following resolution, to-wit:

C. C. No. 746.

Resolved, That the President of Common Council shall be and is hereby directed to appoint a select committee of five members of Common Council, whose business it shall be to visit and examine the personal property of the city at the several station houses, engine houses, machine shops, etc., and report on the condition of the same, and make any recommendations for the disposal or renewal of such property as they, in their judgment, deem fit.

Passed in Common Council November 10th, 1902.

Attest: **W. C. GEARING,**
Clerk.

And in pursuance of the above resolution, your committee made a personal visit to the station houses, engine houses, machine shops, and after receiving such information from the captains and others connected with the service, we recommend that a time be fixed by the Directors of the Departments of Public Safety and Public Works for the sale of horses, wagons, harness and all other properties accumulating in the Department.

We also find four extra engines which should be kept in better condition in case they be pressed into service.

We would also recommend the following: That shower baths and driers be placed in the basements of engine houses of the several companies which have none.

We would also recommend that small ranges for cooking, and cupboards and tables be placed in the several companies which have none.

We would recommend that the lease of the property on Cherry alley, known as the Jackson property and used for a machine shop, be discontinued.

Also, we wish to report that we find the Departments in very good order in general, and we appreciate the courtesy extended to us, in our inspection, by the members of Departments.

All of which we submit for your consideration.

Very respectfully submitted,
JOHN LAULER,
Chairman.

CHAS. C. SCHAD,
J. K. WYMAED,
GERHART SAHNER,
JOS. WALLS,

The Chair presented

No. 937.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen:—

On the 27th day of October, A. D. 1902, the following resolution was adopted in Councils:

"Resolved, That the portion of Schenley Park lying adjacent to and east of the Murdoch entrance should be selected (with the consent of Mrs. Schenley) as the site for the proposed Technological School, and that the Chairmen of Select and Common Councils be appointed a committee to suggest a plan to secure Mrs. Schenley's consent to its use for that purpose."

Your committee, authorized under that resolution, respectfully reports:

Both members of your committee are heartily in accord with the spirit of the resolution, and are convinced that the site of the Murdoch entrance to the park

is by long odds, and for many reasons, the most desirable of all yet proposed.

Immediately after our appointment, we proceeded to procure information upon the subject. We examined the sites known as the "eleven acre site," "the Flinn and Magee site," and the "fifty-two and thirty-two acre sites" on the hillside below Center avenue. We communicated with members of the committee appointed by the library commission known as the "Plan and Scope Committee." We procured plans of different sites, and made arrangements for the procuring of photographs of the proposed Murdoch entrance site. From the sub-committee on "Plan and Scope" we obtained information as to the amount of ground required, as to the nature and character of the buildings, and the purposes for which they were to be used. We secured an estimate as to the amount of floor space which would be required. We received information tending to show that no buildings should be more than two stories high, and should be ornamentally and artistically arranged upon the ground.

The Plan and Scope Committee seems to be of the opinion that a site, in order to be suitable, should contain at least thirty-two acres of ground.

While it was not our duty to take into consideration any other site, it was, nevertheless, thought proper to secure the proper data in order to present to Mrs. Schenley the demerits of other sites which had been proposed and the superiority of the Murdoch entrance site over the others, so as to meet any objections which she might make.

It was very evident to us, after our interviews with the members of the Plan and Scope Committee, that the eleven acre site was entirely too small; that the Flinn and Magee site was also too small.

An objection was made to us in relation to the hillside site, that it would be necessary to erect the buildings in a row, or in such a manner not desirable or artistic, and, in case it became necessary hereafter to extend the buildings, this objection would still have greater force. In order to afford sufficient room, it would be necessary to dig into the hillside and erect retaining walls to support the bank, and thus the rear of the buildings would be rendered dark and undesirable, and the more buildings there were, and the further they were extended toward the hillside, the greater this objection would become.

In view of the fact that one of the most influential newspapers of the city published an article shortly after the passage of the resolution appointing your committee, in which it was stated that it had caused its correspondent in England to interview Mrs. Schenley upon the subject, and that she had stated to that correspondent her unwillingness to have the buildings erected on the Murdoch entrance park site, and, in view of the further fact that it was also stated by other reputable newspapers of the city that influences from this city have been brought to bear upon her to induce her to refuse to give her consent, we reached the conclusion that it would be much better to present to her personally, the

facts of the case, rather than communicate with her by mail.

We have concluded that it would be best for Councils to send some person, or persons, to represent the city. With this end in view, we interviewed Captain W. F. Aull, agent of the Denny estate (who has a personal acquaintance of long standing with Mrs. Schenley), and who has considerable knowledge of the management of her estate, and suggested to him the mission. Mr. Aull became deeply interested in the matter, and was willing to visit Mrs. Schenley in relation thereto; but when he had thoroughly informed himself of the proposition and had formed a plan of presenting it to Mrs. Schenley, he was advised by his physician that his health would not permit of a sea voyage. He had suggested to us that, before presenting the matter to Mrs. Schenley, it would be better to interview John W. Herron, Esq., her Pittsburg agent, on the subject, as, beyond all question in his mind, she would refer the matter to Mr. Herron for an opinion and act upon his suggestion.

Your committee waited upon Mr. Herron, and had lengthy interviews with him upon the matter, and, while he did not expressly say that he would oppose the park site, he gave us to understand that he believed it to be unsuitable. He informed us that different citizens had stated to him that if an attempt was made to erect the school upon that site, even with Mrs. Schenley's consent, an application would be made to Court for an injunction to restrain the erection of the buildings.

Your committee was not able to ascertain from him who these parties were. Inquiries made in other directions were equally unsatisfactory. We received information, however, that persons residing in the vicinity were opposed to it and intended to oppose the erection of the buildings by all known legal methods. This information reached us from so many different directions and persons that we had no hesitation in believing it to be true.

We, at last, requested Mr. Herron to communicate with Mrs. Schenley to ascertain whether or not she would receive a committee to discuss the question with her, and to name a time and place for such a meeting. Mr. Herron has informed us that he presented the matter to her, but has received no reply to his communication; although sufficient time has elapsed for the communication to have reached her and a reply to have been received.

After it was learned that Mr. Aull could not go to see Mrs. Schenley, and, while negotiations were going on with Mr. Herron, your committee talked with another gentleman with respect to presenting the matter to Mrs. Schenley personally, namely, Prof. J. A. Brashear. Prof. Brashear is himself heartily in favor of the Murdoch entrance park site. He was originally opposed to that site; but, upon examination and mature thought, he is convinced of its preference over all other sites, and is willing to present the matter to Mrs. Schenley provided she will fix a time and place of meeting.

At the request of your committee, Prof. Brashear and Mr. Scaife, both of the Plan and Scope Committee, visited Mr. Herron with the same purpose in view which your committee had in visiting him. Their interviews with Mr. Herron did not prove any more satisfactory than the interviews which your committee had with him.

Your committee then had an interview with W. N. Frew, Esq., President of the Board of Trustees of the Carnegie Institute, and requested him to interview Mr. Herron on our behalf; also requesting him to suggest the propriety of a committee to visit Mrs. Schenley, and to obtain from Mr. Herron an expression of his views in case Mrs. Schenley referred the matter to him. We annex hereto a copy of a letter addressed by Mr. Herron to Mr. Frew, which is conclusive, at least, of Mr. Herron's views in the matter.

Your committee, in view of all these circumstances, is firmly of the opinion that it will be useless to present the matter to Mrs. Schenley by a correspondence with her. There can be no question of the fact that any such presentation will only result with a reference back to John W. Herron, Esq., her agent, and in view of the advice which Mr. Herron will doubtless give, as expressed in his letter, she will without doubt, refuse to give her consent. The only way in which her consent can be secured, if at all, will be by personal representation of the matter to her by some person who is thoroughly acquainted and enthused with the project, and who can present to her all of the data and information which it is possible to obtain. The propriety of these Councils requesting a reputable and well-known citizen, or citizens, to visit Mrs. Schenley, on behalf of the city in this matter, without making some provision for the cost and expenses of such a trip, will be manifest to all, and we respectfully recommend that some such provision be made, provided your honorable bodies desire to send a personal representative regardless of the sentiment expressed by her Pittsburg agent to whom, in all likelihood, the matter will finally be referred.

Respectfully submitted,

JOHN S. LAMBIE,

President, Select Council.

C. S. CRAWFORD,

President, Common Council.

PITTSBURGH, PA., January 28, 1903.

Messrs. John S. Lambie and Charles S. Crawford, Presidents of Select and Common Councils:

Gentlemen:—

At your suggestion I last Thursday called on Mr. John W. Herron, agent of the Schenley estate, for the purpose of learning if possible what advice he would give Mrs. Schenley in case his opinion were asked in regard to the use of a portion of Schenley Park as a site for the proposed Technical School, it being your belief that she would naturally, before deciding, confer with him

on the subject. I have to-day received his answer, a copy of which I enclose.

Respectfully yours,

W. N. FREW.

LAKEWOOD, N. J., January 28, 1903.

Mr. W. N. Frew, Frick Building, Pittsburgh, Pa.:

Dear Sir:—

If I properly understand your report to me, the Committee of Councils on Polytechnic School site feeling the question will eventually be referred to me by Mrs. Schenley, desire to know my personal views as to the location recommended in Schenley Park, and that if I do not favor the park project that they will no longer delay necessary action in securing another site.

I have wished to be left out of this controversy, but I feel the delay in securing a site suited to the ideas of both the Plan and Scope Committee and the public has become a serious question and should be brought to a speedy conclusion. I reply, therefore, to your inquiry that in my judgment the present and future success of the school requires a more central and accessible location; and as far as I am able to judge that is the view taken by almost all of our citizens. And should the question be referred to me for decision, I would advise against the location selected.

If you wish, you can report my views to the committee.

Respectfully yours,

JOHN W. HERRON.

The Chair presented

No. 947.

PITTSBURGH, February 9, 1903.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen:—

I enclose you some additional suggestions from the committee on congested street railway traffic. They are of the utmost importance to the traveling public, and I respectfully refer them to you.

Yours truly,

J. O. BROWN,
City Recorder.

HON. J. O. BROWN,

Recorder City of Pittsburgh,
Pittsburgh, Pa.

Dear Sir:—

In connection with former reports submitted to you, your committee desires to present a supplemental report, giving a suggestion of a subway from the main part of the city to East Liberty. It is based upon the use of Grant street as a base line, by which any desired portion of the traffic on the different avenues from Water street to Seventh avenue could be led to the viaduct across the Pennsylvania railroad tracks, and via subway under Locust street and tunnel under Allequippa street and Center avenue, to the East End, as is more particularly shown on the accompanying blue print and schedule. This, with the many modifications which can be suggested (among which may be a connecting tunnel from the head of Seventh avenue or the widened Strawberry alley), would give an express outlet from the main portion of the city to a station in the East End from which a general distribution could be made.

Your committee believes that by the different routes here and heretofore presented and suggested, the present and growing street passenger traffic could be accommodated for many years to come, and all that would be necessary would be a proper equipment and distribution.

Yours very truly,

(Signed)

For the Committee, REUBEN MILLER,

Chairman.

PITTSBURGH, PA., January 26, 1903.

REUBEN MILLER,

Chairman Rapid Transit Commission.

Pittsburgh, Pa.

Sir:—

In accordance with your request, we hand you herewith a plat showing the approximate alignment and profile of a "Proposed Subway Traction Route, From Down Town to East Liberty," as outlined by yourself. As stated on the plat, this is based upon the available records in the offices in City Hall, and roughly checked from a personal reconnaissance upon the ground. While the data may, in certain cases, not accurately represent the conditions to-day, especially upon many of the older streets, it is not believed that such changes as may be determined from an accurate survey, will change the conclusions to any marked degree, or will be such as will render the project unfeasible.

The suggested alignment and grades are not given as being the best, but sufficient to show what can be done without serious encroachment upon building lines and such grades as will be possible on which to operate and to give proper clearance at all important points.

In order to have a four-track thoroughfare, it will be necessary to encroach upon the building lines a portion of the distance as is tabulated in "Appendix No. 2." If two tracks will prove, upon further investigation, to be sufficient from Soho to East Liberty, then the encroachments mentioned upon Soho and Allequippa streets and in Centre avenue will be avoided.

It will be necessary to occupy private property over certain portions of the route, as in tabulated "Appendix No. 3." In almost all cases, especially near the Soho district, the property thus to be secured is not improved by expensive buildings and is relatively small value.

It is known that there are numerous sewers, water and gas pipes to be encountered along the route, and some crossing it directly; however, compared with similar work in New York and Boston, the problem of changing such present piping is relatively an easy one.

The route is favorable in two ways, viz: The access is convenient for downtown cars, by means of viaduct approaches over the Pan Handle tracks, also the exit to East Liberty is favor-

able for the distribution of cars up Highland, and out Penn. Frankstown, and the new extension of Hamilton avenue. Probably a widening and extension of Beltier street will be helpful in providing an outlet to the three thoroughfares last named. In addition, there is a possible convenient arrangement to send a portion of the cars out Second avenue from the proposed Brady street viaduct.

While the approximate plat is sufficient to show the possibility of such a route, it is probable that a detailed survey will exhibit the advisability of several changes, viz: In relative amounts of tunnel, subway and viaduct, in depths of cutting in grades, curves and location of termini. It is particularly suggested that such detailed survey is necessary for the purpose of establishing the relative cost, economy of operation, and ability to meet the demands of traffic, as compared with other routes.

Accompanying this, in addition to the plat heretofore mentioned, will be found the following appendices:

No. 1: Summary of Types of Construction.

No. 2: List of Portions of Route Encroaching Upon Building Lines.

Mr. West presented

No. 948. Resolution authorizing the issuing of a warrant in favor of C. R. Orcutt for the sum of \$120.00, for a collection of cactus, agaves, fourfuerias and other succulents from California, Mexico, South America, etc., and charge the same to Appropriation No. 36, Bureau of Parks.

Which was referred to the Committee on Finance.

Mr. Stevenson presented

No. 949.

To the Finance Committee and the Councils of the City of Pittsburgh:

Whereas, On account of the shortage in the water supply for fire protection in the down-town district, the Board of Fire Underwriters have added to the cost of insurance \$.20 per hundred dollars, which, by resolution, the said board have agreed to remove when the city authorities furnish a sufficient water supply in the said down-town district.

Whereas, This extra amount of insurance will nearly, if not fully equal the total cost of the required increase of water supply in a single year, the cost of which is estimated to be two hundred and fifteen thousand dollars (\$215,000), which amount should be placed in the appropriation ordinance of this year (1903) so that immediate relief might be had.

The undersigned taxpayers of the city respectfully urge upon the said Finance Committee and Councils to appropriate the above mentioned sum of money so that the Department of Public Works may be able to proceed forthwith with the required improvements.

(Signed by the property owners and business interests in the down-town district.)

Also

No. 950. An Ordinance amending Section 44 of an Ordinance entitled "An Ordinance to carry into effect in the City of Pittsburgh an Act of Assembly entitled 'An Act for the government of cities of the second class,' approved the 7th day of March, 1901; referring to the qualifications and appointments of the City Recorder; establishing the Departments of Public Safety, Public Works, Collector of Delinquent Taxes, Assessors, City Treasurer, City Controller, Law, Charities and Correction and Sinking Fund Commission; creating and fixing bureaus and the titles thereof and subordinate officers and offices; prescribing the mode of their election or appointment, defining the duties and powers of such; fixing the amount of bonds to be given, and allotting the various bureaus and other officers to the proper departments, approved the 7th day of January, 1902."

Also

PITTSBURGH, February 9, 1903.

To the President and Members of Common Council of the City of Pittsburgh:

GENTLEMEN:—

The Salary Revision Committee, appointed June 9th, 1902, under the following resolution of Common Council:

Resolved, That the President of Common Council shall be and is hereby authorized and directed to appoint a committee of three (3) for the purpose of examining into and ascertaining the numbers of the employees in the several departments of the city government, and the salaries or wages paid to such employees. This committee to formulate and report an ordinance or ordinances revising and fixing the salaries paid to such employees. This committee shall have the power to summon and examine, under oath, heads of the various departments and bureaus of the City of Pittsburgh, and to require the production of such books and papers as may be necessary in said examination and inquiry; the necessary expenses incurred in this examination and inquiry to be borne by the City of Pittsburgh; and

Be it resolved, That all ordinances relating to salaries shall be and is hereby referred to the committee constituted by these resolutions.

Respectfully reports

That the committee held ten meetings at which payrolls were submitted and testimony heard relating to the duties and salaries of city employees.

Your committee, after carefully considering the question in all its phases, with a view of equalizing salaries as well as dispensing with unnecessary employees, respectfully submit the accompanying ordinances for your consideration and adoption.

On motion of Mr. Soffel the reading of the minutes of the previous meeting was dispensed with.

Mr. Brown arose to a question of personal privilege, stating: That at a political meeting a few nights ago Mr. Wasson, a member of this Council from the Twentieth ward, made remarks to the effect that there were at least six members of Councils on the personal payroll of certain person or persons; that the statement contained innuendos of bribery against every member of Councils, Select as well as Common, and called upon Mr. Wasson to name the six members.

Mr. Leslie arose to a point of order, and asked if the member had anything to offer to Council

Mr. Brown—If Mr. Wasson refuses to present the names of the persons whom

he charges with this offense I will offer a resolution.

Mr. Wasson—If Council will waive the rules I will make a statement of the fact.

Mr. Edwards moved that permission be granted Mr. Wasson.

Which motion prevailed.

Permission being granted Mr. Wasson said:

I made a speech night before last in which I made a statement and if it will interest the members of Council I will read it, and read the following: "It is a fact, I am told, that there are at least six members of your City Councils who are on the personal payroll of Thomas S. Bigelow, working in his interest for the advancement of his political projects." I was misquoted by the press.

I wish to say that Mr. Brown made a statement the other day, quoting Mr. Leslie for saying certain things in regard to the graft from down-town privileges, and he was misquoted on it. The two cases are identical.

Mr. Lamb asked Mr. Wasson to name the persons to whom he had reference.

Mr. Hughes insisted upon Mr. Wasson naming the members and said the statement was a lie.

Mr. Stevenson asked Mr. Wasson if he did not give his speeches impromptu.

Mr. Wasson—Yes, sir.

Mr. Stevenson—Yet you deny that what you said on the spur of the moment was true against what was taken down at the time you said it.

Mr. Wasson—I have read to Council the exact words I used in my speech. I do not know who the men are. I simply said I was told that there were six members of Councils on the personal payroll of Thomas S. Bigelow, and will say, if any member of this body is receiving money and is not giving value in return, he should return it.

Mr. Brown—I have heard Mr. Wasson's explanation, and I do not think that it is sufficient. I, therefore, ask permission to present a resolution.

Privilege having been granted, Mr. Brown presented.

No. 975.

Whereas. It appears by the public press of the city that Joseph C. Wasson, a member of this Council, in breach of

all form and precedent, and in disregard of all duty and respect to the members of the Select and Common Councils of the City of Pittsburgh, has in a public, political speech used language giving rise to the innuendo that some six members of his associates of said Councils are now and have been guilty of bribery in relation to the performance of their official duties as such members of Councils, and that said members so charged are in the private pay of some person or persons and thereby and by reason thereof are corruptly and criminally controlled by and under the dictation of such person or persons in promoting and enacting legislation in relation to the public business and affairs of the City of Pittsburgh; and

Whereas, The failure to name the members of Councils so charged with such criminal misconduct is a personal affront to every member of Councils, and tends at once to place every member of Councils under public suspicion; and

Whereas, Public justice, the dignity of Councils, and the protection of the rights and reputation of its members require that immediate action be taken to investigate and report upon the grave charges so made, to the end that any and all parties who may be guilty of or connected with the alleged offenses may be brought to justice;

Therefore be it resolved, That a committee of five members of Councils, two from Select and three from Common Council, be appointed by the presidents of Councils to investigate said charges and report thereon to Councils. And for said purpose, said committee is authorized to send for persons and papers and to examine witnesses under oath, and the City Recorder is requested to issue his subpoena to compel the attendance of such witnesses.

Which was read.

Mr. Stevenson moved the adoption of the resolution.

Mr. Leslie—The wording of the resolution is utterly at variance with the real words Mr. Wasson used. He has made a fair and honest statement of his utterances at that meeting, and the resolution does not conform with his actual words. I ask that the resolution be declared out of order.

Mr. Brown said that he had presented the resolution in what he believed was strict conformity with the statements printed. He said that the following paragraph of Mr. Wasson's speech referred to the Bigelow headquarters in the Hotel Duquesne, where Councilmen went to get their orders. He said he believed everything in the resolution was entirely justified by what he had read.

Mr. Stevenson asked the attention of the members of council to what Mr. Wasson had really said, claiming that the statement was broad enough to justify the passage of the resolution. He believed that Mr. Wasson did not only mean political projects of Thomas S. Bigelow in the recordership fight, but in city legislation as well.

Mr. Leslie said that Councilmanic papers to go on record must be absolutely true and correct. I do not believe the

resolution is of that kind. I denounce the resolution as a twisted statement of no fact. Mr. Wasson has made a frank statement, and which I believe to be true. This resolution as it is not in any sense or form to be entertained in Council, it is not based wholly on Wasson's statement, because the statement is not incorporated, and I would ask the member to embody the language of Mr. Wasson.

Mr. Brown refused to allow the resolution to be amended in that particular, but agreed that it might be changed to read that the remarks had cast innuendoes.

Permission being granted, Mr. Brown amended the resolution by inserting after the word "whereas" in the first preamble the following words: "It appears by the public press of the city that," and after the words "political speech in same preamble by striking out the words "made the grave and criminal charge," and inserting in lieu thereof the words "used language giving rise to the innuendo."

And the resolution was read as amended.

Mr. Leslie said that proceedings were not being carried on under the provisions of the Wallace act governing councilmanic investigations.

The Chair ruled that the proceedings were proper.

Mr. Stevenson moved that the resolution as amended be adopted.

Upon which motion Mr. Leslie demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

Which motion did not prevail upon a division of the vote, the ayes were 16 noes 26.

Mr. Stevenson moved

To amend the bill by adding a new section to be known as Section 3, as follows:

Section 3. That the purchase of the foregoing land by the City of Pittsburgh is hereby made subject to the passage and approval of the following proposed Act of Assembly.

An Act authorizing and empowering cities to permit the use of portions of public parks for sites for Technological Schools or institutions for the promotion of arts and sciences.

Section 1. Be it enacted, etc., That whenever any city of this Commonwealth shall acquire by purchase, in fee simple, any real estate for public park purposes, such city is hereby authorized and empowered to set aside such part or parts of said real estate as it may elect so to set aside, for a building site or site for technological schools or institutions for the promotion of arts and sciences, and to permit the use of such site or sites for the purpose of establishing and maintaining thereon such schools and institutions. Provided, however, that no school or institution shall

be placed on any plot of ground acquired for public park purposes, which does not exceed five acres in area, unless it immediately adjoins and forms part of a larger tract of ground used for public park purposes. And, provided, also, that this Act shall not be construed so as to permit the establishment or maintenance in a public park of any school or institution in which the municipality shall not have a voice in the management.

Which motion prevailed.

Mr. Reitz presented

No. 979. Resolved, That a committee of five members, three from Common and two from Select Council, be appointed to act in conjunction with the City Solicitor to prepare an Act and promote its passage to enable the city to use park lands for a proposed School of Technology.

UNFINISHED BUSINESS OF COMMON COUNCIL.

The Chair took up

C. C. Bill No. 951. An Ordinance entitled "An Ordinance authorizing and directing the purchase of a tract of land for park purposes, situate in the Twenty-second ward of the City of Pittsburgh, from William Flinn and the estate of Christopher L. Magee, deceased, and providing for the payment of purchase money therefor out of the proceeds of the sale of bonds for park purposes."

In Common Council February 12, 1903. Read a first time. Rule suspended to allow the second reading. Read a second time and amended by adding a new section as Section 3.

Which was read as amended.

The Chair presented

No. 981.

PITTSBURGH, February 14, 1903.

To the Select and Common Councils of the City of Pittsburgh:

GENTLEMEN:—

I herewith transmit to you resolutions of the Board of Trustees of the Carnegie Institute approving the purchase of what is known as "The Flinn and Magee Tract," for technical school. These resolutions state that this site meets with the approval of Mr. Andrew Carnegie, and, therefore, ought to meet with the approval of the City of Pittsburgh.

Respectfully submitted,

J. O. BROWN,

City Recorder.

Whereas the plot of ground containing 32 acres adjoining Schenley Park on the east known as the Flinn-Magee tract, has been placed under option as a site for the Technical School offered by Mr. Andrew Carnegie to the City of Pittsburgh; and,

Whereas, said site has met with the approval of Mr. Carnegie; therefore, be it

Resolved, That in the opinion of this board said tract is the best available location for said school and Mr. Carnegie's selection is hereby indorsed.

Resolved further, That the members of Councils be urged to secure said site without delay.

Resolved further, That the president of this board be directed to transmit a copy of these resolutions to the Recorder of the City of Pittsburgh.

Which was read.

Mr. Reitz moved

That the communication be received and filed.

Which motion prevailed.

Mr. Stevenson moved

To amend the bill by striking out the whole of Section 3, as follows:

Section 3, That the purchase of the foregoing land by the City of Pittsburgh is hereby made subject to the passage and approval of the following proposed Act of Assembly.

An Act authorizing and empowering cities to permit the use of portions of public parks for sites for Technological Schools or institutions for the promotion of arts and sciences.

Section 1. Be it enacted, etc., That whenever any city of this Commonwealth shall acquire by purchase, in fee simple, any real estate for public park purposes, such city is hereby authorized and empowered to set aside such part or parts of said real estate as it may elect so to set aside, for a building site or site for technological schools or institutions for the promotion of arts and sciences, and to permit the use of such site or sites for the purpose of establishing and maintaining thereon such schools and institutions. Provided, however, that no school or institution shall be placed on any plot of ground acquired for public park purposes, which does not exceed five acres in area, unless it immediately adjoins and forms part of a larger tract of ground used for public park purposes. And, provided, also, that this Act shall not be construed so as to permit the establishment or maintenance in a public park of any school or institution in which the municipality shall not have a voice in the management.

Mr. D. F. Crawford moved

That the bill be laid over until such legislation be enacted that will allow the purchase of park lands for technical school purposes.

Mr. Stevenson moved.

To amend by adding a new section as Section 3, as follows:

Section 3. That the purchase of the foregoing land by the City of Pittsburgh is hereby made subject to the passage and approval of a proposed Act of Assembly authorizing the purchase of park lands for technological school purposes.

No. 995.

DEPARTMENT OF LAW.

CITY OF PITTSBURGH.

February 26, 1903.

To the President and Members of Common Council:

GENTLEMEN:—You have referred to me Bill No. 939 C. C., which authorizes the appropriation for public park purposes of a certain strip of ground in Bellefield avenue, as located south of Forbes street, the title to which appears to be in Matthew Mawhinney. You desire a written opinion from me as to the title to the property.

I have not examined the title, but am informed by the Registry Department that it is in Matthew Mawhinney, subject to the easement of the Mawhinney street lot owners whose deeds call to Bellefield avenue and whose easement is now in the city as the present owner of said lots, having acquired them by condemnation proceedings for park purposes.

So far as the bill is concerned, it is not important whether Mr. Mawhinney owns this property or not; the bill authorized its appropriation whether Mr. Mawhinney be the owner or whether there be some other owner. The city, of course, will not take title except from the true owner whoever he may be.

The Fidelity Title and Trust Company are at present examining the title.

Respectfully,

T. D. CARNAHAN,

City Solicitor.

Which was read, received and filed.

Mr. Stevenson moved

That further action upon the bill be postponed until Council receives further information as to the title of the property.

Which motion prevailed.

Mr. Stevenson reported from the Committee on Revision of Salaries with several amendments thereto

In Common Council February 24, 1903. Read and referred to the Committee on Revision of Salaries.

Which was read as amended.

Mr. Stevenson moved

That the bill as amended by the Committee on Revision of Salaries be substituted for the original.

Which motion prevailed.

The bill having been printed by order of Councils of February 24, 1903,

Mr. Brand moved

That the bill as amended be agreed to on second reading.

Which motion prevailed.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question "Shall the bill pass finally?"

No. 1,001.

Resolution authorizing and directing Presidents of Councils to appoint a committee to report on the advisability of assenting to or protesting against a proposed change in the harbor lines of the Monongahela and Allegheny rivers.

WHEREAS, A petition or petitions have been presented to the United States Government engineer at Pittsburgh, requesting the United States government to re-establish certain harbor lines on the Monongahela and Allegheny rivers; and,

WHEREAS, The re-establishment of the government harbor lines as proposed would undoubtedly affect the rights of the city over certain of its streets, wharves and landings; and,

WHEREAS, The City of Pittsburgh is vitally interested in any project looking to the deprivation of its rights over its public streets, wharves and landings; and,

WHEREAS, The said United States Government engineer has already had one public hearing, and will probably have other public hearings in the matter; therefore,

Resolved, That the President of each branch of Councils be authorized and directed to appoint a committee consisting of three members of Common Council and two members of Select Council to attend said hearings, and to report to Councils such information on the subject as it may be able to obtain, together with such recommendation or recommendations as may seem to it advisable as to the proper course for the City of Pittsburgh to take in order to preserve its existing rights.

Which was read.

Mr. Reitz moved

That the resolution be adopted.

Which motion prevailed.

And the Clerk was directed to message same to Select Council for concurrence.

No. 1012.

March 5, 1903.

To the Presidents and Members of Select and Common Councils, Pittsburgh, Pa.:

GENTLEMEN:—

I herewith enclose copies of an Act entitled, "An Act to establish a board of estimates in cities of the second class and to define its duties and powers."

I should like to have an expression from Councils or from their members on this bill at the earliest possible moment.

Yours truly,

W. S. Woods.

AN ACT

To establish a board of estimates in cities of the second class and to define its duties and powers.

Section 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same, That the recorder, the city controller, the city solicitor, the president of Common Council, and the president of Select Council shall compose the board of estimates. The recorder shall be president of said board, and one of the number shall act as secretary and keep a record of its proceedings. Action of the board shall be determined by an affirmative vote of a majority of all the members. The said board shall have power to summon before it any city officer, and it shall be the duty of the head of any city department or bureau of any city department to furnish any information which the said board shall demand.

Section 2. The board of estimates shall annually prepare and submit to Councils a draft of an ordinance making appropriations for the ensuing fiscal year. As soon as said ordinance shall have been transmitted to Councils a special meeting of Councils shall be forthwith called by the mayor and Councils shall hold daily sessions for its consideration until said ordinance is passed. Councils may reduce the amount of any item inserted by the said board in the proposed ordinance except such items as may be inserted by said board to pay the inter-

est and principal of the city debt. Council shall not have the power to increase the amounts fixed by said board nor to insert any new items in the proposed ordinance.

Section 3. When any ordinance or resolution is introduced in Councils making an appropriation not included in the annual appropriation ordinance prepared by the board of estimates it shall be referred to the board of estimates for an opinion in writing as to its advisability. It shall be the duty of said board to give its opinion in writing promptly, and it shall not be competent for Councils to take further action with regard to said ordinance or resolution until the opinion of said board has been transmitted to Councils and read and entered upon the minutes of Councils.

Section 4. Before any grant shall be made of the franchise of or right to use any pavement, alley, street, avenue, highway, park, wharf, land under water or other public property, or for the renewal or extension of any existing franchise or right relating to the use of public property the said board of estimates shall make diligent inquiry as to the value of said franchise or right and as to the compensation which the city should receive for it, and it shall be the duty of the board to determine the said compensation and to fix the terms and conditions of the franchise or right and shall embody the same in the form of an ordinance to be sent to Councils certified by the signatures of a majority of said board, and no grant shall be made by Councils except for the compensation and on the terms approved by the said board as set forth in the ordinance prepared by said board.

Section 5. The board of estimates shall have power to submit to Councils drafts of ordinances containing legislation recommended by said board and may in its discretion fix a date at which any such draft or ordinance shall be considered in open session of Councils. It shall then be the duty of the recorder to convoke Councils in special session on the date fixed by the board of estimates. At such meeting of Councils the proposed ordinance shall be read and consideration shall then be in order. Councils shall not refer said ordinance to any committee and any rule of Councils requiring such reference shall be void in such case, but the recorder or such person or persons as he may depute for the purpose shall be present to give explanation with the right to participate in the discussion. Councils shall hold daily sessions for the consideration of said ordinance and shall not consider any other ordinance or resolution until said ordinance submitted by the board of estimates has been put upon its final passage and the votes of members upon it are entered upon the minutes of Councils.

Which were read.

Mr. Stevenson moved.

That the communication be received and filed.

Which motion prevailed.

The committee retired in order to prepare the resolutions.

The committee having returned,

Mr. Leslie said:

"In behalf of the committee appointed to draft suitable resolutions on the death of our late Recorder, we wish to present to Councils the following:"

And **Mr. Leslie** presented

No. 1013.

Hon. Joseph Owen Brown, second Recorder of the City of Pittsburgh, died at his home Sunday, March 15, 1903, at a quarter after four in the afternoon. He was in his 58th year, and his had been a very busy life. Starting in the race without money, influence or position, he, by his own exertions, carved out a career and achieved a distinction attained by very few indeed. A public officer in this city and county for over 30 years, his life and character are known to all, and his actions and accomplishments are inseparably interwoven with the history of this locality; his record can afford to invite criti-

cism, and any impartial and intelligent judgment thereon will redound to his everlasting fame and credit.

First, clerk in the Prothonotary's office for a series of years—then Prothonotary of Allegheny county for two consecutive terms—then the first Director of the Department of Public Safety of the City of Pittsburgh, a position which he held from 1888 until 1901, and then in 1901 Recorder of the City of Pittsburgh, holding this great office until his death.

It is familiar history to all that from chaos itself he organized the Department of Public Safety, and made it efficient and effective to the last degree. Under his guidance, and because of his ability and integrity, the Bureaus of Police, of Fire, of Health and of Building Inspection were wisely and systematically enlarged, strengthened and improved, until at last perfection itself was well nigh achieved. Our city was most orderly and law-abiding—no great crimes or professional criminals existed hereabouts—the petty violators of the law were promptly punished and restrained, until our corporate name became a synonym for Puritanism. Fearful conflagrations were subdued and prevented from spreading to surrounding property. The public health was preserved and threatened epidemics promptly met and throttled. The bacteriological farm, with its free vaccine virus and anti toxin, was by him established, and most rigid but sensible and practical rules and regulations ordained for the erection of all buildings in our midst. Upon his record as Director of the Department of Public Safety any man could have safely rested his claim to fame and greatness.

As Recorder he encountered the impossible task of accomplishing all he planned and intended, because of warring factions on all sides of him during the few months he held this exalted office. He governed at a time when factional disturbance and factional success was placed above municipal progress and municipal success. But every student of our city's affairs knows that he accomplished very much indeed that was good and valuable; that he inaugurated very much that will be carried out and completed hereafter, to our city's credit, glory and welfare, and that he so administered the duties of his great office during such troublesome times as to merit the praise and gratitude of all, and with an eye single to the advantage and welfare of this community.

As a man he was kind, gentle, conscientious and upright. He was truly charitable, and multitudes in this great city know of his substantial generosity to them, all the sweeter by far because of its great secrecy. His subordinates, to a man, loved him and depended upon him, and the Firemen's Disability Fund and the Police Pension Fund stand as monuments of his thoughtfulness for them. Diffident, reticent and sensitive, he shunned the gaze and plaudits of the multitude, but his nobility of character, his steadfastness of purpose, his loyalty and disinterestedness were acknowledged by all.

And so, therefore, with the fullest realization that in his death this community has lost a truly great man, that this city has lost one of its best and greatest citizens, and that one of the best officials this municipality ever had has been summoned to his long home, it is ordered that this minute be transcribed

upon the records of the Select and Common Councils of the City of Pittsburgh, in memory of Recorder **Joseph Owen Brown**, a true friend, an enterprising citizen, an honest man and an officer faithful to all his trusts.

T. O. ATKINSON,
JAMES S. WIGHTMAN,
W. E. SANKEY,
J. P. STERRETT,
THOMAS DELANEY,
JOSEPH G. ARMSTRONG,
M. G. LESLIE, Chairman.

Which was read.

Mr. Leslie moved

That the resolutions be adopted by a rising vote.

Which motion prevailed.

And the resolutions were adopted unanimously.

Mr. Shaw moved

That the Recorder-elect, William B. Hays, be invited to attend the funeral with Councils.

Mr. Leslie moved to amend

That a committee of five, with the Recorder-elect and both Presidents of Councils, be appointed to attend the funeral.

Which amendment was accepted by **Mr. Shaw**.

And the motion prevailed.

Chairman **Murphy** appointed Messrs. **Ruhlandt** and **Zahniser** on behalf of Select Council.

And President **Crawford** appointed Messrs. **Leslie**, **Delaney** and **Wolfe** on behalf of Common Council.

Mr. Brand moved

That all public buildings of the city be draped for a period of thirty (30) days out of respect to the memory of the late Recorder.

Which motion prevailed.

Mr. Leslie said:

"An invitation has been extended to attend the services at the residence of the late Recorder at 8 o'clock this evening, and I would move that all who can and wish to attend meet at Penn avenue and Evaline street at 7:40 o'clock this evening, and proceed to the residence so as to be there in time for the services.

Which motion prevailed.

Mr. Brand moved

That the Joint Session do now adjourn.

Which motion prevailed.

And Select Council returned to its own chamber.

Mr. Thos. O'Brien moved

That Common Council ratify the action of the Joint Session.

Which motion prevailed.

Mr. Stevenson moved

That Council adjourn.

Which motion prevailed.

PITTSBURGH, March 9, 1903.

To the Presidents and Members of Select and Common Councils of the City of Pittsburgh:

GENTLEMEN:—

I hand you herewith resolution for warrant in favor of Charles A. Cooper for the sum of \$34.68, refunding overpaid sewer assessment on the unnamed alley, Camella street, et al., sewer.

Mr. Cooper's original assessment was \$74.57, which amount he paid to the City Treasurer. There was an error in this assessment, caused by transposition of figures in making up viewers' schedule.

Very respectfully,

J. GUY MCCANDLESS,

Director Department of Public Works.

Which was read, received and filed.

Also

No. 1041.

Whereas, Charles A. Cooper paid the City Treasurer the sum of \$74.57; and

Whereas, The amount \$74.57 was an error in the schedule of the viewers' assessment of benefits in the unnamed alley, Camella street, et al., sewer, and should have read \$39.89; therefore, be it

Resolved, That the City Controller be and he is hereby authorized and directed to issue his Certificate on the City Recorder for a warrant in favor of Charles A. Cooper for the sum of thirty-four and 68-100 (\$34.68) dollars, in full settlement of overpaid assessment as aforesaid, and charge same to Contingent Fund.

Which was referred to the Committee on Finance.

Mr. Wasson presented
No. 1046.

PITTSBURGH, March 30, 1903.

*To the Select and Common Councils of the
City of Pittsburgh.*

GENTLEMEN:

The committee appointed to attend hearing and report to Councils information on the subject of establishing harbor lines on the Monongahela and Allegheny rivers, respectively report as follows:

The Committee waited on Captain W. L. Sibert, representing the United States Government, and was advised by him that the original petition located the harbor line at the northern line of the curb on Duquesne way and the southern line of Water street on the Monongahela wharf. This has now been modified, the present petition establishing the harbor lines 35 feet north of the curb on Duquesne way and 35 feet south of the curb on Water street, Monongahela wharf.

The committee, after investigating the matter thoroughly, decided not to protest against the change of harbor lines if estab-

lished according to the plans now submitted.

W. H. STEVENSON,
JOSEPH C. WASSON,

Standing Committees of Select Council	1
---	---

APPENDIX.

No. 1.

AN ORDINANCE—Providing for the letting of a contract, or contracts, for the construction of an ice plant at the City Farm, Marshalsea, for the Department of Charities and Corrections.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled and it is hereby ordained and enacted by the authority of the same.* That the City Recorder and the Director of the Department of Charities and Correction shall be and are hereby authorized and directed to let, to the lowest responsible bidder or bidders, a contract or contracts for the construction of an ice plant at the City Farm, Marshalsea, for the Department of Charities and Correction, for a sum not to exceed three thousand dollars (\$3,000.00); and to enter into a contract or contracts, with the successful bidder or bidders, for the performance of the work, in accordance with an act of assembly entitled, "An Act for the government of cities of the second class," approved the 7th day of March, A. D. 1901, and the different supplements and amendments thereto, and the ordinances of councils in such cases made and provided.

Section 2. That the sum of three thousand dollars (\$3,000.00), or so much thereof as may be necessary, shall be and is hereby set apart for the payment of constructing said ice plant; and said amount to be paid out of Appropriation No. 38.

Section 3. That any ordinance or part of ordinance conflicting with the provisions of this ordinance be and the same is hereby repealed so far as the same affects this ordinance.

Passed May 26, 1902.

Approved May 29, 1902.

Ordinance Book 14, page 445.

No. 1 1-2.

RESOLUTION—Providing for standing committees in Select Council of the City of Pittsburgh, and adopting rules for governing said committees.

Whereas, An Ordinance was heretofore passed by Select and Common Councils providing for the appointment of certain joint

committees, some of which were to report to Select and others to Common Councils, and it is now declared by a majority of the members of Common Council, both in interviews in the public prints and by their actions that it was not within the power of the preceding Councils to pass any ordinance or adopt any rule binding upon a succeeding Council; and,

Whereas, The action taken by Common Council will have a tendency to retard the progress of legislation and cause conflict from time to time, by reason of the powers of the committees heretofore appointed being questioned, and

Whereas, The usual procedure in parliamentary bodies is that each branch or body have its own committees, and it is not desired by Select Council to have the proceedings in Council conducted otherwise than according to law and regular parliamentary procedure, and

Whereas, It is in conformity to law and regular parliamentary procedure that each body have its own standing committees; therefore, be it

Resolved, That it shall be and is hereby made the duty of the President of the Select Council, upon the passage of this resolution, to appoint from the members of Select Council the following standing committees of Select Council, viz.:

- A Committee on Finance.
- A Committee on Public Works.
- A Committee on Public Safety.
- A Committee on Charities and Correction.
- A Committee on Filtration.
- A Committee on Corporations.
- A Committee on Surveys.
- A Committee on Health and Sanitation.
- A Committee on Parks.
- A Committee on Bridges, and
- A Committee on Libraries.

The President of Select Council shall be a member of all standing committees, and in addition thereto all said committees shall consist of nine members of the Select Council, except the Committee on Finance, which, in addition to the President of Select Council, shall have six members of the Select Council; the Committee on Surveys, which, in addition to the President of Select Council, shall have twelve members of the Select Council, and the Committee on Libraries, which, in addition to the President of Select Council, shall have two members of the Select Council.

The Committee on Finance shall have charge of and jurisdiction over all ordinances, resolutions, bills, papers and all matters relating to the finances, taxation and indebtedness of the city, and the appropriation of moneys or the payment of moneys not provided for by previous authority of law; the exoneration, release or satisfaction of any claim held by the city; the creation of offices or positions of any kind; the regulation of salaries, fixing the number and pay of employees; the care and control of the public funds and all other legal and financial business of the city government, and such other business as may be referred to it by Select Council, provided, however, that where money has been specifically appropriated by the City Councils for any of the purposes of the departments of the city government; that thereafter any matter relating thereto shall be referred to the committee of the proper department in Select Council, and the said committee shall then have complete charge and jurisdiction thereof.

The Committee on Public Works shall have charge of and jurisdiction over all ordinances, resolutions, bills or papers pertaining to the Department of Public Works.

The Committee on Public Safety shall have charge of and jurisdiction over all matters of every kind and character pertaining to the business of the Department of Public Safety, including all matters relating to police affairs, to fire, to city telegraphs, the inspection of buildings, fire escapes and all other such matters pertaining to the Department of Public Safety.

The Committee on Charities and Correction shall have charge of and jurisdiction over all ordinances, resolutions, bills or papers affecting or pertaining to the Department of Charities and Correction.

The Committee on Filtration shall have charge of and jurisdiction over all ordinances, resolutions, plans and specifications relating to the erection and construction of the filtration plant for the City of Pittsburgh.

The Committee on Corporations shall have charge of and jurisdiction over all ordinances, resolutions, bills and papers relating to the grant of franchises, rights and privileges to corporations, firms or individuals, and the exercise of same by such corporations, firms or individuals.

The Committee on Surveys shall have charge of and jurisdiction over all ordinances, resolutions and bills pertaining to the laying out, establishing the grade and vacating of public highways of the city.

The Committee on Health and Sanitation shall have charge of and jurisdiction over all ordinances, resolutions, bills and papers relating to the public health, the inspection of gas fitting, plumbing and house drainage, and the maintenance and improvement of hygienic conditions in the city.

The Committee on Parks shall have charge of and jurisdiction over all ordinances, resolutions and bills pertaining to the public parks.

The Committee on Bridges shall have charge of and jurisdiction over all ordinances, resolutions and bills pertaining to the public bridges.

The Committee on Libraries shall have charge of and jurisdiction over all ordinances, resolutions and bills pertaining to the public libraries.

The Chairmen of the above named Committees of Select Council shall be ex-officio members of all the sub-committees apportioned by them.

A majority of the members of the Committee on Finance, Public Works, Public Safety, Charities and Correction, Filtration, Corporations, Health and Sanitation, Parks, Bridges and Libraries, and one-third of the members of the Committee on Surveys shall constitute a quorum for the transaction of business by the several committees respectively. The City Clerk shall be clerk of all standing committees of Select Council.

All bills, ordinances, resolutions and orders shall be reported by the chairman of the committee to which the same have been referred to Select Council. All reports shall be signed by the Chairman and attested by the Clerk.

All bills, ordinances, resolutions and orders introduced into Select Council shall be first referred to the proper standing committee in Select Council, and all ordinances, resolutions or orders coming from Common Council shall be referred to the proper standing committee of Select Council before action shall be taken by Select Council on the same.

In Select Council April 28, 1902. Read and adopted.

JOHN S. LAMBIE,
President of Select Council.

Attest:

E. J. MARTIN,
Clerk of Select Council.

AN ORDINANCE — Prescribing rules for the government of the Sinking Fund Commission.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled and it is hereby ordained and enacted by the authority of the same, That the Sinking Fund Commission shall be and is hereby authorized, empowered and required,—*

I. To meet at stated intervals, and receive from the City Treasurer a report of the moneys in his hands due the Sinking Funds, from whatever source the same may arise.

II. To cause the income or amounts so reported to be invested as quickly as may be in the bonds of the City of Pittsburgh, the State of Pennsylvania or of the United States.

III. To report their proceedings and the condition of their funds to Councils annually, on the second Monday of January; and at such other times as Councils may require.

IV. To keep minutes of their proceedings and the transactions of their business, and cause the same to be recorded in a book kept for that purpose.

V. To take possession of the bonds, now in possession of the Fidelity Title & Trust Company, and to receipt therefor; and to have the same stamped across the faces with the words "Sinking Fund Commission of the City of Pittsburgh, Pennsylvania."

VI. To collect the interest accruing from all investments, and receipt therefor, and deposit the same in the City Treasury to the credit of the several sinking funds to which the same may belong.

VII. To purchase bonds of the City of Pittsburgh, or the State of Pennsylvania, or of the United States, in such amounts, and upon such terms, as said Commission may deem expedient, giving the preference always to bonds of the City of Pittsburgh.

VIII. To cause all bonds purchased by it, or which may be under its control, to be registered in the name of the particular Sinking Fund for which purchased, and stamped across the face with the words, "Sinking Fund Commission of the City of Pittsburgh, Pennsylvania."

IX. To deposit with a Trust Company of its selection, all bonds or securities which may, at any time, come into its possession, belonging to or being the property of any of the Sinking Funds in its charge or under its control.

X. To transfer to the credit of the Municipal Sinking Fund, any balance which may remain to the credit of any Sinking Fund, after the redemption of all the bonds, to the payment of which such Sinking Fund is pledged.

XI. To do such other acts, not herein set forth, as are recited and prescribed in Article XI of the Act of Assembly, entitled, "An Act for the Government of Cities of the Second Class," approved March 7th, 1901.

Sec. 2. All moneys belonging to the several Sinking Funds of the City of Pittsburgh shall be deposited by the City Treasurer in the regularly appointed City Depositories, separate and apart from all other moneys in his hands; and shall be used only for the purpose of the trusts to which they belong.

Sec. 3. That the Sinking Fund Commission, in purchasing bonds or other securities, as investments for said Sinking Funds, shall make requisition on the City Controller, by voucher approved by its Chairman or President, and attested by its Secretary, in the usual form of said vouchers, for the amount of money required therefor; whereupon the City Controller shall issue his certificate on the City Recorder for a warrant in payment of the same.

Sec. 4. That for the purpose of defraying the necessary expenses incurred by said Sinking Fund Commission in the transaction of its business, (which, including clerk hire, shall not exceed \$2,000 per annum) it shall be and is hereby authorized and empowered from time to time, to make requisition on the City Controller, by voucher approved by its Chairman or President, and attested by its Secretary, for such sum or sums of money, as may be required to pay said claim or claims; and such voucher shall give the name of the person, firm or institution, to which the same is due, and describe the service or labor furnished or done. And the City Controller is hereby authorized and directed to issue his certificate on the City Recorder for a warrant or warrants in payment of the same, and charge the amount thereof to Appropriation No. 43.

Sec. 5. That so much of Section 33 of an ordinance entitled "An Ordinance to carry into effect in the City of Pittsburgh an Act of Assembly, &c.," approved the 7th day of January, A. D. 1902 as reads: "Each member of said Commission shall give bond to the City of Pittsburgh, in the sum of One Hundred Thousand Dollars." No. 124.

AN ORDINANCE—Requiring that officers of the city be employed to inspect or supervise the work of mechanics be skilled in their respective lines of duty and employment.

Whereas, It is necessary in the various departments of the city government to employ inspectors to supervise and pass upon the work of mechanics, and it is important, not only for the interests of the city, but as a matter of fairness and justice towards those whose work is or may be subject to such inspection and supervision, that the person so employed to inspect and supervise shall be skilled in their particular lines of duty. Now, therefore,

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That all inspectors of brick sewers and drops and brick work connected with sewers, shall be practical brick layers; all inspectors of pipe sewers shall be skilled in their knowledge of such work; all inspectors of street paving and curbing shall be skilled in their knowledge of such work; all plumbing inspectors shall be practical plumbers; all building inspectors shall be practical builders and be experienced in the erection, construction and alteration of buildings, and shall have practical knowledge of all matters pertaining to the strength and safety of buildings and building materials of all kinds, and all employes of the City whose duty it shall be or may be to inspect or supervise the work of a mechanic, of any*

kind, shall possess the qualifications essential to an intelligent inspection and supervision of such work, and shall be skilled in their respective lines of duty and employments.

Section 2. That any person making application for any of the above named positions shall furnish the department with credentials setting forth the facts of his qualifications to be eligible to an appointment.

Section 3. That any ordinance or part of ordinance, conflicting with the provisions of this ordinance, be and the same is hereby repealed, so far as the same affects this ordinance.

DEDICATION of Olga alley, from Harriet street to Friendship avenue.

To Select and Common Councils of the City of Pittsburgh:

Gentlemen:—We, the undersigned, being the owners in fee simple of all the property abutting on and within the lines of Olga alley, in the Twentieth ward, between Harriet street and Friendship avenue, as located from Friendship avenue to Graham street at a width of 20 feet by an ordinance of Councils approved December 2nd, 1896, and recorded in Ordinance Book, vol. 11, page 253, do hereby dedicate and set apart for public use as a public highway forever, all the ground that may lie within the lines of the said Olga alley, between the points above mentioned, and we do hereby waive any and all claims for damages which we may have or may accrue to us by reason of the taking and appropriating of the said ground for street or highway purposes, as shown upon a plan hereto attached, showing our respective properties, and we do hereby authorize the City of Pittsburgh, through its proper officers to take possession of said ground which may lie within the lines of said Olga alley, between the above mentioned points, and treat it the same as any other opened public highway of the City of Pittsburgh.

In witness whereof we have hereunto set our hands and seals this 10th day of June, 1902.

A N ORDINANCE—Requiring the erection, equipment and maintenance of standpipes in buildings and regulating the same for the better protection of life, limb and property in cases of fire.

SECTION 1. Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That every building now erected which exceeds one hundred (100) feet in height and every building hereafter to be erected which shall not be less than eighty-five (85) feet in height nor more than one hundred and fifty (150) feet in height, that is within the limits of the City of Pittsburgh, shall be provided and equipped with a four (4) inch standpipe; and every building which shall be hereafter erected which shall be more than one hundred and fifty (150) feet in height shall be provided and equipped with a six (6) inch standpipe. These standpipes shall run from the cellar to the roof; be properly equipped with one four-way 2 1-2-inch Siamese connection placed on the street above the curb level, and have a 2 1-2 inch outlet on each floor, with a sufficient quantity of hose attached thereto to run the entire depth of the building, which hose shall be placed on reels or other suitable apparatus in close proximity to each outlet and equipped with at least one nozzle of not

less than one (1) inch opening, to be approved by the Bureau of Fire. Buildings fronting on more than one street or alley shall be provided with standpipes with outside connection on each street or alley. All buildings such as above specified shall be equipped with one force pump of sufficient capacity for each standpipe, which shall be connected direct with the street main to supply these standpipes with water, and shall be kept in readiness by the owner or owners for immediate use by the Bureau of Fire during all hours of the day and night, including holidays and Sundays. Said pumps if located in a story below the street level shall be placed not less than two feet above the floor level.

All buildings which are used or occupied or may hereafter be used or occupied for power, business or manufacturing purposes, shall be provided and equipped in addition to the standpipes herein required, with two and one-half (2 1-2) inch perforated iron pipes placed on and along the ceiling line of each and every story below the street level and extending to the full depth of the building. Buildings twenty-five (25) feet in width or less shall be equipped with one row of perforated iron pipes, and all buildings more than twenty-five (25) feet in which shall have one extra row of pipe for every ten (10) feet over twenty-five (25) feet in width, to be placed six (6) inches under the ceiling line of each story below the street level and extending the full depth of the building. Such perforated pipes shall be provided with a valve placed at or near the standpipes so that water can be let into the same when deemed necessary by the firemen and shall be provided with one four-way two and one-half (2 1-2) inch Siamese connection, subject to the approval of the Bureau of Fire, or in lieu of such perforated pipes, automatic sprinklers may be put in the same to be approved by the Bureau of Fire.

Section 2. Valves shall be provided at all outlets on each and every story including the basement, cellar and sub-cellars and on the roof.

Section 3. All standpipes to be erected under the provisions of this ordinance shall be made of material of a quality sufficient to stand a pressure of not less than three hundred pounds to the square inch in order to force streams of water to any of the floors of the building or to the roof.

Section 4. All such buildings as are affected by this ordinance shall also be equipped with and have in readiness at all times for the use of the Bureau of Fire during all hours of the day and night, including holidays and Sundays, at least one elevator.

Section 5. All standpipe outlets, couplings and other fire appliances necessary for the proper equipment as provided herein shall be of the regulation Bureau of Fire pattern, and be approved by the Chief Engineer of the Bureau of Fire; the same to be kept in perfect working order by the person or persons in charge of such buildings.

Section 6. All buildings as herein described which are now erected and are already equipped with standpipes not less

than three (3) inches in diameter shall be considered as complying with the provisions of this ordinance relating to standpipes, but all outlets, equipment, hose connections, nozzles, etc., required in Section 1 of this ordinance shall be made to correspond with the Bureau of Fire standards.

Section 7. It is hereby made the exclusive duty of the Bureau of Fire of the City of Pittsburgh to enforce each and all of the provisions contained herein and said Bureau of Fire shall be and is hereby given the power and authority to make such inspections and examinations of the standpipe or pipes and other appliances placed in the buildings in compliance with this ordinance as may be from time to time deemed necessary.

Section 8. Any person or persons, firm or firms, corporation or corporations, association or associations failing, neglecting or refusing to comply with any of the provisions of this ordinance on and after the 1st day of April, A. D. 1903, shall be subject to a penalty not exceeding the sum of fifty dollars, (\$50.00), for each and every day of said failure, neglect or refusal, the same to be collected as penalties are now by law collectable.

Section 9. That this ordinance shall not be so construed as to apply to any building or structure that has been heretofore and is now equipped with such overhead sprinkler system as is or has been approved by the Board of Fire Underwriters.

Section 10. That any ordinance or part of ordinance, conflicting with the provisions of this ordinance, be and the same is hereby repealed so far as the same affects this ordinance.

A N ORDINANCE—Creating the Firemen's Disability Board, defining the duties of the officers thereof, designating the medical examiner of the Department of Public Safety as the medical examiner of said Board, establishing a fund for the care, maintenance and relief of the aged, retired, disabled or injured employees of the Bureaus of Fire and Electricity, and providing the mode and manner for the payment of beneficiaries and for the care and management of said fund.

Whereas, An Act of Assembly entitled, "An Act amending and supplementing an Act entitled 'An Act for the government of cities of the second class,' approved the 7th day of March, A. D. 1901, in the following particulars, to-wit: Section 1. Amending Article 3, Section 1, concerning matters in charge of the Department of Public Safety; Section 2, amending article 3, Section 2, empowering the City Councils to establish a pension fund for policemen and firemen; section 3, amending section 1, article 5, providing for the appointment and compensation of delinquent tax collectors; section 4, amending article 7, regulating the deposit in the city treasury of moneys collected by officers; section 5, amending article 3, section 1, paragraph 3 regulating returns to the city treasury by the law department; section 6, amending articles 12,

section 1, regulating the appointment and election of officers other than the City Recorder; section 7, amending section 2, article 12, regulating the removal of subordinate officers and clerks and the appointment of their successors; section 8, amending section 3, article 12, regulating the removal of subordinate officers and clerks and the appointment of their successors; section 9, amending section 1, article 14, vesting the veto power in the City Recorder; section 10, amending article 17, providing that this article shall not apply to the collector of delinquent taxes, and for fixing his compensation; section 11, amending section 1, article 15, changing the method of letting contracts; section 12, section 2, paragraph 5, article 13, regulating the exercise of co-operate powers; section 13, amending section 3, paragraph 1, article 19, removing the limitation of taxing power; section 15, amending section 3, paragraph 5, article 19, providing for the issuing of bonds and the application of bonds already issued; section 16, amending section 3, paragraph 9, article 19, relating to the creation of offices by the Councils and the powers duties and compensation of officers; section 17, amending section 3, paragraph 10, article 19, relating to official bonds; section 13, amending section 3, paragraph 31, article 19, empowering Councils to purchase land for park purposes; section 19, amending section 4 of the schedule providing for the repeal of a portion of Act of June the fourteenth, one thousand eight hundred and sixty-seven, in relation to the government of cities of the second class," approved the 20th day of June, A. D. 1901.

Provides inter alia that Councils of cities of the second class of the Commonwealth of Pennsylvania may provide by ordinance a fund for the care, maintenance and relief of aged, retired, disabled or injured firemen; and

Whereas, The present fund as established under and by virtue of an ordinance entitled, "An Ordinance fixing the number and pay of employees for the purpose of providing for the insuring of said employees against accident and casualties while on duty," approved the 13th day of January, A. D. 1886 is for the benefit of the employees of the Bureau of Electricity as well as those of the Bureau of Fire, (the employees of the former bureau being included in the Bureau of Fire, at the time of the passage of said ordinance), and has accumulated from monthly installments set aside by the City Controller from the salaries of the Bureaus of Fire and Electricity and other sources, and provides and insures only against accident and casualties while engaged in the discharge of duty in the employ of the said Bureaus of Fire and Electricity; and

Whereas, The condition of the present fund for insuring against said accidents and casualties is such that it is deemed wise to broaden the plan and provide for the care, maintenance and relief of aged, retired, disabled or injured employees of the Bureau of Fire and Electricity and in case of death provide an insurance; now, therefore,

SECTION 1. Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That the Firemen's Disability Board of the City of Pittsburgh shall be and the same is hereby created and shall consist of the City Recorder, or chief executive officer of the City of Pittsburgh, the City Controller, the City Solicitor, the President of Select Council, the President of Common Council, the Director of the Department of Public Safety, and the Chief Engineer of the Bureau of Fire which Board shall have for its Secretary the chief clerk of the Department of Public Safety.

Section 2. The Secretary shall call meetings of the Firemen's Disability Board at least once a month, and at such other times as may be required when notified by the president or by a majority of the members thereof. He shall keep a faithful record of the proceedings, an account of said fund, and shall perform such other duties as the Board may direct. He shall be paid such compensation for his services as the Disability Board may by resolution authorize.

Section 3. The medical examiner of the Department of Public Safety shall be the Medical Examiner of the Firemen's Disability Board and shall render to said Board such medical and surgical services as may be required upon notification by the president, the secretary, or any member of the Board or any of the assistant chief engineers of the Bureau of Fire, or by the Superintendent or Assistant Superintendent of the Bureau of Electricity for any injuries which may be received by the beneficiaries of the fund, and he shall make a careful examination of the injuries thereof to the Disability Board through its secretary, and shall make further visits to such injured employees or beneficiaries as necessity may require, reporting weekly thereon and the time when such employee shall become fit for duty. In no case, however, shall such medical examiner be employed professionally by the injured employee, and he shall be subject to such rule or rules as the said Firemen's Disability Board may from time to time adopt not inconsistent with this ordinance. He shall, at least once in each year make a full report to said Disability Board of all cases of accidents, the extent thereof, and the name of the person or persons to whom and the places at which the injuries occurred, and he shall receive no compensation for his services.

Section 4. There shall be and is hereby established and created a fund for the care, maintenance and relief of aged, retired, disabled or injured employees of the Bureaus of Fire and Electricity, which shall be under the control, direction and supervision of the Firemen's Disability Board established by this ordinance, which fund shall consist of moneys now deposited with the Safe Deposit and Trust Company, of Pittsburgh, Pa., as Trustee of the present Firemen's Disability Board, under and by virtue of an ordinance entitled "An ordinance fixing the number and pay of employees for the purpose of providing for the insuring of said employees against ac-

cident and casualties while on duty," approved the 13th day of January, A. D. 1886 and the plan of insurance adopted thereunder as approved by Councils, March 8th, 1886 and the Mayor, March 17th, 1886, entitled, "A plan for the insurance of the employees of the Fire Department of the City of Pittsburgh from accident, casualty or death under the ordinance of Councils approved January 13th, 1886, as formulated by the Board of Fire Commissioners and as amended by Councils under and by virtue of C. C. Resolution 1658, passed Councils October 11th, 1897, and approved by the Mayor, October 15th, 1897, which moneys shall be and the same are hereby assigned, transferred and set over to the Firemen's Disability Board of Pittsburgh as created under and by virtue of this ordinance; together with the thirty dollars per annum for each of the employees of the Bureau of Fire and Electricity as provided by said ordinance of January 13th, 1886, herein referred to the same to be set aside in regular monthly installments for the uses and purposes of the Firemen's Disability Board as now provided by law, together with such fines as may be imposed upon the employees of the Bureau of Fire and Electricity for violating the rules and regulations governing the said employees as provided for under and by virtue of an Act of Assembly entitled, "An Act for the government of cities of the second class," approved the 7th day of March, A. D. 1901, and the ordinance, entitled, "An ordinance regulating the disposition of fines and pecuniary penalties imposed on policemen and firemen under the authority of the Act of Assembly entitled, 'An Act for the government of cities of the second class,' approved the 7th day of March, A. D. 1901," approved January 15th, 1902, which fines shall be paid to the treasurer or trustee of the Firemen's Disability Board by the City Controller as provided for in the ordinance herein mentioned; and the Firemen's Disability Board created under the ordinance of January 13th, 1886 above referred to, is hereby authorized and directed to issue its warrant for such moneys now deposited with the Safe Deposit and Trust Company of Pittsburgh, Pa., as trustees of said fund, in favor of the Firemen's Disability Board of Pittsburgh created under and by virtue of this ordinance.

Section 5. The said Firemen's Disability Board shall appoint such trust company or companies, bank or banks of the City of Pittsburgh, as it may from time to time elect, to act as treasurers, trustees or depositories of the fund without compensation.

Section 6. The beneficiaries of the Firemen's Disability fund shall consist of all sworn officers and employees now in the service of the Bureaus of Fire and Electricity of the City of Pittsburgh and hereafter all such officers and employees (except matrons), who shall have passed the regular medical examination by the medical examiner hereinbefore mentioned, showing that they are physically entitled to appointments in such Bureaus of Fire and Electricity and those who have fulfilled the requirements necessary to ap-

pointment to the positions which they hold; but any and all such officers and employees shall be beneficiaries only during the period of time of their said employment.

Section 7. There shall be paid to any employee of the Bureaus of Fire and Electricity who shall suffer injuries while in the discharge of duties as such employee as may incapacitate him therefrom, the sum of fifteen dollars per week during the time of such disability, provided that for any such disability the sum of fifteen dollars per week shall not be paid for a period of time exceeding fifty-two weeks, but if at the expiration of that period the medical examiner hereinbefore referred to shall certify under oath that such employee by reason of his said injuries is permanently disabled and is wholly unable to perform the duties of a fireman or of such employment as that in which he was engaged at the time said injury occurred, then in that case there shall be paid to him the sum of one thousand dollars, and he shall thereupon in writing release and acquit the City of Pittsburgh, the Firemen's Disability Board, and any and all of its officers from and of any and all claims arising out of said injuries. Such claims for disability shall only be allowed upon a certificate issued by the medical examiner of the Firemen's Disability Board which shall be accompanied by an affidavit of the injured party and in every case (if practicable) the affidavits of two witnesses, which affidavits must distinctly set forth the date of the injury, where the accident occurred, that said injured person or employee was not off duty on a twenty-four hour pass, or other leave of absence, together with such other information as the Disability Board in its judgment may from time to time require.

Section 8. The words, "While in the discharge of duty," referred to in section 7 of this ordinance, shall be understood and considered as meaning that the benefits will be granted not only when the injury actually occurs at a fire, but during the entire time of his employment and actual service within the said Bureaus of Fire and Electricity from the date of his appointment until his release therefrom.

Section 9. Any member or employee of the Bureaus of Fire and Electricity who shall have served for twenty years in either or both of said bureaus may under the regulations hereinafter prescribed withdraw upon his written application stating that he desires to withdraw from the employ of the Bureau of Fire or Electricity of the City of Pittsburgh, and shall receive thereafter a monthly pension equal in amount to one-half of the salary paid him at the time he so withdraws, provided that he shall have served in the position so employed at least for a period of six months prior to the time of such retirement; provided further that the proof of the applicant of twenty years' service shall constitute a prima facie claim upon behalf of the applicant and shall entitle him to the benefits as provided herein, to-wit: One-half of the salary paid him

at the time he so withdraws: provided further that the claim of any applicant or beneficiary receiving one-half of the salary paid him as a pension at the time he so withdraws shall not be altered, amended or pension interfered with by any amendments to this ordinance or otherwise except upon written agreement of the applicant with this association and by a majority vote of the Firemen's Disability Board, except as herein provided for in Section 10. In reckoning the twenty years' service, under this ordinance entitling an employee to a pension for said twenty years' service it shall not be construed to mean continuous service, but each and every applicant or beneficiary applying for a pension under the twenty years' provision shall be entitled to have all of the service rendered by him to the City of Pittsburgh in whatever capacity he may have served as an employee of the Bureau of Fire or Electricity in either or both bureaus added, whether the same be continuous or not; and shall also be entitled to credit for actual service by him in the army or navy of the United States in times of war, or for active service in the Pennsylvania State Militia.

Section 10. If any member or employee of the Bureau of Fire or Electricity shall be awarded a pension and shall thereafter be convicted of felony or shall become an habitual drunkard or shall cease to care for and support the members of his family, or shall remove from the State of Pennsylvania permanently, then in every such case the Disability Board shall have power by a two-thirds vote to revoke the pension or to suspend payment thereof, or to direct the payment of the pension to the family of such pensioner.

Section 11. All payments to pensioners shall be made monthly on a day to be fixed by the Firemen's Disability Board and shall be paid in person, but in exceptional cases the Disability Board may permit payment to an attorney in fact.

Section 12. If at any time the fund of the Firemen's Disability Board shall be insufficient to pay all just claims against it, the pensions then payable shall be abated proportionately, but the Disability Board in its discretion, when the fund shall warrant, may pay to the pensioners who have thus received less than the regular monthly pension, all or any part of the sums that have been thus abated.

Section 13. At the death of any member or employee of the Bureaus of Fire and Electricity, or upon such proof of his permanent disability at the expiration of fifty-two weeks as hereinbefore provided, upon satisfactory proof of such death or permanent disability the beneficiary or his legal representatives shall be paid the sum of one thousand (\$1,000.00) dollars.

Section 14. Any member or employee of the Bureau of Fire or Electricity resigning from or being dismissed or dropped from his position in said Bureau shall relinquish and forfeit all his rights, demands and privileges of whatsoever kind in the assets or benefits herein provided.

Section 15. All claims for disability, pension or of any kind or character whatsoever which may become due and payable by the Firemen's Disability Board shall be paid upon warrant drawn upon the treasurer or trustee of the fund, signed by the president of the Board and attested by the secretary.

Section 16. All employees of the Bureaus of Fire and Electricity shall sign an acceptance of the provisions of this ordinance and agree to forever release the City of Pittsburgh, the Firemen's Disability Board and any or all of its officers from any and all costs or damages whatsoever except as herein provided for any injuries received, or that he may receive in said service, and also agree that upon retiring from the employ of said Bureau of Fire or Electricity either voluntarily or upon dismissal for cause, he shall thereby relinquish and forfeit all rights to participate in said fund, and no appointment to said Bureau of Fire or Electricity shall be made until the applicant shall have signed an agreement as provided for by this section.

Section 17. Any and all donations of money for the benefit of the employees of the Bureau of Fire or Electricity or both of them from whatsoever source shall be paid into this insurance fund through the secretary of the Disability Board.

Section 18. The insurance or death benefits hereby created and established, shall not be applicable to any person or persons who may be upon the list of substitutes in said Bureaus of Fire and Electricity unless it is made clear to the said Firemen's Disability Board that at the time of any injury sustained or the death which occurred, he was actively and actually engaged in the service of one or the other of the aforesaid bureaus and under the control and direction of the proper officers or authorities; and, further, the legal representatives of any such substitute shall not be entitled to death benefits as provided for in this ordinance unless it is clearly proven to the satisfaction of the said board that such death actually resulted from injuries or disabilities received while in the service and under the control and direction of the proper officers of one or the other of the aforesaid bureaus.

Section 19. The treasurer or trustee of the Firemen's Disability Fund shall invest from time to time the funds of said Board in such security or securities, giving preference to those of the City of Pittsburgh and County of Allegheny, as are deemed legal investments for trust funds in this Commonwealth, and as may be directed by the said Firemen's Disability Board, and all such investments shall be registered in the name of the said Firemen's Disability Board, and the interest accruing therefrom shall be added to and become a part of the general funds of said Board.

Section 20. The Firemen's Disability Board hereby created may adopt such rules and regulations for the government and distribution of its funds as in its judgment may be deemed proper and

wise and not inconsistent with the laws of this Commonwealth of Pennsylvania or the provisions of this ordinance.

Section 21. That any ordinance or part of ordinance conflicting with the provisions of this ordinance, be and the same is hereby repealed so far as the same affects this ordinance.

AN ORDINANCE—Providing for the better supply and distribution of water in that part of the City of Pittsburgh, bounded by the Allegheny and Monongahela rivers, Grant, New Grant, Liberty and Eleventh streets, known as the "Congested District," and directing the Finance Committee to make provision in the Appropriation Ordinance for the fiscal year beginning February 1st, 1903, for an appropriation of two hundred fifteen thousand (\$215,000.00) dollars for the payment of the cost and expense of the same.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled and it is hereby ordained and enacted by the authority of the same.* That all water mains of less diameter than 12 inches which are now in use on any avenue, street or alley, in that part of the City of Pittsburgh, bounded by the Allegheny and Monongahela rivers, Grant, New Grant, Liberty and Eleventh streets, known as the "Congested District," be supplanted or reinforced with new water mains so that in either event all of such avenues, streets or alleys will have a water supply equal in volume or quantity to what would be delivered by a main 12 inches in diameter.

Section 2. The Director of the Department of Public Works is hereby authorized, empowered and directed to make the following changes and improvements for the better supply and distribution of water, it being intended that the word "main" whenever and wherever used in the following sections, shall mean "water main."

Section 3. On Fort street between Penn avenue and Duquesne way, lay a 10-inch main, connecting same direct with the largest main on Penn avenue, and also with the largest main on Duquesne way; also cross connecting said 10-inch main with the 6-inch main on said Fort street, at not less than two points, with 10-inch cross connecting pipe.

Section 4. On First street, between Penn avenue and Duquesne way, lay a 10-inch main, connecting same direct with the largest main on Penn avenue, and also with the largest main on Duquesne way; also connecting the said 10-inch main with the existing 6-inch main on said First street at not less than two points, with 10-inch cross connecting pipe.

AN ORDINANCE—Authorizing the widening and opening of Virgin alley, from Liberty avenue to Smithfield street and the assessment of damages caused by the grade of the same.

Whereas, It appears by the petition and affidavit on file in the office of the City Clerks that a majority of property owners in interest and number abutting upon the line of Virgin alley, from Liberty avenue to Smithfield street, have petitioned the Councils of the City of Pittsburgh to enact an ordinance for the widening and opening of the same to the width of forty-four (44) feet, the additional width to be taken from the property on the northerly side of said alley. Therefore

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled and it is hereby ordained and enacted by the authority of the same That, Virgin alley, from Liberty avenue to Smithfield street be widened and opened to a width of forty-four (44) feet, the property required for that purpose, namely an additional width of twenty-four (24) feet throughout to be taken from the property on the present northerly side of said alley.*

Section 2. The Department of Public Works is hereby authorized and directed to cause to be surveyed, widened and opened to a width of forty-four (44) feet

said Virgin alley, from Liberty avenue to Smithfield street, the additional width of twenty-four (24) feet to be taken from the property on the northerly side of said alley.

Section 3. The damages caused thereby and the damages caused by the grade thereof and the benefits to pay the same to be assessed against and collected from properties specially benefited in accordance with the provisions of the Acts of Assembly of the Commonwealth of Pennsylvania relating thereto and regulating the same.

Section 4. That any ordinance or part of ordinance conflicting with the provisions of this ordinance, be and the same is hereby repealed, so far as the same affects this ordinance.

No. 347.

AN ORDINANCE—Granting unto the Pennsylvania Railroad Company, its successors, lessees and assigns, in the construction, maintenance and use of a branch running from its main line near Fifth avenue to the Western Pennsylvania Railroad, the right to cross Hamilton avenue, Kelly street, Frankstown avenue and Lincoln avenue by overhead bridges, to pass underneath Larimer avenue, and to build a bridge to carry Larimer avenue over said branch.

Whereas, The Pennsylvania Railroad Company is about to construct a branch from its main line to the Western Pennsylvania Railroad, of the general character and in the general direction set out in the blue print marked "Plan A," here-to attached, and made part hereof, the route whereof will be substantially as follows:

Beginning at a point in the main line of the Pennsylvania Railroad, where it crosses Fifth avenue; thence by a curve to the northeastward crossing over Hamilton avenue and Kelly street to a point in Frankstown avenue about sixty (60) feet west of Linden avenue; also beginning in the main line of the Pennsylvania Railroad at the point where the same crosses over Dallas avenue; thence curving to the northwestward and crossing over Hamilton avenue and Kelly street and connecting with the curve first above described; thence by a tangent across Frankstown avenue to a point about thirteen hundred (1,300) feet north of the same, where the line will curve to the westward to a point near Tennis street; thence by a tangent in a northerly direction nearly parallel with Beechwood avenue to a point about three hundred (300) feet south of Larimer avenue; thence curving to the eastward passing under Larimer avenue to a point about three hundred (300) feet north of the same; thence by a tangent nearly parallel with Beechwood avenue to a point about eleven hundred (1,100) feet south of the

Allegheny Valley Railroad; thence curving to the west and extending northwardly to and across the Allegheny river; also beginning at the said point about eleven hundred (1,100) feet south of the Allegheny Valley Railroad and curving eastwardly to a connection with the said Allegheny Valley Railroad about two thousand (2,000) feet east of Brilliant Pumping Station; together with a "Y" connection between said two lines last hereinbefore described near their junction in the vicinity of the Brilliant Pumping Station, all as shown on said blue print marked "Plan A."

And, Whereas, The construction of said branch will necessitate the use and occupation by said Railroad Company of certain of the park and other property of said City, which use and occupation are to be defined and fixed by an agreement to be entered into between said City and said Railroad Company, in accordance with the law in such cases made and provided; and will also necessitate the vacation by proper ordinances to be enacted by said city of the following streets and highways to the following extent:

(1). Vacation of Linden avenue, from Hamilton avenue to the right of way of the Pennsylvania Railroad Company.

(2). Vacation of Formosa alley, from Linden avenue for a distance of one hundred and forty-six (146) feet westwardly therefrom.

(3). Vacation of Linden avenue, from a point one hundred and forty (140) feet north from Frankstown avenue to the northern end of Linden avenue, a distance of seven hundred and fifty (750) feet northwardly therefrom.

(4). Vacation of Angle alley, from the north line of Lincoln avenue northwardly to the northern line of lot No. 103 in George Finley's addition plan in the Twenty-first ward, approved December 11, 1893.

(5). Vacation between Angle alley and a point eighty (80) feet east thereof, of an unnamed alley which runs from Tennis street to Angle alley, about one hundred and forty (140) feet north of Lincoln avenue.

(6). Vacation of Kirker alley, from Tennis street to Angle alley.

(7). Vacation of Tennis street, from a point two hundred and thirty (230) feet north from Lincoln avenue for a distance of about four hundred and fifty (450) feet to the northern terminus of the street.

(8). Vacation of Daggy alley, from Tennis street to Lyric street.

(9). Vacation of Lyric street, from Montezuma street northwardly to the eastern line of property of the East End Gas Company.

(10). Vacation of Odessa alley, from a point four hundred and sixty (460) feet north from Montezuma street for a distance of about three hundred and ten (310) feet to the eastern line of property of the East End Gas Company.

(11). Vacation of Rowan avenue, from Park avenue to the eastern line of property of Alexander King estate.

And Whereas, The construction of said branch will also necessitate some depression of the present grade on the ground of Hamilton avenue and the City of Pittsburgh. In order to secure a better grade on Hamilton avenue, intends to depress the said present grade thereof as follows:

Beginning at the westerly curb line of Dallas avenue at the present elevation of two hundred and nine one-hundredths (200.09) feet (City datum), ascending by a two (2) per cent. grade to the easterly curb line of Linden avenue at an elevation of two hundred and ten and sixty-nine one hundredths (210.69) feet (City datum); thence level across Linden avenue to the westerly curb line; thence descending by one and one-hundredths (1.01) per cent. grade to the easterly curb line of Fifth avenue at its present elevation of two hundred and four and eight one-hundredths (204.08) feet (City datum).

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled and it is hereby ordained and enacted by the authority of the same,* That on the terms and conditions hereinafter set forth the right be and is hereby granted unto the said the Pennsylvania Railroad Company, its successors, lessees and assigns, in the construction, maintenance and use of the said branch above recited, to construct, maintain and use over Hamilton avenue, Kelly street, Frankstown avenue and Lincoln avenue, iron or steel bridges supported by masonry abutments, located within the property lines of said Railroad Company, as follows:

(1). Two (2) bridges over Hamilton avenue, at a clearance of not less than thirteen feet over the proposed and above recited new grade of said Hamilton avenue.

(2). A bridge over Kelly street at a clearance of not less than thirteen (13) feet over the present grade of said Kelly street.

(3). A bridge over Frankstown avenue at a clearance of not less than thirteen (13) feet over the present grade of said Frankstown avenue.

(4). A bridge over Lincoln avenue, at a clearance of not less than fourteen (14) feet over the grade of Lincoln avenue, as now being constructed by the City of Pittsburgh.

Also to construct, maintain and use said branch underneath Larimer avenue, as per attached plan, and for such purpose to build an iron or steel bridge to carry Larimer avenue at the present grade thereof over said branch, said last named bridge to be located east of the easterly end of the present Larimer avenue bridge.

Section 2. The rights hereinbefore granted are granted upon and subject to the following terms and conditions:

(1). That in all cases where the City of Pittsburgh shall desire hereafter to open or extend any street, streets or highways across the right of way or tracks of said branch railroad, a bridge or passage way shall be constructed (in

accordance with plans and specifications approved by the Department of Public Works) either below or above the grade of said branch railroad, and the said railroad company shall pay one-half of the expense of constructing and maintaining the same within the lines of the said railroad company's right of way, or property.

(2). Said Railroad Company shall pay the cost of the labor and materials necessary for depressing Hamilton avenue, as hereinbefore recited and for repaving said Hamilton avenue on said new grade between said recited points of depression.

(3). Said Railroad Company shall, at its own expense, maintain said bridges over Hamilton avenue, Kelly street, Frankstown avenue and Lincoln avenue, and said bridge to be built by said Railroad Company to carry Larimer avenue over said branch, and shall also maintain any bridges which may hereafter be constructed, as aforesaid, below the grade of said branch railroad within its right of way.

Section 3. The bridges mentioned in this ordinance shall be closely floored in such manner as to prevent the falling through the same of water or any substance or filth into the streets below.

Section 4. That in the construction of said road, the said Railroad Company shall construct such drains, culverts, water courses and passage ways through or under said road, as the Department of Public Works may require, and in accordance with the plans and specifications prepared by the City Engineer, and any relocating or lowering of any sewer, or water lines made necessary by the construction of said road, or the changing of the grade of any streets or highways provided for in this ordinance shall be done by and at the expense of the said Railroad Company, and in a manner satisfactory to the Department of Public Works.

Section 5. That said Company shall, within ninety (90) days after the passage and approval by the Recorder of this ordinance, file with the City Controller a duly certified copy of a resolution passed by the Board of Directors of said Company, accepting and agreeing to this ordinance, in all its provisions and stipulations, and in case of failure so to do, this ordinance shall be void and of no effect.

Section 6. For a violation of any of the provisions of this ordinance, the said Company, or its employees responsible therefor, will be subject to a penalty of \$50 for each and every offense, and in case of a continuing offense, to a penalty of \$50 for each day the same may continue, to be recovered according to law.

Section 7. That all damages resulting from the change of grade of any street, or streets, or public highway, or any portion thereof, or by reason of the vacation of any street, streets or public highway, or any portion thereof, under the provisions of this ordinance, shall be assumed and paid by the said Railroad Company.

Section 8. In consideration of the rights, privileges and franchises granted to said Railroad Company by this ordinance the said Railroad Company shall pay to the City of Pittsburgh such reasonable compensation or tax therefor, or for the exercise thereof, as shall or may be duly fixed by a general ordinance applying to all railroad companies.

Section 9. That any ordinance or part of ordinance, conflicting with the provisions of this ordinance, be and the same is hereby repealed, so far as the same affects this ordinance.

No. 348.

A N ORDINANCE—To authorize and direct the proper officers of the City of Pittsburgh, in the name and on behalf of said City, to enter into and execute an agreement with the Pennsylvania Railroad Company defining and fixing the manner, terms and conditions upon which certain of the Highland Park and adjoining property of said City may be used and occupied by said Railroad Company in the construction, maintenance and use of a branch of its railroad running from its main line to the Western Pennsylvania Railroad and connecting with the Allegheny Valley Railroad, providing therein for an exchange of properties between said City and said Railroad Company.

SECTION 1. Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same. That the proper officers of the said City be and they are hereby authorized and directed in the name and on behalf of said City of Pittsburgh to enter into and execute an agreement with the Pennsylvania Railroad Company in the following form, to-wit:

CONTRACT.

This agreement made this

day of 190 , between the City of Pittsburgh, hereinafter designated "City," first party, and the Pennsylvania Railroad Company, hereinafter designated "Railroad Company," second party, witnesseth:

Whereas, Said Railroad Company is about to construct a branch from its main line to the Western Pennsylvania Railroad and connecting with the Allegheny Valley Railroad, and the construction thereof will necessitate the use and occupation by said Railroad Company of certain of the Highland Park and adjoining property of said City, and the general location and direction of the center line of said branch and its connections where the same pass through said park and adjoining property of said City are set out in the blue print marked "Plan A" hereto attached and made part hereof:

NOW THIS AGREEMENT WITNESSETH AS FOLLOWS:

Said City hereby assents and agrees that said Railroad Company, its successors, lessees and assigns, in the construction, maintenance and use of said branch and connections may use and occupy a strip of land through said park and adjoining property of said City, marked on the said "Plan A," along the center line of said branch and connections for a width of sixty-six (66) feet (that is thirty-three (33) feet on each side of said center line), together with the right to occupy and use for slopes and fills so much additional adjoining land as may be required to maintain the said strip of land of its full width of sixty-six (66) feet at the elevation of the railroad to be constructed thereon, and also such portions of said park and adjoining property of said City as are bounded by the Allegheny Valley Railroad, the said branch railroad and the connection thereof with the Allegheny Valley Railroad; and said City hereby covenants and agrees with said Railroad Company by deed to convey in fee simple unto said Railroad Company as soon as said branch and connections are constructed and in operation the said strip sixty-six (66) feet wide, of and through said park and adjoining property of said City (that is thirty-three (33) feet on each side of said center line), together with the right to occupy and use for slopes and fills so much additional adjoining land as may be required to maintain the said strip of land of its full width of sixty-six (66) feet at an elevation of the railroad, to be constructed thereon, and also such portions of said park and adjoining property of said City as are bounded by the Allegheny Valley Railroad, the said branch railroad and the connection thereof with the Allegheny Valley Railroad.

In consideration thereof, said Railroad Company covenants and agrees with the said City, by proper deed, to convey, or cause to be conveyed, unto the said City, at or before the execution of this contract, the following described property, free and clear of all incumbrances:

All that tract of land described in deed from the German Roman Catholic St. Joseph's Orphan Asylum of Allegheny county to John Leech, dated July 22nd, 1882, recorded in Deed Book vol. 443, page 551, containing as per said deed 76 acres, 158.38 perches, subject to roads and rights of way as in said deed mentioned, also to rights of way for gas pipe lines granted by said John Leech to the Chartiers Valley Gas Company September 13th, 1887, and to the Philadelphia Company, November 21st, 1888.

Excepting and reserving therefrom and inereout for said branch railroad a strip through said land sixty-six (66) feet wide, (that is, thirty-three (33) feet on each side of said center line), together with the right to occupy and use for slopes and fills so much additional adjoining land as may be required to maintain the said strip of land of its full width of sixty-six (66) feet at the elevation of the railroad to be constructed thereon.

Also, all that tract of land, situate in the Twenty-first ward of the City of Pittsburgh, Pennsylvania, containing nineteen acres, five perches, (19 acres 5 perches), more or less, bounded by land of Standard Oil Company on the north, by land of John Leech on the west, by lands of McCune and German Lutheran cemetery on the south, and by land of Schoenberger on the east.

In testimony whereof, said City of Pittsburgh has hereunto caused its corporate seal to be hereunto affixed, attested by the signatures of the proper officers of said City, and the said the Pennsylvania Railroad Company has caused its corporate seal to be hereunto affixed, attested by the signatures of its proper officers, the day and year first above written.

This contract being executed for and on behalf of said City under and pursuant to an ordinance of said city entitled (Here to be inserted the title, dates of enactment and approval, and place of record of the ordinance); and being executed for and on behalf of the said the Pennsylvania Railroad Company under and pursuant to a resolution duly adopted by its Board of Directors."

Section 2. That any ordinance or part of ordinance, conflicting with the provisions of this ordinance, be and the same is hereby repealed, so far as the same affects this ordinance.

AN ORDINANCE—Granting certain rights, privileges and franchises to the Pittsburgh, Carnegie & Western Railroad Company, its lessees, successors and assigns.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled and it is hereby ordained and enacted by the authority of the same, That the consent of the City of Pittsburgh is hereby given to the Pittsburgh Carnegie & Western Railroad Company, its lessees, successors and assigns, to build, construct, maintain and operate a double track railroad, with such stations, terminals, switches, turn-outs, sidings and connections as may from time to time be necessary for the convenient transaction of business over and upon the following routes: The construction to be of the general character and in the general direction shown in plan and elevation on blue prints, marked "Exhibits A, B, and C," which is hereby made a part of this ordinance: Provided, however, that the lowest part of the structure of said Pittsburgh, Carnegie & Western Railroad at Duquesne way shall not be lower than (756) feet, tide elevation, viz.:*

(1st. From a point at the corner of Liberty avenue and Ferry street to a point on the City line in the Thirty-fifth ward, Pittsburgh (substantially as shown on Exhibit "A"), which from Liberty avenue to the tunnel portion shall be elevated.

(2nd. From a point on the north side of Second avenue about 80 feet west of Ferry street to a point of low water in the Allegheny river about 75 feet east of Fourth street, as shown on Exhibit "A," which structure shall be elevated and shall be constructed by said railroad in the manner as hereinafter provided for the construction of elevated structures constituting part of its railroad, and be supported by columns set one foot from the curb lines on Liberty avenue and Duquesne way; and also upon the Allegheny river wharf on each side and substantially at the line of any right of way now or hereafter granted to any other railroad company on said wharf, so as to provide for proper crossings of such right of way and any structures erected thereon.)

(3d. Commencing on the main line near Carson street; thence by a curve into West Carson street to its center line; thence along the center line of West Carson street and Carson street to a point near the line of land formerly of the Robinson-Rea Company, now owned by the Pittsburgh, Carnegie & Western Railroad Company; thence curving into and through said property and other property of said Railroad Company crossing the Pittsburgh & Lake Erie Railroad and passing under the bridge of the Pittsburgh, Cincinnati, Chicago & St. Louis Railroad to the north side of the Pittsburgh & Lake Erie Railroad to the bank of the Monongahela river parallel with said Pittsburgh & Lake Erie Railroad to a point of connection with the Monongahela Connecting Railroad and about 100 feet east of South Twenty-fifth street, as shown on Exhibit "B," which is made part of this ordinance.)

(4th. Beginning on main line in the Thirty-second ward at Station 69-82; thence in an easterly direction along the valley of Saw Mill Run, crossing Grace street, Vale street, Reed street and Weinman street to the city line at the center of Washington avenue at a point 49 34-100 feet south of the south line of Boggs avenue, as shown on Exhibit "C," which is made a part of this ordinance.)

Section 2. The said Company shall not in running trains or locomotives within the limits of the City adopt or permit a greater speed than four miles an hour where grade crossings exist.

Section 3. Said Company shall at all times hereafter be subject to such rules, regulations and ordinances as may be passed and prescribed by the City of Pittsburgh as may be found necessary for the protection to persons and property of the citizens.

Section 4. The said Company shall construct such passageways and water courses as the Department of Public Works requires in the construction of said road.

Section 5. That in the construction of their roadway where the same shall cross streets, the said company, where the roadway is above or below the roadway of said streets shall construct bridges over and across said streets to a span equal to the full width of said streets and sidewalks; provided, however, that said railroad company shall have the right to construct and maintain columns and supports for overhead bridges and crossings one foot from the curb lines of streets crossed by its road (subject to the approval of the Director of the Department of Public Works as to position and construction) where said railroad company owns the property on both sides of the streets at the points of crossings; and provided, further, that said railroad company shall have the right to construct and maintain columns under like conditions at its crossing of Duquesne way. That in the construction of said bridges and crossings where the same cross Water street, First, Second, Third, Fourth, Liberty and Penn avenues and Duquesne way and the alleys intervening said streets and avenues, the supports of the bridges of crossing shall be located within the property lines of said railroad company and the spans of said bridges or crossings shall be of the full width of the avenues, streets and alleys, except as in this section otherwise provided in case of ownership by said company of property on both sides of said streets, avenues and alleys.

That wherever the crossings shall be over a street, it shall be by good and substantial stone or steel bridge with clear height of not less than 14 feet, and be closely floored in such manner as to prevent the falling of any substances, filth or water into the streets below. Where it becomes necessary to a proper crossing to change the location or grade on any such streets, alleys, lanes, highways, etc., such changes shall be authorized by ordinance, and the whole cost thereof lawfully awarded shall be paid by the said railroad company. Where the railroad of said railroad company consists of an elevated structure, and is operated as an elevated railroad, the construction shall be of steel, supported by columns set one foot from the curb lines of the streets traversed by said elevated structure whose construction and height above the streets shall be as hereinbefore provided in case of crossings.)

Section 6. The construction of the railroad and its appliances shall be under the supervision and inspection of the Director of the Department of Public Works, whose duty it shall be to control the construction thereof so that it shall conform to the location and plan thereof, as approved by Councils, as provided in Section 1 hereof. That all questions in dispute arising between said Railroad Company and the Director of Public Works, in reference to doing the work, shall be submitted to the (Joint Standing) Committee on Public Works, whose decision shall be final and conclusive.

Section 7. That any property of the city taken and used by said Company shall be paid for in like manner as similar property of private persons.

Section 8. For a violation of any of the provisions of this ordinance, the said Company, or its employees responsible therefor, will be subject to a penalty of \$50 for each and every offense and in case of a continuing offense, to a penalty of \$50 for each day the same may continue, to be recovered according to law.

Section 9. The City shall be indemnified, saved and kept harmless from all costs and damages arising from any matter or thing caused by the construction and operation of the railroad of said Railroad Company.

Section 10. In consideration of the rights, privileges and franchises granted to said Railroad Company by this ordinance, the said Railroad Company shall pay to the City of Pittsburgh such reasonable compensation or tax therefor, or for the exercise thereof, as shall or may be duly fixed by a general ordinance applying to all railroad companies.

Section 11. That said Company shall within ninety (90) days after the passage and approval by the Recorder of this ordinance, file with the City Controller a duly certified copy of a resolution passed by the Board of Directors of said Company, accepting and agreeing to this ordinance, in all its provisions and stipulations, and in case of failure so to do, this ordinance shall be void and of no effect.

Section 12. That any ordinance or part of ordinance conflicting with the provisions of this ordinance be and the same is hereby repealed so far as the same affects this ordinance.

No. 351.

AN ORDINANCE—Authorizing, empowering and directing the City Recorder to execute and deliver in the name of the City of Pittsburgh a deed in fee simple for certain property situate at the corner of Nineteenth and Mary streets, in the City of Pittsburgh, and to transfer to the Treasurer of the Board of Trustees of the Carnegie Library of Pittsburgh all moneys and securities received as consideration therefor.

Whereas, At a meeting of the Board of Trustees of the Carnegie Library of Pittsburgh, held on December 19th, 1902, the following preamble and resolution were presented and adopted:

"Whereas, The Board of Trustees of the Carnegie Library of Pittsburgh on May 10th, 1895, purchased from William Schuette and wife, for the sum of twenty thousand dollars (\$20,000) for the purpose of erecting thereon a branch library building, a lot or piece of ground situate in the Twenty-sixth ward of said city of Pittsburgh, and bounded and described as follows, viz.: Beginning at the north-easterly corner, formed by the intersection of Nineteenth and Mary streets; thence extending along said Mary street, one hundred and twenty-eight feet, and in depth along said Nineteenth street, one hundred and twenty feet, preserving the same width of one hundred and twenty-eight feet to Harcum's alley;

And whereas, though the title to said piece of ground is vested in the City of Pittsburgh, the money for its purchase was part of a building fund provided by Mr. Andrew Carnegie, and placed under the control of said Board of Trustees;

And whereas, it is deemed by said Board of Trustees inadvisable to erect on said ground, a branch library building as contemplated;

And whereas, an offer has been made to purchase said piece of ground for the sum of twenty thousand three hundred fifty dollars (\$20,350) in manner following: Three hundred fifty dollars (\$350) to be paid to George A. Jones, a real estate agent, as his commission; five thousand dollars (\$5,000) in cash to be paid on February 11th, 1903; and a mortgage for fifteen thousand dollars (\$15,000) payable in three equal annual installments of five thousand dollars (\$5,000) each, with interest at five per cent., to be given by the purchasers for the balance.

Now, therefore, Resolved by the Board of Trustees of the Carnegie Library of Pittsburgh, that the Councils of the City of Pittsburgh be requested to direct the proper officials to execute a deed for said property to the purchasers and pay to the Treasurer of said Board the sum of five thousand three hundred fifty dollars (\$5,350) when such amount is obtained from purchasers and assign to said Board the mortgage for fifteen thousand dollars (\$15,000) when executed."

Now, therefore:

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common*

Councils assembled and it is hereby ordained and enacted by the authority of the same, That the City Recorder is hereby authorized, empowered and directed to make, execute and deliver to the proposed purchaser or purchasers of the above described property for the consideration above designated, to wit: the sum of twenty thousand three hundred fifty (\$20,350) dollars, a deed in fee simple for the above described real estate, and to accept in payment therefor the sum of five thousand three hundred fifty dollars (\$5,350) cash and a bond and mortgage for the sum of fifteen thousand dollars (\$15,000), payable in three equal annual installments, with interest at 5 per cent. per annum, in accordance with the foregoing preambles and resolution.

Section 2. Upon the execution and delivery of said deed and the receipt of said money and bond and mortgage, the City Recorder is hereby authorized, empowered and directed to pay over said money to the Treasurer of the Board of Trustees of the Carnegie Library, of Pittsburgh, and to assign of record to the said Treasurer the said bond and mortgage and all moneys secured thereby, the same to be held by him in trust for the said Board of Trustees of the Carnegie Library of Pittsburgh.

Section 3. That any ordinance or part of ordinance conflicting with the provisions of this ordinance be and the same is hereby repealed so far as the same affects this ordinance.

No. 357.

A N ORDINANCE—Providing for the making of a contract between the City of Pittsburgh, Pa., and the Security Investment Company, of Pittsburgh, Pa., by the terms of which the said company is to be allowed to lay and maintain a water pipe system in the Wilkins Place Plan, Twenty-second ward, City of Pittsburgh, furnish the necessary water supply thereto and collect the water rents therefrom, and providing further for the transfer of said pipe line system to the City, together with all rights and privileges connected therewith.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That the City Recorder and the Director of the Department of Public Works shall be and are hereby authorized and directed to enter into a contract with the Security Investment Company, of Pittsburgh, Pa., by which the said Security*

Investment Company, or its assigns, will be allowed to lay and maintain a water pipe system in the Wilkins Place Plan of Lots, Twenty-second ward, Pittsburgh, Pa., furnish the necessary water supply thereto and collect the water rents therefrom, the said water pipe system to be laid in accordance with the requirements of the City of Pittsburgh for such work, and the total cost of same shall not exceed the sum of six thousand dollars (\$6,000.00), and providing further that the City of Pittsburgh, Pa., shall have the right, upon notice, to purchase all of the said pipe line system and appurtenances thereof, which may be laid under and by virtue of this Ordinance, together with all rights and privileges connected therewith, for a sum not to exceed the actual cost of said work, the purchase price, in no event to exceed the sum of six thousand dollars (\$6,000.00), without interest, the contract to be entered into to be in accordance with an Act of Assembly entitled, "An Act for the government of cities of the second class," approved the 7th day of March, A. D. 1901, and the different supplements and amendments thereto, and the Ordinances of Councils in such cases made and provided.

Section 2. The said Security Investment Company, or its assigns, upon obtaining the proper permit from the City of Pittsburgh, shall have the right to open up the necessary streets, lanes and alleys in said plan of lots for the purpose of laying, maintaining and repairing of said lines, and making all necessary street and house connections, and shall have the right to enforce all such rules and regulations governing the supply of water to consumers as may be reasonably necessary to control such supply, such rules, in so far as the same may be expedient, to conform to the rules and regulations of the City of Pittsburgh pertaining to its water supply.

Section 3. The said Security Investment Company, upon the opening or tearing up of any street or alley, for any of the purposes above mentioned, shall immediately after the completion of its work thereat replace said street or alley in the same or as good condition as it was before said opening, and the same shall be done to the satisfaction of the Superintendent of the Bureau of Highways and Sewers.

Section 4. This Ordinance shall not be construed or understood as waiving any right or privilege the City of Pittsburgh may now or hereafter have to lay water pipe and supply water and collect water rents for such supply in the territory herein mentioned. On the contrary, the City reserves such right, power or privilege, and this reservation shall be inserted in said proposed contract and made one of the conditions or provisions thereof.

Section 5. It is deemed advisable for the City to enter into the proposed contract for the reason that the territory to be supplied is located at a considerable distance from the nearest point on the City supply system, and cannot therefore be supplied therefrom.

Estimate for laying of pipe line in Wilkins Place Plan:

3,300 feet of 6-inch and 8-inch pipe, with all fixtures, laid complete, at \$1.60 per foot \$5,280.00
